Goodrich, 2021-04-21 From the man shipped home in a rum barrel to the most dangerous woman in America Chicago history comes to life in these tantalizing tales Living Landmarks of Chicago goes beyond the what when and where to tell the how and why of fifty Chicago landmarks More than a book about architecture these are stories of the people who made Chicago and many of its most popular tourist attractions what they are today Each chapter is a vignette that introduces the landmark and brings it to life and the book is organized chronologically to illustrate the development of the city's distinct personality These fifty landmarks weave an interconnected tale of Chicago between 1836 and 1932 and beyond History lines Chicago's sidewalks Stroll down LaSalle or Dearborn or State and you'll see skyscrapers that have been there for a century or more It's easy to scurry by to dismiss the building itself but a hunt for placards turns up landmarks every few feet it seems Here's a Chicago landmark there's a National Historic landmark They're everywhere Ironically these skyscrapers keep the city grounded they illustrate a past where visionaries took fanciful impossible ideas and made them reality Buildings sinking Raise them River polluting the lake and its precious drinking water Reverse it Overpopulation and urban sprawl making it challenging to get to work Build up From the bare to the ornate from exposed beams to ornamented facades the city's architecture is unrestrainedly various yet provides a cohesive beautiful skyline that illustrates the creativity

of necessity and the necessity of creativity After a sound bite history of the city s origins you ll meet the oldest house in Chicago or is it Kinda Sorta Depends on who you ask That s Chicago Nothing s simple and nothing can be taken for granted The reason the city has a gorgeous skyline and a vibrant culture and a notorious reputation for graft is because of those who built it envisioned it manipulated it Add Living Landmarks of Chicago to your cart and see what made Chicago so very Chicago

Chicago Cable Cars Greg Borzo,2012-11-06 When most people hear cable car they think San Francisco Yet for almost one quarter of a century Chicago boasted the largest cable car system the world has ever seen transporting more than one billion riders This gigantic public work filled residents with pride and filled robber barons pockets with money It also sparked a cable car building boom that spread to twenty six other U S cities But after twenty five years the boom went bust and Chicago abandoned its cable car system Today the fascinating story of the rise and fall of Chicago s cable cars is all but forgotten Having already written the history of the L Greg Borzo guides readers through a stretch of Chicago s transit history that most people never knew existed even though they have been walking past riding over and even dining in remnants of it for years
