An Easy Mark Innis Gardner Osborn, 1910 Searchers J. J. Mathews, 2023-08-01 Year 998 P E Post Earth What s the worst part about the end of the world You might think it s having to live in one of thirteen Arks orbiting a dead planet Or that the last vestiges of humanity are only one point three million people one hundred thousand per Ark No more no less closed loop until the Searchers find us a new home But no the absolute worst part is turning eighteen Because that s when you re forced to marry a random stranger It s called Selection when Oversight assigns you a life partner a new job and you re required to produce a child in your first year of marriage What if he hates me What if my job stinks And should I try and kiss Zac before Selection As if Selection wasn t bad enough Miya soon fears for her life when she discovers that things are not as they seem and people are disappearing *Chosen Prey* John Sandford, 2001-05-07 He seems like such a nice man You d never guess what was going on in his mind Art history professor James Qatar has a hobby he takes secret photographs of women to fuel more elaborate fantasies When he s alone Behind locked doors Then one day he goes a step further and well one thing leads to another Qatar has no choice He has to kill her And you know something He likes it When Deputy Chief Lucas Davenport takes the case he assumes it ll be straightforward police work He couldn t be more wrong As the investigation trail takes some unexpected turns it becomes clear that nothing is straightforward about this killer his victims or his motives And to stop him Lucas has no choice but to walk right into his lair WITH A NEW INTRODUCTION BY JOHN SANDFORD **Reunion** JacqueD, 2013-06-27 Sara is a sweet but naive young girl raised all her life on the vast countryside in Virginia where neighbors are few and far in between Until shortly after her fourteenth birthday the family relocates to a suburban area in Maryland after her father decides it s in their best interest for financial reasons Though Sara will miss the only life she has known still she looks forward to the move with hopes and dreams of fitting in and making friends Little does anyone realize that Sara s welcoming committee will be a group of uncontrollable teens who severely bully her and later devise a plan to commit an unspeakable crime against her that will go unpunished Leaving Sara with emotional scars that will dwell deep inside her for years to come Creating nightmare s that force her to relive the crimes committed against her over and over No one knew the secrets she lived with tucked away deep inside Nor did they know that some day Sara s past would collide with her present and that all Hell would break loose at the High School Reunion Individual Tactics Ron Danielowski, Mike Smock, Bill Tallen, 2014-11-07 Individual tactics for the defense of life home business school church and community Votes & Proceedings New South Wales. Parliament. Legislative Council, 1912 **High-Risk Patrol** Gerald W. Garner, 2020-05-28 This book provides a general orientation for survival using the author s everyone goes home approach as in previous editions to keep the police officer safe and secure It details the specifics the intelligent police professional must master in order to survive the many types of risky situations he will be exposed to over a career The book is painstakingly thorough in its approach to officer survival in an era where peacekeepers are required to be highly transparent

and accountable in all their actions Every use of force by a law enforcement officer will be closely scrutinized This is one reason why it is important that today's officer has access to every viable tactic and technique that may prevent the need for force in the first place The book details everything from searching an arrested individual to searching a building arresting a 300 pound outlaw biker to a surly teenager Techniques and strategies discussed in the book include personal preparation for risk reduction vehicle stops and contacts defusing disturbances domestic violence burglaries and structure searching barricades and hostage takers vehicle pursuits ambush attacks emotionally disturbed and mentally ill persons prisoner control and transport terrorist threats off duty confrontations and reducing the emotional risks involved At the end of each vital chapter a quick and concise Risk Reduction Checklist is presented These chapter summaries are excellent for review and merit rereading by the police professional intent on surviving to a healthy retirement An Appendix has been included containing informative accounts of police deaths culled from the Law Enforcement Officers Killed and Assaulted Report put together by the Federal Bureau of Investigation Other accounts are also found at the end of each chapter Each one makes a point by way of grim example yet every tragedy described can help save the life of an alert police officer who might otherwise become one more statistic This unique and comprehensive text will be invaluable to all law enforcement professionals investigators policymakers and police academics
