Slave Emancipation and Racial Attitudes in Nineteenth-Century South Africa R. L. Watson, 2012-02-20 Examines the significance of the abolition of slavery in South Africa's Cape Colony in 1834 and the subsequent development of race relations The Nineteenth Century and After, 1912 **The Limits of Consent** Lisa Featherstone, Cassandra Byrnes, Jenny Maturi, Kiara Minto, Renée Mickelburgh, Paige Donaghy, 2023-11-11 This open access book examines the ways that consent operates in contemporary culture suggesting it is a useful starting point to respectful relationships This work however seeks to delve deeper into the more complicated aspects of sexual consent It examines the ways meaningful consent is difficult if not impossible in relationships that involve intimate partner violence or family violence It considers the way vulnerable communities need access to information on consent It highlights the difficulties of consent and reproductive rights including the use and abuse of contraception and abortion Finally it considers the ways that young women are reshaping narratives of sexual assault and consent as active agents both online and offline Though this work considers victimisation it also pays careful attention to the ways vulnerable groups take up their rights and understand and practice consent in meaningful ways **From Slave Abuse to Hate Crime** Ely Aaronson, 2014-10-06 This book explores the complex ways in which political debates and legal reforms regarding the criminalization of racial violence have shaped the development of American racial history Spanning previous campaigns for criminalizing slave abuse lynching and Klan violence and contemporary debates about the legal response to hate crimes this book reveals both continuity and change in terms of the political forces underpinning the enactment of new laws regarding racial violence in different periods and of the social and institutional problems that hinder the effective enforcement of these laws A thought provoking analysis of how criminal law reflects and constructs social norms this book offers a new historical and theoretical perspective for analyzing the limits of current attempts to use criminal legislation as a weapon against racism **The Historical and Political Turn in Literary Studies** Winfried Fluck, 1995 **#MeToo and Modernism** Robin E. Field, Jerrica Jordan, 2023-01-16 MeToo and Modernism offers a blend of cultural historical literary and pedagogical responses applied to the themes behind today's ongoing MeToo Movement This volume is organized into four sections a three part chronological response in which scholars analyze literary understandings of how ripples of the MeToo Movement began to emerge in Modernist literature followed by a pedagogical section on how to incorporate such teachings in university classrooms Editors Robin E Field and Jerrica Jordan foreword the collection with an introduction answering the question of why such a volume is necessary in today's educational landscape The introduction summarizes the current scholarship regarding MeToo and Modernism while also uncovering the omissions particularly in approaching nonbinary or queer writers as well as writers of color that still exist as a response many of these essays attempt to approach these gaps Furthermore the introduction shows how more traditional Modernist writers including Woolf Forster Wells and Joyce served as forerunners of early glimmers of the MeToo Movement in Modernist Literature

Historical Dictionary of Women in Sub-Saharan Africa Kathleen Sheldon, 2016-03-04 African women's history is a vast topic that embraces a wide variety of societies in over 50 countries with different geographies, social customs, religions, and historical situations. Africa is a predominantly agricultural continent, and a major factor in African agriculture is the central role of women as farmers. It is estimated that between 65 and 80 percent of African women are engaged in cultivating food for their families, and in the past that percentage was likely even higher. Thus, one common thread across much of the continent is women's daily work in their family plot. This second edition of *Historical Dictionary of Women in Sub-Saharan Africa* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on individual African women in history, politics, religion, and the arts; on important events, organizations, and publications; and on topics important to women in general: marriage, fertility, employment, and to African women in particular: market, women, child marriage, queen mothers. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Women in Africa.

Creating a Progressive Commonwealth Megan Taylor Shockley, 2018-12-05 Building upon the work of late twentieth-century scholars in the field of feminist studies, Megan Taylor Shockley provides an in-depth look at feminism in the modern U.S. South. Shockley challenges the monolithic view of the region as a conservative bastion and argues that feminist advocates have provided crucial social progressive force, particularly in Virginia between 1970 and 2010. An innovative study, *Creating a Progressive Commonwealth* illustrates how feminists in the state challenged the traditional patriarchal system and engaged directly with the legislature through grassroots educational efforts on three major initiatives: passage of the Equal Rights Amendment, protection of abortion rights, and pursuit of legal and social rights for survivors of domestic and sexual violence. Shockley suggests that advocates for gender equality fundamentally changed Virginia, improving the state's support for women both personally and professionally, as well as fostering an environment more conducive to additional progressive reform. In sharing the stories of these activists, the author discusses their initial choices to participate in the movement, the challenges they faced in promoting a progressive agenda, as well as their successes and failures. Throughout, Shockley emphasizes the need for scholars to look beyond the history of state legislatures in order to fully understand the nature of southern progressivism and feminism. Using both archival sources and oral histories, *Creating a Progressive Commonwealth* examines the individual women and their motivations as they battled recalcitrant legislators and conservative citizens to achieve social reforms.

Constitutional Triumphs, Constitutional Disappointments Rosalind Dixon, Theunis Roux, 2018-04-19 Evaluates the successes and failures of the 1996 South African Constitution following the twentieth anniversary of its enactment. The Coupling Convention : Sex, Text, and Tradition in Black Women's Fiction Ann duCille, Associate Professor of English and African American Studies, Wesleyan University, 1993-10-19 What does the tradition of marriage mean for people who have historically been deprived of its legal status? Generally thought of as a convention of the white middle class, the marriage plot has received little attention.

from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen's *Quicksand* 1928 and Zora Neale Hurston's *Their Eyes Were Watching God* 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women's novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own identity More than just a study of the marriage tradition in black women's fiction however *The Coupling Convention* takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study *The Coupling Convention* spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new paradigm for reading black women's fiction

which has so far been missing from the mainstream discussion the possible injustices exclusions and biases of International Criminal Law This collection of essays is the first dedicated to the topic of critical approaches to international criminal law It will be a valuable resource for scholars and students of international criminal law international law international legal theory criminal law and criminology Theories of Race and Racism Les Back, John Solomos, 2020-08-14 Theories of Race and Racism A Reader is an important and innovative collection that brings together extracts from the work of scholars both established and up and coming who have helped to shape the study of race and racism as an historical and contemporary phenomenon This second edition incorporates new contributions and editorial material and allows readers to explore the changing terms of debates about the nature of race and racism in contemporary societies All six parts are organized around the contributions made by theorists whose work has been influential in shaping theoretical debates The various contributions have been chosen to reflect different theoretical perspectives and to help readers gain a feel for the changing terms of theoretical debate over time As well as covering the main concerns of past and recent theoretical debates it provides a glimpse of relatively new areas of interest that are likely to attract more attention in years to come **The Romance of Reunion** Nina Silber, 2000-11-09 The reconciliation of North and South following the Civil War depended as much on cultural imagination as on the politics of Reconstruction Drawing on a wide range of sources Nina Silber documents the transformation from hostile sectionalism to sentimental reunion rhetoric Northern culture created a notion of reconciliation that romanticized and feminized southern society In tourist accounts novels minstrel shows and popular magazines northerners contributed to a mythic and nostalgic picture of the South that served to counter their anxieties regarding the breakdown of class and gender roles in Gilded Age America Indeed for many Yankees the ultimate symbol of the reunion process and one that served to reinforce Victorian values as well as northern hegemony was the marriage of a northern man and a southern woman Southern men also were represented as affirming traditional gender roles As northern men wrestled with their nation's increasingly global and aggressive foreign policy the military virtues extolled in Confederate legend became more admired than reviled By the 1890s concludes Silber northern whites had accepted not only a newly resplendent image of Dixie but also a sentimentalized view of postwar reunion *Sister Citizen* Melissa V. Harris-Perry, 2011-09-20 From a highly respected thinker on race gender and American politics a new consideration of black women and how distorted stereotypes affect their political beliefs Jezebel's sexual lasciviousness Mammy's devotion and Sapphire's outspoken anger these are among the most persistent stereotypes that black women encounter in contemporary American life Hurtful and dishonest such representations force African American women to navigate a virtual crooked room that shames them and shapes their experiences as citizens Many respond by assuming a mantle of strength that may convince others and even themselves that they do not need help But as a result the unique political issues of black women are often ignored and marginalized In this groundbreaking book Melissa V Harris Perry uses multiple methods of inquiry including literary analysis

political theory focus groups surveys and experimental research to understand more deeply black women's political and emotional responses to pervasive negative race and gender images Not a traditional political science work concerned with office seeking voting or ideology *Sister Citizen* instead explores how African American women understand themselves as citizens and what they expect from political organizing Harris Perry shows that the shared struggle to preserve an authentic self and secure recognition as a citizen links together black women in America from the anonymous survivors of Hurricane Katrina to the current First Lady of the United States
