understandings of a social phenomenon Using their own biographies as sites of research and creating dialogic narratives  
 they provide multiple perspectives of this phenomenon for the reader inviting the viewer to enter the conversation The  
 dialectic process of creating duoethnography is also designed to be transformative to the writers In this volume two dozen  
 scholars present the first wave of duoethnographic writings on topics as diverse as gender identity and curriculum with the  
 editors framing key tenets of the methodology around the studies presented This participatory emancipatory methodology is  
 of interest to those doing qualitative research and narrative writing in many disciplines **Teacher** ,1975 *Books In Print*
