Excerpt from *Readings in English Prose of the Nineteenth Century* This volume appears in continuation of the plan which was initiated with a collection of *Readings in English Prose of the Eighteenth Century* and with a single exception is made in accordance with the same principles that is it undertakes to give a sufficient body of prose readings for the use of those engaged in the general study of English literature in the period in question In the nineteenth century however the mass of material is so great that it has seemed best to abandon the effort to represent the minor prose writers of interest less for intrinsic worth than for their relation to particular ideas and movements and to confine the volume to those of major importance in pure literature exclusive of fiction While many of the names thus omitted such as Southey and Leigh Hunt for example in the earlier period and Borrow and Leslie Stephen in the later are tantalizingly attractive yet the thirteen chosen writers stand out so clearly from among their contemporaries that it happens that not a single additional name was recommended for admission by those critics who were kind enough to look over the editor's list Besides these space has been found rather illogically but on what appear to be imperative grounds of utility for some representation of the great reviews of the early nineteenth century for to study the age of Wordsworth Coleridge and Keats without some acquaintance with the reviewers is out of the question and their work is usually more inaccessible than anything else in this volume Complete compositions other things being equal have of course been preferred or sections chapters and the like having the same independent character Where omissions have been made they are indicated scrupulously About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Readings in English Prose of the Nineteenth Century* Raymond MacDonald Alden, 2014-03 This Is A New Release Of The Original 1917 Edition **Readings in English Prose of the Nineteenth Century** Raymond MacDonald Alden, 2015-10-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United
