Joardar,1984 **Prisoner of History** Madeleine M. Henry,1995-07-20 According to legend Aspasia of Miletus was a courtesan the teacher of Socrates and the political adviser of her lover Pericles Next to Sappho and Cleopatra she is the best known woman of the ancient Mediterranean Yet continued uncritical reception of her depiction in Attic comedy and naive acceptance of Plutarch's account of her in his Life of Pericles prevent us from understanding who she was and what her contributions to Greek thought may have been Madeleine Henry combines traditional philological and historical methods of analysis with feminist critical perspectives in order to trace the construction of Aspasia's biographical tradition from ancient times to the present Through her analysis of both literary and political evidence Henry determines the ways in which Aspasia has become an icon of the sexually attractive and politically influential female how this construction has prevented her from taking her rightful place as a contributor to the philosophical enterprise and how continued belief in this icon has helped sexualize all women's intellectual achievements This is the first work to study Aspasia's biographical tradition from ancient Greece to the present day *Catalogs of the Sophia Smith Collection, Women's History Archive, Smith College, Northampton, Massachusetts: Subject catalog* Sophia Smith Collection,1975 *A history of Indiana* Logan Esarey,1918

Sex, France, and Arab Men, 1962-1979 Todd Shepard,2018-01-08 The aftermath of Algeria's revolutionary war for independence coincided with the sexual revolution in France and in this book Todd Shepard argues that these two movements are inextricably linked Sex France and Arab Men is a history of how and why from the upheavals of French Algeria in 1962 through the 1970s highly sexualized claims about Arabs were omnipresent in important public French discussions both those that dealt with sex and those that spoke of Arabs Shepard explores how the so called sexual revolution took shape in a France profoundly influenced by the ongoing effects of the Algerian revolution Shepard's analysis of both events alongside one another provides a frame that renders visible the ways that the fight for sexual liberation usually explained as an American and European invention developed out of the worldwide anticolonial movement of the mid twentieth century *State Regulation of Prostitution in Nineteenth Century France* David Wright,1979 **The Picaresque** Giancarlo Maiorino,1996 Picaresque Tales parodic narratives relating the adventures of a rogue have been central to the development of Spanish literature since the time of Cervantes This text incorporates poststructuralist theory into a comprehensive treatment of such tales written during the Spanish Golden Age The essays in this volume examine such works as Lazarillo de Tormes Guzman de Alfarache and El buscon The contributors address the connection between literary representation and everyday life examining the context in which the Picaresque mode developed *The Evolution of Man and His Mind* Shobal Vail Clevenger,1903 **Thought Reform and China's Dangerous Classes** Aminda M. Smith,2013 This book offers the first detailed study of the essential relationship between thought reform and the dangerous classes The prostitutes beggars petty criminals and other lumpenproletarians the Communists saw as a threat to society and the revolution Aminda Smith takes readers inside early PRC reformatories where the new state endeavored to transform

vagrants into members of the laboring masses As places where the people were literally created these centers became testing grounds for rapidly changing ideas and experiments about thought reform and the subjects they produced Smit

Dark Paradise David T. COURTWRIGHT,2009-06-30 In a newly enlarged edition of this eye opening book David T Courtwright offers an original interpretation of a puzzling chapter in American social and medical history the dramatic change in the pattern of opiate addiction from respectable upper class matrons to lower class urban males often with a criminal record Challenging the prevailing view that the shift resulted from harsh new laws Courtwright shows that the crucial role was played by the medical rather than the legal profession Dark Paradise tells the story not only from the standpoint of legal and medical sources but also from the perspective of addicts themselves With the addition of a new introduction and two new chapters on heroin addiction and treatment since 1940 Courtwright has updated this compelling work of social history for the present crisis of the Drug War

Sex, Drugs, Death, and the Law David A. J. Richards,1986 Among the most commonly argued legal questions are those involving victimless crimes consensual adult sexual relations including homosexuality and prostitution the use of drugs and the right to die How can they be distinguished from proper crimes and how can we as citizens judge the complex moral and legal issues that such questions entail David Richards a teacher of law in the areas of constitutional and criminal law and a moral and legal philosopher concerned with the investigation of legal concepts applies an interdisciplinary approach to the question of overcriminalization he draws on legal and philosophical arguments and links the subject to history psychology social science

and literature To demonstrate how gross and unjust overcriminalization has developed Professor Richards explores basic assumptions that often underlie the common American sense of proper criminalization

The Rise of Pseudo-historical Fiction Horacio Chiong Rivero, 2004 Fray Antonio de Guevara 1482-1545 the most prolific writer of pseudo historical prose in sixteenth century Spain was named official chronicler by Emperor Charles V in 1526 Despite his title Guevara never wrote a conventional history A master of fictional semblance Guevara self fashioned his own literary personae or masks among them those of friar bishop chronicler courtier imperial counselor and court buffoon In his pseudo historical prose Guevara resoundingly uses the voices of both the novelist and the court buffoon entertaining the reader with humor wit satire and irony Artistically manipulating both classical and contemporary history Guevara innovatively creates a vast and labyrinthine web in which history and fiction form an inseparable hybrid a pseudo historical narrative that heralds the essay and the modern novel
