Harris,1858 **The Ohio Cultivator** ,1858 **The Season-Ticket** Thomas Chandler Haliburton,1973-12-15 The Season Ticket published in 1860 is made up of a series of articles previously contributed during 1859 and 1860 to the Dublin University Magazine Its quality of interest lies in its major purpose the programme of a thorough going British imperialist who advocates a three fold policy for developing intercommunication between the motherland and the colonies In this work Haliburton proposed that Great Britain subsidize transatlantic steamers between its ports and the colonies complete the Intercolonial Railway and continue it to Lake Superior and provide a safe easy and expeditious route to Fraser s River on the Pacific Haliburton further argues for the substitution of a permanent colonial council of appointees from the colonies in place of the Colonial Office and he raises the possibility of colonial representation in the British parliament **Grain World** ,1921 Rising Water Polly S. Cote,2022-08-01 We have followed Cate through her life of trials and tribulations happy events and sad ones since her first diary was written in 1863 when she was twenty two years old She kept a record of everything that happened to herself her family and friends her constant cooking housework moves they made trip they took marriages births and deaths Her life was the oxcart whale oil lamps and the horsedrawn carriage Cate s life is different in Milford no longer living on the farm with Zaph gone all the time After many moves they eventually settled into the Gilson house along the Souhegan River where Cate keeps track of the rising water at the stone bridge New inventions are now coming along and grandchildren are visiting still as her family grows there is the neverending cooking cleaning and Monday wash day as she takes care of four grown men Cate still finds time to write of the day s happenings in her beloved diary no matter how tired she is at night Join Cate as she continues on with her life from 1885 to 1899 and her faith in God that sustains her through this arduous journey All of this work is beginning to take its toll on her life that when she was young seemed like child s play The prayer meeting is a barometer of how the Church is doing Assistant Pastor Bob Sundstrom Burns Hill Christian Fellowship Milford New Hampshire Some Descendants of John Thomas of Jamestown, Rhode Island Hollis A. Thomas, MD,2013-01-24 In 1636 Roger Williams recently banished from the Massachusetts Bay Colony because of his religious beliefs established a settlement at the head of Narragansett Bay that he named Providence This small colony soon became a sanctuary for those seeking to escape religious persecution Within a few years a royal land patent and charter resulted in the formation of the

Colony of Rhode Island and Providence Plantations which incorporated Williams original settlement and espoused his tenets of freedom of religion and separation of church and state During the ensuing decades thousands of Baptists Quakers Jews and Huguenots relocated to Rhode Island from other New England colonies the British Islands and Europe in search of religious freedom One such individual John Thomas an immigrant from Wales made significant contributions to early settlements at Jamestown on Conanicut Island and at Wickford on the nearby mainland of Rhode Island He was the first town constable of Jamestown in 1679 and later owned hundreds of acres of land in the towns of North and South Kingstown This fully indexed work traces and sketches the lives of his descendants many of whom were at the forefront of the great American westward migration and represents the most comprehensive compilation of them to date It is the result of twenty years of extensive research and includes detailed information from military pension archives will and estate records agricultural data county histories and migration patterns that far exceeds the standard for genealogical works of this scope and magnitude It is important for us to remember those who helped shape our nation This work provides valuable information for those who are interested in this family and its evolution in America

Field Operations of the Division of Soils ,1909 [The Irish Homestead](#) ,1911 **The Diary of Elizabeth Drinker** Elaine Forman Crane,2011-10-11 The journal of Philadelphia Quaker Elizabeth Sandwith Drinker 1735 1807 is perhaps the single most significant personal record of eighteenth century life in America from a woman s perspective Drinker wrote in her diary nearly continuously between 1758 and 1807 from two years before her marriage to the night before her last illness The extraordinary span and sustained quality of the journal make it a rewarding document for a multitude of historical purposes One of the most prolific early American diarists her journal runs to thirty six manuscript volumes Elizabeth Drinker saw English colonies evolve into the American nation while Drinker herself changed from a young unmarried woman into a wife mother and grandmother Her journal entries touch on every contemporary subject political personal and familial Focusing on different stages of Drinker s personal development within the domestic context this abridged edition highlights four critical phases of her life cycle youth and courtship wife and mother middle age in years of crisis and grandmother and family elder There is little that escaped Elizabeth Drinker s quill and her diary is a delight not only for the information it contains but also for the way in which she conveys her world across the centuries
