### **Introduction to Jewish-Christian Relations**

Michael Shermis, Arthur E. Zannoni, 2003-12-19 In recent decades Christians and Jews are beginning to ask questions about one another's traditions to break down centuries old barriers of prejudice and to explore not only our differences but our similarities of faith as well. This book walks the reader through rich but controversial terrain: the Bible, the Holocaust, the state of Israel, anti-Judaism, theology, Christology, intermarriage, feminism and approaches to education. In each area the reader is asked to listen, to be open, to stretch and to wrestle with the deeply felt beliefs that unite as well as divide us. The authors representing Jewish, Protestant and Catholic traditions introduce the reader to the terms, content and intricacies of inter-religious dialogue, the quest for better relations among all those who worship the God of Abraham and Sarah.

*Keys to Interfaith Parenting* Iris M. Yob, 1998 Here's help for parents who must cope with the details of raising children in the often demanding contemporary environment. Families in which parents have different religious faiths are more common than ever today. Here is advice on raising happy, well-adjusted children in such surroundings as well as informed discussion of both the strengths and potential problems typical among interfaith families.

*Choosing Survival* Bernard Susser, Charles S. Liebman, 1999 But now with the success of the Jewish State of Israel and the prosperity of Jews in the United States, the collective sufferings that have forged the Jewish identity are disappearing.

*Chercheurs de Dieux Dans L'espace Public* Eileen Barker, Université Laval. Groupe de recherches en sciences de la religion, 2001 Originale, insolite, renaissante, l'action religieuse mène à la bousculade des habitudes, branle les certitudes, construit ici maintenant l'autre monde. Peut-on courir le risque? Voilà que la question se pose et se résout en rumeurs publiques, poursuites judiciaires et tensions scolaires, lesquelles mettent nu des mécanismes inédits d'institutionnalisation de l'expérience religieuse en modernité: groupes tactiques d'intervention, cellules gouvernementales de crise, commissions parlementaires, cercles technocratiques, pourcuseurs d'une ingénierie pluraliste. Sur fond de traditions religieuses nationales ou rpublicaines, avec la perspective de la menace sectaire, s'esquisse sous nos yeux un religieux correct, acceptable. Comment est-il possible aujourd'hui d'inscrire l'exceptionnel, l'originel, le merveilleux, le transcendant religieux dans le quotidien? Et dans quelle mesure, paradoxalement, les gestionnaires de dieux ne repoussent-ils pas toujours plus loin la frontière religieuse? By their nature, emerging religions explore unfamiliar territory and probe uncharted regions of human creativity. For these same reasons, religious transactions that venture beyond the boundaries of traditional religious frontiers often rouse suspicion, anxiety or even fear among the general population. As new religious movements seek to carve out their own niche in society, public controversy and opposing beliefs can spark bitter debates and can even lead to calls for state intervention. How then do new or borderline religious groups negotiate or mediate the building of public space? What impact can the media have on new religions? How does the law withstand the creative destruction of religious innovation? In this provocative collection of essays, twelve experienced specialists break new ground in the sociological study of religion. Publié en français.
