Politically Incorrect:

Politically Incorrect Guide to the Constitution Kevin Gutzman, 2007-06-11 The Constitution of the United States created a representative republic marked by federalism and the separation of powers Yet numerous federal judges led by the Supreme Court have used the Constitution as a blank check to substitute their own views on hot button issues such as abortion capital punishment and same-sex marriage for perfectly constitutional laws enacted by We the People through our elected representatives Now The Politically Incorrect Guide to the Constitution shows that there is very little relationship between the Constitution as ratified by the thirteen original states more than two centuries ago and the constitutional law imposed upon us since then Instead of the system of state level decision makers and elected officials the Constitution was intended to create judges have given us a highly centralized system in which bureaucrats and appointed not elected officials make most of the important policies In The Politically Incorrect Guide to the Constitution Professor Kevin Gutzman explains how the Constitution Was understood by the founders who wrote it and the people who ratified it Follows the Supreme Court as it uses the fig leaf of the Constitution to cover its naked usurpation of the rights and powers the Constitution explicitly reserves to the states and to the people Slid from the Constitution's republican federal government with its very limited powers to an un-republican judgeocracy with limitless powers How the Fourteenth Amendment has been twisted to use the Bill of Rights as a check on state power instead of on federal power as originally intended The radical inconsistency between constitutional law and the rule of law Contends that the judges who receive the most attention in history books are celebrated for acting against the Constitution rather than for it As Professor Gutzman shows constitutional law is supposed to apply the Constitution's plain meaning to prevent judges presidents and congresses from overstepping their authority If we want to return to the founding fathers vision of the Republic if we want the Constitution enforced in the way it was explained to the people at the time of its ratification then we have to overcome the received wisdom about what constitutional law is The Politically Incorrect Guide to the Constitution is an important step in that direction *The Politically Incorrect Guide to Socialism* Kevin Williamson, 2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature **The Politically Incorrect Wife** Connie Grigsby, Nancy Cobb, 2009-10-07 Just what is a politically incorrect wife She is a woman who is married to her husband and not to popular American culture The politically incorrect wife does not buy into the stifling modern day thinking that says Look out for number one Treat your husband no better than he treats you Instead she cultivates a joyful marriage using transformational spiritual principles As formerly politically correct wives with miserable marriages popular speakers and authors Nancy Cobb and Connie Grigsby lead readers confidently beyond the picket lines of the politically correct into a warm rewarding marriage **The Politically Incorrect Success System** Larry Winget, 2020-04-03 The cancer of political correctness has not only helped to form a society of insincere oversensitive and

under achieving people it has deprived individuals from the joy of living authentically and boldly Well living authentically and boldly has never been a problem for Larry Winget Known as the Pitbull of Personal Development Larry is not afraid to tell it like it is about what it takes to be successful And he s also not afraid of skewering some of those well known shibboleths of personal development like The Law of Attraction and the path of effortless success that are peddled by so many motivational speakers In this book Larry will take on the political correctness that has infected our society and the personal development industry He ll outline an effective back to the basics approach to help YOU be more successful Larry still believes that hard work and excellence are the keys to success and communicates that like no other person on the planet can Larry makes you think He makes you uncomfortable He offers common sense solutions that are impossible to argue with On top of all that he is hilarious Learn Why being politically correct will leave you unhappy uninspired and unsure about your future Why it takes a contrarian approach to be successful and true to yourself in this upside down politically correct world Why you need to fix yourself first rather than putting your focus on how to fix others or society Why letting go of your need for approval is essential to happiness How to get to the point and ask for what you want in life directly and decisively How to make big bold and brash plans for your life The biggest problem preventing entrepreneurs from being successful in business in our modern world How getting rid of politically correct excuses about money can save you financially *The Politically Incorrect Guide to the Presidents* Steven F. Hayward,2012-02-13 Argues that the United States presidents of the past hundred years have actively sought to undermine the Constitution and their constitutional responsibilities and analyzes each presidency based on their adherence to the Constitution *The Politically Incorrect Guide to Islam (And the Crusades)* Robert Spencer,2005-07-01 Presents a critical analysis of the differences between Christianity and Islam and maintains that Islam contains a political agenda which endorses violence and aggression against non Muslims *The Politically Incorrect Guide to the Founding Fathers* Brion McClanahan,2009-06-30 Argues that such figures as George Washington Thomas Jefferson and Ben Franklin laid the foundations of American civil liberty and had a better understanding of problems facing Americans today than the current U S Congress ***The Politically Incorrect Guide to the Great Depression and the New Deal*** Robert Murphy,2009-03-31 Provides irrefutable evidence that not only did government interference with the market cause the Great Depression and our current economic collapse but Herbert Hoover s and Franklin Delano Roosevelt s big government policies afterwards made it much longer and much worse From publisher description *Politically Incorrect Guide to Real American Heroes* Brion McClanahan,2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America s past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book *The Politically*

Incorrect Guide to Real American Heroes author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The Politically Incorrect Guide to Real American Heroes not only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it **Summary of Marc Morano's**
