Prostitution An Illustrated Social History:

Prostitution Vern L. Bullough, Bonnie Bullough, 1978 From Bharata to India Manjul K. Agarwal, 2012-06-19

Continuing the narrative from Volume One of From Bharata to India this second volume spans the years from the Muslim conquests down to the present era The Volume begins by contrasting the stifling theocracy of the Abrahamic religions Judaism and Christianity and of Islam to the pristine ideation of compassion love and universal wellbeing inherent in the Vedic world The forced conversion of pagan peoples and their places of worship was consequently institutionalized by intolerance savagery barbarism cruelty and unparalleled brutality This cultural and religious Invasion shook the very foundations of the Vedic patrimony as the native Hindus adapted Alien lifestyles where Vedic values were repackaged as European and or Islamic Consequently the modern Indians began to despise what had once been their own legacy the Cradle of civilization and embraced imported modes of behavior The transformed native polity supported by foreign vested interests exploited their own country even more than the alien invaders As the Western world frees itself from the shackles of Middle Age conformism and depravity this second volume concludes that the eternal values of Vedic Bharata are to inspire the nascent Civilization of tomorrow Eastern introspection will replace then the Western tradition of a wholly other divinity

Alaska-Yukon Gold Rush Lael Morgan, 1999 Morgan offers an authentic and deliciously humorous account of the prostitutes and other disreputable women who were the earliest female pioneers of the Far North At the turn of the century tens of thousands of Americans left their homes escaping a worldwide depression ruthless heartbreakers Cad Wilson French Marie Larose who auctioned herself off as a wife to the highest bidder Edith Neile called the Oregon Mare famous for both her outlandish behavior her soft hearted generosity These good time girls crossed geographic social frontiers finding

freedom independence hardship heartbreak sometimes astonishing wealth They were an important part of this key chapter in the history of the West which holds a special place in the American imagination *Singlewomen in the European Past, 1250-1800* Judith M. Bennett, Amy M. Froide, 2013-02-01 When we think about the European past we tend to imagine villages towns and cities populated by conventional families married couples and their children Although most people did marry and pass many of their adult years in the company of a spouse this vision of a preindustrial Europe shaped by heterosexual marriage deceptively hides the well established fact that in some times and places as many as twenty five percent of women and men remained single throughout their lives Despite the significant number of never married lay women in medieval and early modern Europe the study of their role and position in that society has been largely neglected *Singlewomen in the European Past* opens up this group for further investigation It is not only the first book to highlight the important minority of women who never married but also the first to address the critical matter of differences among women from the perspective of marital status Essays by leading scholars among them Maryanne Kowaleski Margaret Hunt Ruth Mazo Karras Susan Mosher Stuard Roberta Krueger and Merry Wiesner deal with topics including the sexual and emotional relationships of singlewomen the economic issues and employment opportunities facing them the differences between the lives of widows and singlewomen the conflation of singlewomen and prostitutes and the problem of female slavery The chapters both illustrate the roles open to the singlewoman in the thirteenth through eighteenth centuries and raise new perspectives about the experiences of singlewomen in earlier times *Uneasy Access* Anita L. Allen, 1988 Anita L Allen breaks new ground A stunning indictment of women's status in contemporary society her book provides vital original scholarly research and insight's *NEW DIRECTIONS FOR WOMEN* *Feminine by Design* John D. Garr, 2013-05-23 Women are the product of divine design the exquisite creation that God fashioned with careful meticulous and loving care Understanding how and why God created woman enables both women and men to recognize the rightful contributions that God designed women to make for the welfare of humanity Despite millennia of misguided efforts by men to control and dominate them women were originally designed by God to be coequal with men and to have complete freedom to use any gift and to fulfill any role that he has given to them That design is still God's ideal for the God fashioned woman and includes the following subjects Designed to Be Feminine Designed for Beauty Designed for Purity and Modesty Designed for Sexual Fulfillment Designed for Nurture and Relationship Designed for Freedom Whatever your race ethnicity gender faith or social status this book and the other volumes in this series will literally set you free from misconceptions that have restricted the roles of women As you are reconnected with the Hebraic foundations of your faith you will clearly understand God's original design and purpose for women and you will begin to help remove obstacles that have kept women from assuming their God given roles in the family in society and especially in the community of faith *The Rise of Empires* Sangaralingam Ramesh, 2018-11-11 This book describes and evaluates how institutional innovation and technological innovation have impacted on humanity from pre

historical times to modern times and how societies have been transformed in history The author interrogates the relationship between innovation and civilisation particularly the dynamic whereby innovation leads to empire building and explores innovation efforts that stimulated economic and social synergies from the Babylonian Empire in 1900 BC up to the British Empire in the twentieth century The author uses historical cross cultural case studies to establish the factors which have given competitive advantages to societies and empires This book will be of interest to researchers and students in political economy economic history economic growth and innovation economics

Medieval Virginites Ruth Evans, Sarah Salih, Anke Bernau, 2003-01-01 The variety of subjects and disciplines represented here testify both to the elusiveness of virginity and to its lasting appeal and importance *Medieval Virginites* shows how virginity's inherent ambiguity highlights the problems contradictions and discontinuities lurking within medieval ideologies

Daughters of Joy, Sisters of Misery Anne M. Butler, 1987 They were called frail sisters fallen angels filles de Joie soiled doves queens of the night and whores They worked the seamy brothels saloons cribs streets and hog ranches of the American frontier They were the prostitutes of the post Civil War West *Daughters of Joy Sisters of Misery* details the destitute lives of these nearly anonymous women Anne Butler reveals who they were how they lived and worked and why they became an essential element in the development of the West's emerging institutions Her story bears little resemblance to the popular depictions of prostitutes in film and fiction Far removed from the glittering lives of dancehall girls these women lived at the borders of society and the brink of despair Poor and uneducated they faced a world where scarce jobs paltry wages and inflated prices made prostitution a likely if bitter choice of employment At best their daily lives were characterized by fierce economic competition and at worst by fatal violence in the hands of customers coworkers or themselves They were scorned and attacked by the legal military church and press establishments nevertheless as Butler shows these same institutions also used prostitutes as a means for maintaining their authority and as a lure for economic development *Daughters of Joy Sisters of Misery* is based on an enormous amount of research in more than twenty repositories in Wyoming Arizona Texas Colorado New Mexico and Kansas Using census lists police dockets jail registers military correspondence trial testimony inquests court martials newspapers post return and cemetery records Butler illuminates the dark corners of a dark profession and adds much to our knowledge of both western and women's history

Sexuality and Medicine E.E. Shelp, 2012-12-06 When confronted by the concerns of human sexual function or dysfunction American medicine finds itself well impaled on the horns of a dilemma Currently it is acceptable medical practice to treat sexual dysfunctions disorders or dissatisfactions that arise from psychogenic etiologies endocrine imbalances neurologic defects or are side effects of necessary medication regimes In addition implantation of penile prostheses in cases of organic impotence is an increasingly popular surgical procedure These clinical approaches to sexual inadequacies accepted by medicine since 1970 represent one horn of the dilemma The opposite horn pictures the medical profession firmly backed into a corner by cultural influences For example when hospital admissions occur a significant

portion of the routine medical history is the section on system review A few questions are asked about the cardio respiratory the genito urinary and the gastro intestinal systems But in a preponderance of hospitals no questions are permitted or if raised answers are not recorded about human sexual functioning Physicians tend to forget that they are victims of cultural imposition first and of professional training a distant second

Mastery of the Penis Swami Genesha Anajon, 2017-05-31 This book is for those who wish to extend their sexual abilities beyond the normal It provides you with training exercises and techniques to become a sexual master The author compiles a wide variety of sexual techniques gathered from ancient sexual traditions like Tantra Tao and modern experiments There are ancient secrets from numerous sexual traditions which will allow you to profoundly change the depth of your sensual experience You will learn techniques for exercising the penis controlling the penis controlling ejaculation and experiencing orgasm without full ejaculation The male recovery phrase after ejaculation limits sexual pleasure The obvious solution is to extend the capacity of the male by teaching him how to function in a multi orgasmic way If you follow the precepts exercises and instructions of this book you should be able to maintain erection while orgasming frequently until you are ready for a complete and full ejaculation This book will also teach you how to extend sex into an ecstatic two hour marathon rather than the 14 minutes sprint now experienced by most men

The Creation of Patriarchy Gerda Lerner, 1986 A radical reinterpretation of Western civilization argues that male dominance has resulted from and can be ended by historical process and identifies key developments

Human Sperm Competition Robin Baker, 2014-06-16 Since the 1970s behavioural ecologists and evolutionary biologists have been fascinated by the biological implications of sperm from different males competing for fertilization of the egg in the female reproductive tract But until Human Sperm Competition there had never been a discussion of the phenomenon for the human species in book form despite its relevance for a full understanding of human reproduction The book is a pioneering analysis of the evolutionary biology of human sexuality proposing that all aspects have been shaped by the phenomenon of sperm competition Written 20 years ago in 1993-94 the print edition was published in 1995 Despite its age that book's contents are as relevant now as they were two decades ago Perhaps even more so because since Baker and Bellis' demonstration that human sperm competition could actually be studied in a variety of ways a number of research groups have taken up the challenge where they left off Most of these groups have obtained results that build firmly upon Baker and Bellis' original work A few others created important dialogues None though have destroyed any crucial part of the foundation first laid down in that 1995 book But the main way in which Human Sperm Competition remains relevant to this day is that for various reasons some cultural some procedural and yet others due to sheer opportunity Baker and Bellis were able to do a number of experiments that others since have not had the opportunity to repeat And the results of those unique experiments were presented in Human Sperm Competition and nowhere else In the first half of the book the authors explore the role of sperm competition in the evolution of human sexual characteristics considering for example the architecture of the female

reproductive tract the reasons for male and female infidelity and the possible biological reasons for homosexuality masturbation and orgasm In the second half the mechanism of sperm competition is evaluated in detail together with the evidence for and the implications of the authors own Kamikaze Sperm Hypothesis Human Sperm Competition sets out the thesis that adopting an evolutionary approach to human reproduction exposes the subtle and sophisticated ways in which human sexual anatomy physiology and behaviour are designed to interact As a species understanding this sexual legacy helps explain how we reproduce today and why problems with fertility arise Over the years Human Sperm Competition has become a classic in the study of human sexual biology but although the original hardback is still in print rising costs plus perhaps its classic status have priced it beyond those students who might most wish to read its contents This digital edition of the original 1995 publication but at a student friendly price now solves this problem

Medieval Literature Holly Crocker, D. Vance Smith, 2023-05-31 Medieval Literature Criticism and Debates combines classic critical essays alongside new voices and approaches highlighting vibrant debates on medieval literature that will continue to shape critical conversations for the coming decades Holly A Crocker and D Vance Smith present a fascinating collection of essays from leading contemporary scholars of medieval literature and culture examining topics including gender sexuality politics belief language nationhood science and desire The volume sheds light on critical discussions of the medieval period and shows the continuing relevance and vivacity of Medieval English literature in the twenty first century Each section is thoroughly introduced and the essays develop various debates in key areas providing a springboard for readers to establish their own study arguments and opinions Further reading sections make this volume an accessible and important resource for those studying literature from the Medieval period and beyond Contributors Anthony Bale Sarah Beckwith Anke Bernau Glenn Burger Ardis Butterfield Christopher Cannon Christine Chism Lisa H Cooper Susan Crane Holly A Crocker George Edmondson Ruth Evans Sylvia Federico Laurie Finke Aranye Fradenburg Frank Grady Richard Firth Green Patricia Clare Ingham Hannah Johnson Steven Justice David Lawton Robert Mills J Allan Mitchell Nicholas Perkins Tison Pugh Elizabeth Robertson Kellie Robertson Jessica Rosenfeld Sarah Salih Corinne Saunders Martin Shichtman D Vance Smith Emily Steiner Jennifer Summit Stephanie Trigg Marion Turner David Wallace Angela Jane Weisl Nicolette Zeeman

Sex, the World History John R. Gregg, 2019-07-26 Sex The World History Through Time Religion and Culture is a daring exploration of human sexuality from the ancient to the modern world Sex The World History traces sexual attitudes from the transcendent to the bizarre throughout world cultures Unmasked are sexual practices and beliefs previously omitted or obscured from all historical telling In a scathing condemnation of religion and its control of sex the book explores the intricate dance between spirituality and sexuality Revealed for the first time is a history of bisexuality in the majority of human cultures Prior to Christianity bisexual orientation was common in Asia the Pacific Africa the Americas and Europe Religions have controlled sex and

gender orientation throughout time The history of LGBTQ across the globe is illuminated here How have women been exploited in sexual and cultural roles from prehistory to present day How does religion affect women s sexuality throughout time The supremacy of the Mother Earth Goddess throughout most of human existence and her relatively recent fall have had drastic consequences for women s sexual expression and identity Other topics included are sex slavery and human trafficking child brides forced marriages Roman Catholic abuses war time sexual crimes Victorian licentiousness the evolution of sexual attitudes in North and South America the sexual revolution of the counter culture Offered here is an encyclopedic tour of the sexuality of humankind **The Subordinated Sex** Vern L. Bullough, Brenda Shelton, Sarah Slavin, 1988-10-01 The

Subordinated Sex traces the enduring powerful legacy of male attitudes toward women their sexuality and their roles as wives and mothers Traditionally the creators and chroniclers of opinion men have until recently written a history that reflects only their own convictions and impressions a history rarely punctuated by a female voice and founded on an almost universal belief in women s inferiority Acclaimed as a pioneering study when first published in 1973 Vern Bullough s work has since established itself as a standard in historical literature on women Updated and revised with Sarah Slavin and Brenda Shelton The Subordinated Sex is a vast survey ranging from prehistoric to contemporary times examining a diversity of cultures and taking into account writings from a great variety of sources From a consideration of Babylonian legal codes to Victorian prescriptive medical pamphlets medieval clerical treatises to Islamic erotic poetry Bullough and his coauthors recount not only how men have portrayed women but also how they have justified their subordination of the opposite sex In recent years women have successfully challenged males self designated role as gatekeepers of written records and have found within the past a more complete view of how women lived what they thought and what they achieved By focusing however not on women s history but on the history of men s attitudes toward their female companions The Subordinated Sex reveals more than any other single work the conditions that sparked the feminist movement and the reasons it must inspire a change in the lives of men as well as women **The Female Offender--1979-80** United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice, 1981
