
Reading Opera

EDITED BY ARTHUR GROOS
AND ROGER PARKER

Reading Opera

Axel Körner, Paulo M. Kühl

Reading Opera:

Reading Opera Arthur Groos, Roger L. Parker, 2014-07-14 Libretto bashing has a distinguished tradition in the blood sport of opera writes Arthur Groos in the introduction to this broad survey of critical approaches to that much maligned genre To examine and to challenge the long standing prejudice against libretti and the scholarly tradition that has until recently reiterated it Groos and Roger Parker have commissioned thirteen stimulating essays by musicologists literary critics and historians Taken as a whole the volume demonstrates that libretti are now very much within the purview of contemporary humanistic scholarship Libretti pose questions of intertextuality transposition of genre and reception history They invite a broad spectrum of contemporary reading strategies ranging from the formalistic to the feminist And as texts for music they raise issues in the relation between the two mediums and their respective traditions Reading Opera will be of value to anyone with a serious interest in opera and contemporary opera criticism The essays cover the period from the early nineteenth to the early twentieth centuries with a particular focus on works of the later nineteenth century The contributors are Carolyn Abbate William Ashbrook Katherine Bergeron Caryl Emerson Nelly Furman Sander L Gilman Arthur Groos James A Hepokoski Jurgen Maehder Roger Parker Paul Robinson Christopher Wintle and Susan Youens Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Recognition in Mozart's Operas Jessica Waldoff, 2006-04-13 Since its beginnings opera has depended on recognition as a central aspect of both plot and theme Though a standard feature of opera recognition a moment of new awareness that brings about a crucial reversal in the action has been largely neglected in opera studies In *Recognition in Mozart's Operas* musicologist Jessica Waldoff draws on a broad base of critical thought on recognition from Aristotle to Terence Cave to explore the essential role it plays in Mozart's operas The result is a fresh approach to the familiar question of opera as drama and a persuasive new reading of Mozart's operas

Opera on Screen Marcia J. Citron, Professor Marcia J Citron, 2000-01-01 The author draws on ideas from diverse fields including media studies and gender studies to examine issues ranging from the relationship between sound and image to the place of the viewer in relation to the spectacle As she raises questions about divisions between high art and popular art and about the tensions between live and reproduced art forms Citron reveals how screen treatments reinforce opera's vitality in a media intensive age

BOOK JACKET *Opera, Sex and Other Vital Matters* Paul Robinson, 2002-06-08 *Opera Sex and Other Vital Matters* gathers both classic and never before published essays from one of the leading stylists in contemporary American letters and one of our more revered public intellectuals Paul Robinson Diverse and elegant the essays in this new collection showcase

the sly wit and lightly worn erudition of their author Each celebrates art and the flesh directing us to the twin ecstasies of music and eros The essays on opera gathered here explore how masterpieces like Fidelio and The Magic Flute reflect the intellectual currents of their day Be it the work of Verdi or Mozart Wagner or Strauss Robinson compels us to search for meaning not just in the lyrics of opera but also in the music In melody not libretto we are more likely to discern key historical complexities and appreciate the way opera transcends language and time The essays on sexuality meanwhile are ruminative funny and even moving At one moment Robinson measures whether homosexuality is the result of destiny or free choice In another he shares a touching exchange of letters with a gay student in the process of coming out The final essays that encompass other vital matters find Robinson at his most incisive Whether defending Freud as the most influential thinker of the twentieth century attacking the dreaded use of semicolons reflecting on his own mortality or even meditating on the nature of cats Sex Opera and Other Vital Matters is an eclectic work that will appeal to any reader interested in the continuing relevance of ideas to life

Opera: The Basics Denise Gallo, 2013-01-11 Opera The Basics offers an excellent introduction to four centuries of opera Its easy to follow sections explore topics including the origins of opera basic terminology the history of major opera genres including serious opera comic opera semi serious opera and vernacular opera With key notes discography and videography this is the ideal book for students and interested listeners who want to learn more about this important musical genre

Opera as Anthropology Vlado Kotnik, 2016-09-23 This book contemplates the relationship between opera and anthropology It rests on the following central arguments on the one hand opera is quite a new and exotic topic for anthropologists while on the other anthropology is still perceived as an unusual approach to opera Both initial arguments are indicative of the current situation of the relationship between anthropological discipline and opera research The book introduces the work of anthropologists and ethnographers whose personal and professional affinity for opera has been explicated in their academic and biographical accounts Anthropological ethnological ethnographic and semiotic accounts of opera by Claude L vi Strauss Michel Leiris William O Beeman Denis Laborde Paul Atkinson and Philippe Joseph Salazar establish that opera can be a pertinent object of anthropological interest ethnographic investigation cultural analysis and historical reflection By touching on opera not merely as a musical aesthetic or artistic category but as a social cultural historical and transnational phenomenon that over the last four centuries has significantly influenced and reflected the identity of Western culture and society this monograph suggests that opera and anthropology no longer need be alien to one another

The ^ANew Grove Guide to Wagner and His Operas Barry Millington, 2006-08-15 One of the most controversial figures in the history of ideas as well as music Richard Wagner continues to stimulate debate whenever his works are performed Drawing upon the scholarship of The New Grove Dictionary of Opera the most comprehensive dictionary of opera in the world Barry Millington offers a concise portable survey and guide which will make a welcome addition to the shelf of anyone who loves opera Millington has completely updated the original pieces and contributed four

new chapters on Wagner including a summary of Wagner productions from 1876 to the present day a suggested listening and viewing guide complete chronology of Wagner's operas and a glossary of terms that will delight any opera goer In addition there are detailed entries on each of Wagner's operas a main biographical section and a group of separate articles on such topics as Leitmotif and Gesamtkunstwerk as well as a newly revised updated article on Bayreuth Complete with a new preface updated bibliography glossary and discography including first release dates of each recording The New Grove Guide to Wagner and his Operas furnishes both seasoned Wagner lovers and neophytes with all they require for an in depth appreciation of this unique historical figure

Opera Acts Karen Henson, 2015-01-15 *Opera Acts* explores a wealth of new historical material about singers in the late nineteenth century and challenges the idea that this was a period of decline for the opera singer In detailed case studies of four figures the late Verdi baritone Victor Maurel Bizet's first Carmen Célestine Galli Mari Massenet's muse of the 1880s and 1890s Sibyl Sanderson and the early Wagner star Jean de Reszke Karen Henson argues that singers in the late nineteenth century continued to be important but in ways that were not conventionally vocal Instead they enjoyed a freedom and creativity based on their ability to express text act and communicate physically and exploit the era's media By these and other means singers played a crucial role in the creation of opera up to the end of the nineteenth century

The Oxford Handbook of Opera Helen M. Greenwald, 2014 What IS opera Contributors to The Oxford Handbook of Opera respond to this deceptively simple question with a rich and compelling exploration of opera's adaption to changing artistic and political currents Fifty of the world's most respected scholars cast opera as a fluid entity that continuously reinvents itself in a reflection of its patrons audience and creators The synergy of power performance and identity recurs thematically throughout the volume's major topics Words Music and Meaning Performance and Production Opera and Society and Transmission and Reception Individual essays engage with repertoire from Monteverdi Mozart and Meyerbeer to Strauss Henze and Adams in studies of composition national identity transmission reception sources media iconography humanism the art of collecting theory analysis commerce singers directors criticism editions politics staging race and gender The title of the penultimate section Opera on the Edge suggests the uncertainty of opera's future is opera headed toward catastrophe or have social and musical developments of the last hundred years stimulated something new and exciting and well operatic In an epilogue to the volume a contemporary opera composer speaks candidly about opera composition today The Oxford Handbook of Opera is an essential companion to scholars educators advanced students performers and knowledgeable listeners those who simply love opera

Historical Dictionary of Opera Scott L. Balthazar, 2013-07-05 Opera has been around ever since the late 16th century and it is still going strong in the sense that operas are performed around the world at present and known by infinitely more persons than just those who attend performances On the other hand it has enjoyed periods in the past when more operas were produced to greater acclaim Those periods inevitably have pride of place in this Historical Dictionary of Opera as do exceptional singers and others who

combine to fashion the opera whether or not they appear on stage But this volume looks even further afield considering the cities which were and still are opera centers literary works which were turned into librettos and types of pieces and genres While some of the former can be found on the web or in other sources most of the latter cannot and it is impossible to have the whole picture without them Indeed this book has an amazingly broad scope The dictionary section with about 340 entries covers the topics mentioned above but obviously focuses most on composers not just the likes of Mozart Verdi and Wagner but others who are scarcely remembered but made notable contributions Of course there are the divas but others singers as well and some of the most familiar operas Don Giovanni Tosca and more Technical terms also abound and reference to different genres from antimasque to zarzuela Since opera has been around so long the chronology is rather lengthy since it has a lot of ground to cover and the introduction sets the scene for the rest This book should not be an end but rather a beginning so it has a substantial bibliography for readers seeking more specific or specialized works It is an excellent access point for readers interested in opera

Opera as Hypermedium Tereza Havelková, 2021-02-15 Drawing on the concept of hypermediacy from media studies this book situates opera within the larger context of contemporary media practices and particularly those that play up the multiplicity awareness and enjoyment of media It is driven by the underlying question of what politics of representation and perception opera performs within this context This entails approaching operas as audiovisual events and paying attention to the various effects of immediacy that they produce

The Cambridge Companion to Opera Studies Nicholas Till, 2012-10-18 With its powerful combination of music and theatre opera is one of the most complex and yet immediate of all art forms Once opera was studied only as a stepchild of musicology but in the past two decades opera studies have experienced an explosion of energy with the introduction of new approaches drawn from disciplines such as social anthropology and performance studies to media theory genre theory gender studies and reception history Written by leading scholars in opera studies today this Companion offers a wide ranging guide to a rapidly expanding field of study and new ways of thinking about a rich and intriguing art form placing opera back at the centre of our understanding of Western culture over the past 400 years This book gives lovers of opera as well as those studying the subject a comprehensive approach to the many facets of opera in the past and today

Neuropsychology of Language, Reading and Spelling Ursula Kirk, 2012-12-02 Neuropsychology of Language Reading and Spelling explores the many neural systems and subsystems that contribute to the production and comprehension of oral and written language This book is organized into five parts encompassing 12 chapters that emerged from the 1980 International Conference on the Neuropsychology of Language Reading and Spelling sponsored by the Program in Neurosciences and Education at Teachers College Columbia University This conference highlights the neurological and behavioral interrelatedness of language reading and spelling After briefly dealing with the cognitive and language development as well as learning to read and to spell as instances of acquiring skill this book goes on discussing the activity of the learner in the development skill the influence of

interacting forces in the developing nervous systems and the role of peripheral mechanisms in the development of speech and language A chapter examines the central integrative mechanisms specifically the electrophysiological research with infants on the dependence of language perception on multidimensional complexes processes and not solely as a left or right hemisphere task This chapter also provides evidence of discrete localization of language processes within the dominant hemisphere at both cortical and subcortical levels The final four chapters are devoted to an analysis of developmental disorders from the varied perspectives of neurology linguistics neuropsychology and education This book will be of value to neuropsychologists and developmental biologists

National Traditions in Nineteenth-Century Opera, Volume I

Steven Huebner, 2017-03-02 This volume covers opera in Italy France England and the Americas during the long nineteenth century 1789 1914 The book is divided into four sections that are thematically rather than geographically conceived Places essays centering on contexts for operatic culture Genres and Styles studies dealing with the question of how operas in this period were put together Critical Studies of individual works exemplifying particular critical trends and Performance

Italian Opera in Global and Transnational Perspective Axel Körner, Paulo M. Kühl, 2022-03-24 This volume of essays discusses the European and global expansion of Italian opera and the significance of this process for debates on opera at home in Italy Covering different parts of Europe the Americas Southeast and East Asia it investigates the impact of transnational musical exchanges on notions of national identity associated with the production and reception of Italian opera across the world As a consequence of these exchanges between composers impresarios musicians and audiences ideas of operatic Italianness italianit constantly changed and had to be reconfigured reflecting the radically transformative experience of time and space that throughout the nineteenth century turned opera into a global aesthetic commodity The book opens with a substantial introduction discussing key concepts in cross disciplinary perspective and concludes with an epilogue relating its findings to different historiographical trends in transnational opera studies

Giuseppe Verdi Gregory

W. Harwood, 2021-12-12 First Published in 1998 Giuseppe Verdi already stood out as a distinctive and unusually significant composer by the time his career was barely underway Today Verdi scholars build their work on a vast foundation of earlier research For researchers who have not spent years with the Verdi literature or who may just be starting to explore some aspect of this giant's life and works this foundation may seem daunting indeed It is primarily for these researchers that this guide is intended Its purpose is to index and describe some of the most significant studies about the composer presenting enough material in annotations that researchers may survey the many myriad directions Verdi research has gone ascertain the relevance of individual items to their individual interests and pursue significant patterns and threads in which they are interested

The Conversation Method for Speaking, Reading, and Writing German ... Edmond Gastineau, Rudolf

Tombo, 1889 **The Cambridge Companion to Grand Opera** David Charlton, 2003-09-04 This 2003 Companion is a fascinating and accessible exploration of the world of grand opera Through this volume a team of scholars and writers on

opera examine those important Romantic operas which embraced the Shakespearean sweep of tragedy history love in time of conflict and the struggle for national self determination Rival nations rival religions and violent resolutions are common elements with various social or political groups represented in the form of operatic choruses The book traces the origins and development of a style created during an increasingly technical age which exploited the world renowned skills of Parisian stage designers artists and dancers as well as singers It analyses in detail the grand operas by Rossini Auber Meyerbeer and Hal vy discusses grand opera in Russia and Germany and also in the Czech lands Italy Britain and the Americas The volume also includes an essay by the renowned opera director David Pountney

Reading Critics Reading Roger Parker, Mary Ann Smart, 2001 This book is among the first to examine French opera and ballet criticism during the first half of the nineteenth century both as a historical and a literary phenomenon It thus provides a new and badly needed perspective for scholars and other commentators who have often been willing to treat the journalistic responses to such musical genres chiefly as a simple source of factual information The essays taken from a conference in Oxford in 1996 explore the kinds of problem encountered and the types of methodology that might be employed in trying to interpret these critical responses they throw light on such aspects as the cultural attitudes underlying the writers rhetoric the aesthetic stances and ideological agendas at play and how modes of production influenced content

Educational Study and Reading Courses

Thomas Nelson & Sons, 1925

Yeah, reviewing a book **Reading Opera** could add your near links listings. This is just one of the solutions for you to be successful. As understood, attainment does not recommend that you have fabulous points.

Comprehending as competently as accord even more than further will provide each success. next-door to, the message as well as perception of this Reading Opera can be taken as without difficulty as picked to act.

Reading Opera Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Reading Opera free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Reading Opera free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Reading Opera free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Reading Opera. In conclusion, the internet offers numerous platforms and websites that allow users to

download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Reading Opera any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Reading Opera Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reading Opera is one of the best book in our library for free trial. We provide copy of Reading Opera in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reading Opera. Where to download Reading Opera online for free? Are you looking for Reading Opera PDF? This is definitely going to save you time and cash in something you should think about.
