Protestants against poverty. Boston's charities, 1870-1900. Forew. by O. Handlin ,1971 **America's Struggle against Poverty in the Twentieth Century** James T. Patterson,2009-07-01 This new edition of Patterson's widely used book carries the story of battles over poverty and social welfare through what the author calls the amazing 1990s those years of extraordinary performance of the economy He explores a range of issues arising from the economic phenomenon increasing inequality and demands for use of an improved poverty definition He focuses the story on the impact of the highly controversial welfare reform of 1996 passed by a Republican Congress and signed by a Democratic President Clinton despite the laments of anguished liberals **Untold Tales of the Boston Irish** Peter F. Stevens,2021-02-15 When it comes to the Boston Irish names such as Bulger and Curley have long shaped the local turf But most people are probably unaware of some of the most amazing and forgotten Irish men and women who helped mold this city There was Patrick Gilmore America's first famed bandleader Louis Sullivan was the Father of the Skyscraper Other colorful characters included Patsy Donovan the man who discovered Babe Ruth and Ann Goody Glover whose horrifying ordeal launched the Salem Witch Trials Although each played a noteworthy role in his or her era all have been unjustly forgotten Local author Peter Stevens uncovers the missing pieces of the Irish experience in Boston **The Search for Social Salvation** Gary Scott Smith,2000-01-01 In their studies of social Christianity scholars of American religion have devoted critical attention to a group of theologically liberal pastors primarily in the Northeast Gary Scott Smith attempts to paint a more complete picture of the movement Smith's ambitious and thorough study amply demonstrates how social Christianity which included blacks women Southerners and Westerners worked to solve industrial political and urban problems reduce racial discrimination increase the status of women curb drunkenness and prostitution strengthen the family upgrade public schools and raise the quality of public health In his analysis of the available scholarship and case studies of individuals organizations and campaigns central to the movement Smith makes a convincing case that social Christianity was the most widespread long lasting and influential religious social reform movement in American history **Radical History Review: Volume 55** Cambridge University Press,1993-04-08 Radical History Review presents innovative scholarship and commentary that looks critically at the past and its history from a non sectarian left perspective RHR scrutinises conventional history and seeks to broaden and advance the discussion of crucial issues such as the role of race class and gender in history Unsentimental Reformer Joan Waugh,1997 A Brahmin member of an illustrious family sister of the martyred Robert Gould Shaw who led his proud black troops against Fort Wagner and later a war widow Lowell constantly responded to changing ideological and economic conditions affecting the poor Preaching Eugenics Christine Rosen,2004 Preaching Eugenics tells how Protestant Catholic and Jewish leaders confronted and in many cases enthusiastically embraced eugenics a movement that embodied progressive attitudes about

modern science at the time **In the Shadow Of the Poorhouse** Michael B. Katz,1996-12-11 With welfare reform a burning political issue this special anniversary edition of the classic history of welfare in America has been revised and updated to include the latest bipartisan debates on how to end welfare as we know it With an informative new Introduction and a new concluding chapter this timely edition makes for important reading Index *The Hub* Thomas H. O'Connor,2001 Filled with local events as well as intriguing characters this engaging account vividly captures the spirit and soul of Boston both yesterday and today BOOK JACKET *The Tragedy of American Compassion* Marvin Olasky,2022-10-25 Can a man be content with a piece of bread and some change tossed his way from a passerby Today s modern welfare state expects he can Those who control the money in our society think that giving a dollar at the train station and then appropriating a billion dollars for federal housing can cure the ails of the homeless and the poor But the crisis of the modern welfare state is more than a crisis of government Private charities that dispense aid indiscriminately while ignoring the moral and spiritual needs of the poor are also to blame Like animals in the zoo at feeding time the needy are given a plate of food but rarely receive the love and time that only a person can give Poverty fighters 100 years ago were more compassionate in the literal meaning of suffering with than many of us are now They opened their own homes to deserted women and children They offered employment to nomadic men who had abandoned hope and human contact Most significantly they made moral demands on recipients of aid They saw family work freedom and faith as central to our being not as life style options No one was allowed to eat and run Some kind of honest labor was required of those who needed food or a place to sleep in return Woodyards next to homeless shelters were as common in the 1890s as liquor stores are in the 1990s When an able bodied woman sought relief she was given a seat in the sewing room and asked to work on garments given to the helpless poor To begin where poverty fighters a century ago began Marvin Olasky emphasizes seven ideas that recent welfare practice has put aside affiliation bonding categorization discernment employment freedom and most importantly belief in God In the end not much will be accomplished without a spiritual revival that transforms the everyday advice we give and receive and the way we lead our lives It s time we realized that there is only so much that public policy can do That only a richness of spirit can battle a poverty of soul The century old question does any given scheme of help make great demands on men to give themselves to their brethren is still the right one to ask Most of our 20th century schemes have failed It s time to learn from the warm hearts and hard heads of the 19th century **Almost Worthy** Brent Ruswick,2012-12-17 A history and analysis of scientific charity organizations that arose in late nineteenth century America In the 1880s social reform leaders warned that the unworthy poor were taking charitable relief intended for the truly deserving Armed with statistics and confused notions of evolution these scientific charity reformers founded organizations intent on limiting access to relief by the most morally biologically and economically unfit Brent Ruswick examines a prominent national organization for scientific social reform and poor relief in Indianapolis in order to understand how these new theories of poverty gave birth to new programs to assist the

poor Ruswick's well researched monograph traces the history of the charity organization society in the US from its origins in the Gilded Age to its merging with social work in the Progressive Era. Recommended Choice. This study provides a welcome insight into the inner workings of charity organization societies and their drive to eliminate poverty. Nonprofit some possibly fruitful hypotheses about what to make of changes in COS approaches over time. Thoughtful new propositions about the relationship between scientific charity and eugenics including some charity reformers' apparent remorse and a fresh new mini biography of Oscar McCulloch interspersed throughout. H. SHGAPE. Brent Ruswick wants to put the science back into scientific charity. He argues that the essence of organized charity was not its class prejudices and censorious attitude toward the poor but rather its belief that systematic evidence gathering could serve to improve the quality of charity work and public policy. American Historical Review Volume 119 Issue 4 October 2014. *Their Benevolent Design* Janice Harvey, 2024-03-12. Throughout the nineteenth century poor relief in Quebec was private and sectarian. In Montreal bourgeois Protestant women responded by establishing institutional charities for destitute women and children. *Their Benevolent Design* delves into the inner workings of two of these charities: the Protestant Orphan Asylum and the Montreal Ladies Benevolent Society. It sheds light on little known aspects of the community's response to social inequality and examines the impact of liberalism on changing attitudes to poverty and charity. Seeing charity as a class duty, elite women structured their benevolent design around the protection, religious salvation, and social regulation of poor children. Janice Harvey explores how these philanthropists overcame the constraints of social conventions for women in polite society, how charity directors devised and implemented institutional aid, and how that aid was used by families and experienced by children. Following the development of the charities through the end of the nineteenth century and into the early twentieth, the book explores the conflict that arose between these institutions and other social services, including those that advocated for foster care and so-called scientific charity. The 1920s marked a major social shift in how child poverty was understood and managed in Protestant Montreal. Despite the gendered obstacles facing women in charity organization, *Their Benevolent Design* celebrates the remarkable ingenuity and independence of a group of Canadian women in shaping social aid and improving the grim realities of child poverty. False Dawn Karen Buhler-Wilkerson, 2021-01-15. Since its initial publication in 1989 by Garland Publishing, Karen Buhler-Wilkerson's *False Dawn: The Rise and Decline of Public Health Nursing* remains the definitive work on the creation, work, successes, and failures of public health nursing in the United States. *False Dawn* explores and answers the provocative question: why did a movement that became a significant vehicle for the delivery of comprehensive health care to individuals and families fail to reach its potential? Through carefully researched chapters, Wilkerson details what she herself called the rise and fall narrative of public health nursing, rising to great heights in its patients' homes in the struggle to control infectious diseases, assimilate immigrants, and tame urban areas, only to flounder during the later growth of hospitals, significant immigration restrictions, and the emergence of chronic diseases as endemic in American society. **And Sin No**

More Marian J. Morton, 1993 In this compelling study Marian Morton traces the development of public and private health care policies for single mothers and identifies the ways in which attitudes about religion race and cultural definitions of womanhood affected their treatment Focusing on the history of the public hospital and four private maternity homes in Cleveland Morton considers the care of unwed mothers in the context of developing American social policy from the mid nineteenth century to today While social policy has taken on a growing responsibility for health care of dependent people the perception of unwed mothers as sinful by the Christian church and undeserving because their situation was brought about by moral failure has differentiated them from other dependent populations Government provides unmarried mothers with the least support and private maternity homes run mostly by churches have remained committed to the nineteenth century notion of spiritual reclamation As Morton shows regardless of the time period women pregnant out of wedlock have been the dependent population most easily disciplined by private agencies and the most resented and politically vulnerable recipients of public assistance This vital work sheds new light on the current controversies over public assistance and legalized abortion and offers a powerful appraisal of the uncertainties and inequities of American social policy as it applies to women who fail to conform to social definitions of womanhood A Good Poor Man's Wife Claudia L. Bushman, 1998 The dramatic saga of a remarkable woman who was deeply involved in the political culture of her time
