Braude,2008-11-15 For over thirty years Stephen Braude has studied the paranormal in everyday life from extrasensory perception and psychokinesis to mediumship and materialization *The Gold Leaf Lady and Other Parapsychological Investigations* is a highly readable and often amusing account of his most memorable encounters with such phenomena Here Braude recounts in fascinating detail five particular cases some that challenge our most fundamental scientific beliefs and others that expose our own credulousness Braude begins with a south Florida woman who can make thin gold colored foil appear spontaneously on her skin He then travels to New York and California to test psychokinetic superstars and frauds like Joe Nuzum who claim to move objects using only their minds Along the way Braude also investigates the startling allegations of K R a policeman in Annapolis who believes he can transfer images from photographs onto other objects including his own body and Ted Serios a deceased Chicago elevator operator who could make a variety of different images appear on Polaroid film Ultimately Braude considers his wife s surprisingly fruitful experiments with astrology which she has used to guide professional soccer teams to the top of their leagues as well as his own personal experiences with synchronicity a phenomenon he argues that may need to be explained in terms of a refined extensive and dramatic form of psychokinesis Heady provocative and brimming with eye opening details and suggestions *The Gold Leaf Lady and Other Parapsychological Investigations* will intrigue both adherents and detractors of its controversial subject matter alike

**Randi's Prize** Robert McLuhan, 2010 James The Amazing Randi is a stage magician who says he has a million dollars for anyone who can convince him they have psychic powers No one has even come close to winning proof say sceptical scientists that there is no such thing as the paranormal But are they right In this illuminating and often provocative analysis Robert McLuhan examines the influence of Randi and other debunking sceptics in shaping scientific opinion about such things as telepathy psychics ghosts and near death experiences He points out that scientific researchers who investigate these things at first hand overwhelmingly consider them to be genuinely anomalous But this has shocking implications for science for society and for even perhaps for ourselves as individuals Hence the sceptics' insistence

that they should rather be attributed to fraud imagination and wishful thinking However this extraordinary and little understood aspect of consciousness has much to tell us about the human situation McLuhan suggests And at a time when militants are polarising the debate about religion its mystical spiritual element offers an optimistic and enlightened way forward Randi's Prize is aimed at anyone interested in spirituality or those curious to know the truth about paranormal claims It's an intelligent and readable analysis of scientific research into the paranormal which uniquely also closely examines the arguments of well known sceptics Stolen Kisses, Secrets, and Lies Todd Strasser, 2007-09-18 Life hasn't been easy for high school junior Kate Blessing With rival mobs at war and her social life to worry about Kate's got to hold it all together for the family Page 2 of cover **On the Edge** Melissa Lowell, 1997 An illness may end Tori's figure skating career forever *Capitol Offense* Hill Kemp, 2003-03 Capitol Offense rips away the Austin facade and reveals a surprising cast of the real players and their cut throat contentions In the place where George W Bush and Carl Rove learned their abc's of governing Kemp's novel exposes the hidden 90% of the governing process which never makes its way into the news **A Shield of Gold** Nick Nelson, 2022-12-20 It took businessman Derrick Myden 60 years to find and mine enough gold to help him become the richest MAN on Earth However Derrick's tiny twin sister Helen Troy used the same amount of time as a banker to become the richest PERSON in the World A family competition fairly waged Derrick figured he'd catch up after all every planet in the Galaxy is bound to have gold He didn't consider that those planets might have owners Number two in a three book fun romp through political mayhem See A Touch of Gold *Randi's Candy Caper* Dorsey Hall, 2022-08-01 Randi McCall is at it again Barely settled back into normal office hours after their last adventure an urgent phone call changes her day She is determined and headstrong as she is flung into the middle of a murder case involving an old friend and sorority sister Candyce Trenna nicknamed Candy Oblivious to the possibility Candy is guilty Randi strategizes to clear her friend The case becomes widely challenging when multiple suspects and events appear relevant causing her to reach out for help from her cousin Russell Taul the investigator and her skeptical law partner her dad Based in the southern charm of the bluegrass and heart of horse country they travel from Lexington Kentucky to New York City and beautiful Boca Grande uncovering the most critical evidence in search of answers Encounters with old friends and places give an ongoing uncertainty and widening suspicion Every clue every person reveals information and more questions as Randi hurries to solve the case before Candy's murder trial begins with an outcome most certainly a conviction Baby-Sitters' Summer Vacation!
