Bigner,2008-04-14 Over the

past 30 years research on gay and lesbian parents has produced findings that challenge deeply rooted beliefs in child psychology about the processes through which parents influence the development of their children **Gay and Lesbian Parenting** New Directions builds on this important research with a detailed multidisciplinary examination of established knowledge and emerging information In addition to evaluating already substantiated findings this innovative collection marks a turning point in the field by showcasing a new wave of research that examines the dynamics of same sex parenting and addresses questions about newly emerging concerns such as the consequences of different routes to same sex parenthood and the effects of social perceptions on gay and lesbian family life **Handbook of Childhood Behavioral Issues** Thomas P. Gullotta,Gary M. Blau,2016-12-01 This handbook highlights present day information and evidence based knowledge in the

field of children's behavioral health to enable practitioners, families, and others to choose and implement one of many intervention approaches provided. Using a standardized format, best practices for the prevention and treatment of many childhood behavioral disorders are identified based on current research, sound theory, and behavioral trial studies. This revision includes an integration of the DSM-5 diagnostic manual and new chapters on childhood psychosis and military families, and a thorough updating of the research in the previous edition.

Research Methods with Gay, Lesbian, Bisexual, and Transgender Populations William Meezan, James I. Martin, 2012-12-06

Take an in-depth look at what works and what doesn't in research with GLBT populations. This essential book examines the usefulness of current frameworks for research with GLBT populations and highlights the necessity for greater complexity in the conceptualization and design of research with these populations. It will help you understand the need for more inclusive and representative samples and the need to protect the privacy of GLBT research participants and ways to accomplish these goals. In addition, *Research Methods with Gay, Lesbian, Bisexual, and Transgender Populations* considers the advantages and limitations of having an inside perspective when conducting research with these populations. It also explores the myriad ways in which this research can be used to better understand issues facing GLBT communities. Specifically, *Research Methods with Gay, Lesbian, Bisexual, and Transgender Populations* discusses eight strategies that outsiders can use to overcome barriers to doing their work: the challenges of finding and studying older members of gay and lesbian communities; the special challenges that studying gay drug users pose to the researcher; factors affecting research with urban Black and African American GLBT populations; sampling issues including ways to overcome the challenges of conducting research with sexual minority adolescents; issues related to dealing with institutional review boards and lessons derived from empirical articles in the *Journal of Gay, Lesbian, and Social Services*; unique features of AIDS service organizations to consider when developing an evaluation strategy; ethical standards for research and evaluation with GLBT populations; and a great deal more.

From the Foreword by Anthony R. D'Augelli

In social science research, the effort to extract durable principles of social causality from the apparent randomness of everyday life requires the construction of reliable, if tentative, knowledge that is significantly more informative than mere speculation. With our ever-increasing knowledge base, increasingly sophisticated and powerful quantitative and qualitative methodologies, and with an ever-expanding cadre of researchers, our ability to discern patterns of development of GLBT people from birth to death, the unique qualities of their relationships, and the impact of communities and cultures on the ways in which their sexualities are manifested will come into sharper focus. In this way, research becomes a tool by which GLBT people transcend invisibility and marginalization. As new research accumulates, the unique contributions that GLBT lives make to our understanding of the nature of human development will be documented in ways never before thought possible. Within the larger context of social science research on GLBT populations, this book describes the current status of social service researchers in their quest for methodological sophistication and conceptual complexity. The work of the contributors

to this volume exemplifies the progress that has been made since the first research reports on this topic were published

Gay Men Living with Chronic Illnesses and Disabilities Benjamin Lipton, 2014-06-11 Understand gay men's unique health issues beyond the incomplete focus of HIV to include the concerns of those living with a broad range of chronic illnesses and disabilities Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads is the groundbreaking book that comprehensively examines and forms strategies to respond to the needs of gay men living with non HIV chronic illnesses and disabilities such as diabetes cancer obesity and muscular sclerosis Bringing together the interdisciplinary expertise and unique perspectives of leaders in the fields of social work psychology and rehabilitation counseling this groundbreaking book helps you understand the key issues from theoretical clinical practical and personal perspectives Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads conceptualizes and addresses the integration of psychosocial and medical issues faced by the gay men living with both HIV related and non HIV chronic illnesses and disabilities Each chapter delves deeply into the psychosocial impact of their marginalization in daily living while offering strategies for partnership and integration between gay and mainstream health and social service organizations With extensive up to date bibliographies at the end of each chapter and case studies that illuminate theoretical discussions this book is essential reading for those involved in health policy and practice with gay men living with chronic illnesses and disabilities Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads explores the invisibility of gay men living with non HIV illnesses and disabilities and the need to provide adequate services to them the impact of sexual orientation on living with a broad range of life threatening illnesses the multiple layers of stigma of being gay while living with a chronic illness or disability how chronic illness can lead to increased body dissatisfaction in gay men the multidimensional challenge of psychotherapy with HIV positive gay men the connection between aging chronic illness and sexual orientation living with a non HIV chronic illness as a gay social service professional Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads is vital reading for social workers psychologists psychiatrists physicians sociologists public health advocates and experts community organizers and everyone engaged in providing medical social or psychological services **Family Influences on**

Childhood Behavior and Development Thomas P. Gullotta, Gary M. Blau, 2008-04-17 Irrespective of theoretical orientation families matter Families are the entity in which children are introduced to words objects shapes and colors Families are the people related in a myriad of conventional and unconventional ways that clothe bathe and feed its biological and acquired offspring Influenced by race ethnicity income and education families relate not only to each other within the unit but to others in the neighborhood the community and beyond This book is about families and their children This book is about those times when the family unit experiences distress This distress may be found in the serious illness of a child or a parent It may be the result of a reconfiguration of the family as in divorce and remarriage Or it may involve the harming of a family member sexually or physically In this volume the authors explore what family means today what functions it serves and those

circumstances that can make family life painful. Importantly, the authors provide readers with clearly written information drawn from the most recent scientific investigations suggesting how the topics in this volume might be addressed to either ease that discomfort or prevent its occurrence.

Sons Talk About Their Gay Fathers Andrew Gottlieb, 2014-01-14
 Examine the impact of disclosure on sons whose fathers are gay. In this book, Andrew Gottlieb, author of *Out of the Twilight Fathers of Gay Men Speak*, explores yet another side of the impact of homosexuality on families. He now looks at how sons react to learning that their fathers are gay, allowing us to see over time how this has changed their family relationships and their own lives. Simply and elegantly written, this psychoanalytically oriented qualitative research study is accessible to both the beginner and the more advanced researcher and practitioner. It draws from a wide range of literary, popular, and psychological sources and includes an interview guide, a reference section, and an index. When someone discloses as gay, lesbian, or bisexual, it is not just an individual event; it is a family event. Based on estimates of married gay, lesbian, and bisexual persons, a spouse's coming out affects up to 2,000,000 couples. Yet its impact has been largely ignored. Children's voices are the least often heard. Little has been written about sons of fathers who came out during or after marriage. Data for studies that do exist most often draw from the fathers' point of view. The significance of this study lies in its comprehensive, detailed picture of sons and gay fathers as they develop their separate self-images as well as the images of their son-father relationships over time. Painful, sensitive, often triumphant, the stories and the author's analysis of their thoughts, perceptions, and feelings afford a multidimensional, longitudinal viewing. Step by step, we follow the complicated dance of these sons and fathers as they develop and define their connection.

Foreword by Amity Pierce Buxton, Author of *The Other Side of the Closet: The Coming Out Crisis for Straight Spouses and Families*. *Sons Talk About Their Gay Fathers: Life Curves* is a storybook, an extended narrative, moved along but not overshadowed by psychoanalytic theory. The Introduction briefly reviews more recent writings of the fathering experience as told by gay men themselves, setting the stage for Father to Child to look at the father as seen through the ever-shifting eyes of his son at different phases of the life cycle. The Quest for the Real Father: an examination of sons' responses to their fathers' homosexuality as captured in film, fiction, nonfiction, television, and the psychological literature. Methodology: the story of the research process, including sampling, the search for subjects, trustworthiness, the interview, bias, and data collection. The Stories: an anthology of narratives the author constructed from the interview material, painting an intimate portrait of each individual son. Findings: a categorical analysis. Discussion: a summary of all the preceding material, cast in a developmental framework, highlighting implications for future research and clinical practice.

Gay Men's Sexual Stories Robert Reynolds, Gerard Sullivan, 2003. Investigation of the role of sex in everyday lives of gay men. With emphasis on psychosocial and emotional context, the contributors explicitly describe their sex lives and sexual attitudes in a variety of situations. The editors share their expertise and insights into these narratives and into the academic literature on gay men at midlife.

A Gay Couple's Journey Through Surrogacy Jerry Bigner, Michael

Menichiello,2014-06-03 A deeply personal account of the trials and tribulations of the surrogacy journey Surrogacy s been coldly and unjustifiably called baby buying and baby selling and many states have banned it But those insensitive terms do not tell the inspiring tale of a couple fiercely wanting to become parents A Gay Couple s Experience with Surrogacy Intended Fathers is the moving true story of a gay couple s decision to have their child through a surrogate mother With humor and emotion the author traces their intense experience from the initial decision to have a child through surrogacy on through the entire pregnancy and birth A Gay Couple s Journey Through Surrogacy chronicles this couple s no holds barred account of the emotional toll the legal matters the financial concerns and the ultimate fulfillment of parenting a child A Gay Couple s Journey Through Surrogacy reveals the author s answers to these questions why surrogacy over adoption which type of surrogacy traditional or gestational what were the issues when choosing a surrogate how much does surrogacy cost what living expenses are included in the cost what are the emotional and financial reasons that surrogates choose to bear another s child what are the pitfalls in choosing surrogacy what are the legal issues what to beware and what to consider An excerpt Before I knew it I was writing an ad of my own and I actually posted it David of course had no idea what I was up to The ad read We re a gay couple in New York that just celebrated our fourteenth anniversary and we ve decided to extend our family We re looking for someone close by and even have a separate apartment available if needed Nice huh Could it be just a little bit more vague Could my ad have lacked a little more personality Sure have our baby and move right in while you re doing it Who the hell would respond to that I wasn t even sure after reading it myself that it made any sense But what should I have said What could I have said I scrambled to find a way to delete it but couldn t A Gay Couple s Journey Through Surrogacy is a touching memoir that reveals the challenges that face gay and lesbian couples who may be considering either adoption or surrogacy

Queering Families, Schooling Publics Anne Harris, Stacy Holman Jones, Sandra Faulkner, Eloise Brook, 2017-09-19 At a time of increasingly diverse and dynamic debates on the intersections of contemporary LGBTQ rights trans visibility same sex families and sexualities education there is surprisingly little writing on what it means to queer notions of family and kinship networks in global context Building on the recent wave of scholarship on queerness in families and how families intersect with schools schooling and educational institutions more broadly this book considers how we are taught to enact family at home at school and through the media and how this pedagogy has shifted and changed over time Conceived as a collection of keywords that take up the vocabulary of queerness queering practices and queer families the authors employ a nuanced intersectional approach to connect the damaging and persistent invisibility of their subject to the complex and dominant and normalizing discourses of marriage and family Offering post structural post humanist and new materialist perspectives on kinship and the family this book moves the conversation forward by critically interrogating and expanding upon current knowledges about gender diversity queer kinship and pedagogy

Navigating Through the Storm Aharon Aviram, 2010-01-01 This book aims to systematically tackle the most severe crisis to ever beset Western

education systems which stems from the growing clash between the Platonic modern civilization still very much at the core of prevailing education systems and the postmodern civilization which has become dominant in Western societies in the last generations The book counters this crisis by radically and systematically rethinking education for postmodern democracies beginning by comprehensively analyzing the main features of current postmodern storms along with their engulfing socio cultural and educational implications and proceeding to offer a theoretical and practical blueprint designed to harness these storms for optimally realizing the basic Humanistic values that should guide education in liberal democracies personal autonomy morality and dialogical belonging **Bibliographic Index** ,2001 Midlife Lesbian Relationships Marcy Adelman,2000 Exploring the rich relational world of lesbians at midlife this text discusses the difficulties of stigma and the strengths of female same sex relationships providing a range of insights into the challenges lesbians face at middle age

Encyclopedia of Motherhood Andrea O'Reilly,2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The first ever on the topic this Encyclopedia of Motherhood helps to both demarcate motherhood as a scholarly field and an academic discipline and to direct its future development With more than 700 entries these three volumes provide information on the central terms concepts topics issues themes debates theories and texts of this new discipline Further the encyclopedia examines the topic of motherhood in various contexts such as history and geography and by academic discipline Key Features Provides an overview of the topic of motherhood in many and diverse disciplines such as anthropology sociology psychology and philosophy Examines the meaning and experience of motherhood in many time periods from classic civilizations to present day Includes an entry for all the influential theorists of maternal scholarship from the pioneering theories to the more recent writings Covers issues and events of our current times including entries on the mommy blog the motherhood memoir terrorism reproductive technologies HIV AIDS and LGBT families Explores geographical cultural and ethnic diversity with an entry for almost every country in the world as well as entries on lesbian immigrant adoptive single nonresidential young poor mothers and mothers with disabilities Key Themes History of Motherhood Issues in Motherhood Motherhood and Family Motherhood and Health Motherhood and Society Motherhood Around the World Motherhood in the United States Motherhood Studies Prominent Mothers In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The scope of the Encyclopedia of Motherhood is focused on providing a comprehensive resource to understanding the complexities of motherhood for academic and public libraries written by scholars and institutional experts in the social and behavioral sciences Social Services with Transgendered Youth Gerald P. Mallon,1999 Through personal narratives and case studies Social Services with Transgendered Youth explores the childhood and adolescent experiences of transgendered persons Addressing the

differences between male to female MTF and female to male FTM individuals and identifying the specific challenges of transgendered persons from diverse races cultures and religious backgrounds this compelling book offers suggestions that will help social workers and the youths families learn more about the reality of transgendered persons lives Containing invaluable information on a topic that is not widely discussed or written about Social Services with Transgendered Youth discredits negative stereotypes surrounding these youths and offers you insight into their experiences Additionally these articles openly address questions that practitioners may have about gender identity as well as offer concrete and practical recommendations about competent practice with this population This intelligent book will show you how to have a positive effect on the lives of these youth Some of the areas discussed include individual practice with a transgendered child group work practice with transgendered adolescents family centered practice with the families of transgendered persons internal and external stress factors for the transgendered youth Moving and insightful this guide brings to light many facts that have long been overlooked by parents and social service professionals Social Services with Transgendered Youth offers you effective strategies to work more effectively with this marginalized and underserved population American Queer, Now and Then David Shneer, Caryn Aviv, 2015-12-03 queer adj 1 differing from what is usual or ordinary odd singular strange 2 slightly ill 3 mentally unbalanced 4 counterfeit not genuine 5 homosexual in general usage still chiefly a slang term of contempt or derision but lately used by some as a descriptive term without negative connotations Webster s Dictionary queer adj used to describe a 1 body of theory 2 field of critical inquiry 3 way of proudly identifying a group of people 4 way of seeing the world 5 sense of difference from the norm David Shneer and Caryn Aviv Queer in America Now and Then Contrasting queer life today and in years past this landmark book brings together autobiographies poetry film studies maps documents laws and other texts to explore the meaning and practice of the word queer By this Shneer and Aviv mean queer as both a form of social violence and a call to political activism queer as played by Robin Williams and Sharon Stone and as lived by Matthew Shepard and Brandon Teena queer in the courthouses of Washington D C and on the streets of hometown America Contextualizing these contemporary stories with ones from the past and understanding them through the analytic tools of feminist social criticism and history the authors show what it means to be queer in America **Working-class Gay and Bisexual Men** ,2001 This landmark international study is among the first to empirically examine the lives attitudes needs and concerns of this hidden population Using ethnographic techniques researchers systematically captured and analyzed the social themes of gay and bisexual men s lives including the issues surrounding ethnicity coming out social support risk factors and socioeconomic issues Working Class Gay and Bisexual Men should compel policymakers to rethink their assumptions about working class gay men Gender Roles Linda L. Lindsey, 2005 The 4th edition of Gender Roles provides the best balance between gender and women as a focus especially with the expanded content on men and masculinity It addresses religion and integrates history at various points An objective of the book is to dispel myths about

gender Both sociological and interdisciplinary content organized around clear and appropriate research serves this objective well providing readers with a sociological perspective of gender that can be meaningfully applied to their daily lives The more controversial topics related to gender have a greater array of supporting references directing readers to explore the topics further Gender Roles integrates insights and research from other disciplines especially biology psychology anthropology and history Interdisciplinary material is organized presented and guided by the sociological perspective however so readers can understand the commonalities and differences in the ways the various disciplines research and explain gender An exciting and interesting read for anyone interested in gender roles and sexual identity
