Gaztambide-Fernández,2010-10-16 The gaze of educational researchers has traditionally been turned down toward the experiences of communities deemed at risk presumably with the purpose of improving their plight Indeed theorizing about the relationship between education culture and society has typically emerged from the study of poor and marginalized groups in public schools Seldom have educational researchers considered class privilege and educational advantage in their attempts at understanding inequality and fomenting social justice This collection of groundbreaking studies breaks with this tradition by shifting the gaze of inquiry up toward the experiences of privilege in educational environments characterized by wealth and the abundance of material resources This edited volume brings together established and emerging scholars in education and the social sciences working critically to interrogate a diversity of educational environments serving the interests of influential groups both within and beyond schools The authors investigate the power relations that underlie various contexts of class privilege They shed light into the ways in which the success of a few relates to the failure of many *Smart Girls* Shauna Pomerantz,Rebecca Raby,2017-01-03 Are girls taking over the world It would appear so based on magazine covers news headlines and popular books touting girls academic success Girls are said to outperform boys in high school exams university entrance and graduation rates and professional certification As a result many in Western society assume that girls no longer need support But in spite of the messages of post feminism and neoliberal individualism that tell girls they can have it all the reality is far more complicated *Smart Girls* investigates how academically successful girls deal with stress the supergirl drive for perfection race and class issues and the sexism that is still present in schools Describing girls varied everyday experiences including negotiations of traditional gender norms Shauna Pomerantz and Rebecca Raby show how teachers administrators parents and media commentators can help smart girls thrive while working toward straight As and a bright future *Patriarchal Lineages in 21st-Century Christian Courtship* Elizabeth L. Shively,2020-08-10 Drawing from a study of courtship media and ethnographic work at purity retreats and home school conventions across the Midwest this is the first inquiry into modern Christian courtship an alternative to dating that asks young people to avoid both romance and sex until they are ready to be married Bridging sociological and historical studies of American Christianity with youth and girlhood studies literatures Elizabeth Shively finds that the courtship system is designed to shore up the patriarchal nuclear family structure at the center of conservative Christianity

and ensure predictability in the face of emerging adulthood single young women work to embody ideals of luminous femininity and model themselves after archetypes such as the Proverbs 31 woman the stay at home daughter and the mission minded girl and courting couples strive to guard their hearts against premature emotional intimacy Nonetheless participants report that courtship like other relationships inevitably carries an element of risk and it ultimately fails to offer a substantial challenge to the sexist realities of youth dating culture
