Rediscovering Christ In Asia:

Rediscovering Christ in Asia Kenneth Fernando, 2005 *The Oxford Handbook of Anglican Studies* Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

Buddhism and Christianity in Dialogue Perry Schmidt-Leukel, 2005 This book is written for a general as well as a more specialist readership On the one hand it introduces basic topics of Buddhist Christian dialogue on the other hand it opens up new ground particularly insofar as the Buddhist and the Christian contributors all write comparatively

Rediscovering Japan, Reintroducing Christendom Samuel Lee, 2010-03-01 In *Rediscovering Japan Reintroducing Christendom* Japan's unvoiced Christian history and cultural roots are examined from an alternative perspective It is commonly believed that Christianity was introduced to Japan by the Spanish and Portuguese missionaries during the 1500s however Samuel Lee draws on various forms of cultural religious and linguistic evidence to argue that Christianity was introduced to Japan through the Lost Tribes of Israel who were converted to Christianity through the missionary efforts of the Assyrian Church of the East around A D 500 Much of the evidence he discusses has become submerged into many Japanese folkloric songs festivals and is to be found in temples There are for example approximately 300 words in Japanese and Hebrew Aramaic that are similar Further Dr Lee outlines

the history of Catholicism in Japan during the 1500s the systematic persecution of Christians from 1600s to the 1800s and the rise of Protestant Church in Japan The historical portion of the book ends with an analysis and discussion of 21st century Japanese society Lastly in *Rediscovering Japan Reintroducing Christendom* Samuel Lee questions the missiological methods of Western Christianity and advocates an approach based in dialogue between Christianity and other cultures *Theologia Crucis in Asia* A.A. Yewangoe,2024-08-19 *Jesus in Asia* R. S. Sugirtharajah,2018-02-19 Reconstructions of Jesus occurred in Asia long before the Western search for the historical Jesus began in earnest Asians remade Jesus at times appreciatively and at other times critically R S Sugirtharajah situates the historical Jesus beyond the narrow confines of the West and offers an eye opening chapter in the story of global Christianity **Rediscovering Paul** David B. Capes,Rodney Reeves,E. Randolph Richards,2017-11-21 For some of us the apostle Paul is intimidating prickly and unpredictable But maybe it s time to get to know Paul on his own terms Drawing on the best of contemporary scholarship and with language shaped by conversations with today s students this expanded edition of *Rediscovering Paul* gives fresh consideration to Paul s conversion call and his ongoing impact on church and culture *The Suffering and Victorious Christ* Richard J. Mouw,Douglas A. Sweeney,2013-10-15 American theologians tend to focus on the great hope Christians have through Christ s resurrection emphasizing Christ s victory while minimizing or ignoring his suffering Through their engagements with Japanese Christians and African American Christians on the topic of Christology Richard Mouw and Douglas Sweeney have come to recognize and underscore that Christ offers hope not only through his resurrection but also through his incarnation The authors articulate a more compassionate and orthodox Christology that answers the experience of the global church offering a corrective to what passes for American Christology today The book includes an afterword by Willie James Jennings of Duke Divinity School *The Oxford Handbook of Christian Monasticism* Bernice M. Kaczynski,2020-09-30 The Handbook takes as its subject the complex phenomenon of Christian monasticism It addresses for the first time in one volume the multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism The essays in the book span a period of nearly two thousand years from late ancient times through the medieval and early modern eras on to the present day Taken together they offer not a narrative survey but rather a map of the vast terrain The intention of the Handbook is to provide a balance of some essential historical coverage with a representative sample of current thinking on monasticism It presents the work of both academic and monastic authors and the essays are best understood as a series of loosely linked episodes forming a long chain of enquiry and allowing for various points of view The authors are a diverse and international group who bring a wide range of critical perspectives to bear on pertinent themes and issues They indicate developing trends in their areas of specialisation The individual contributions and the volume as a whole set out an agenda for the future direction of monastic studies In today s world where there is increasing interest in all world monasticisms

where scholars are adopting more capacious global approaches to their investigations and where monks and nuns are casting a fresh eye on their ancient traditions this publication is especially timely

Reflections on Development in Southeast Asia Teck Ghee Lim, 1988 The rapid pace of economic development in Southeast Asia has involved a changing and often volatile relationship between traditional structures and values and new structures associated with state and administrative power In this volume a variety of original perspectives is offered on crucial subjects including region the bureaucracy the state and non governmental organizations

A History of Christianity in Asia, Africa, and Latin America, 1450-1990 Klaus Koschorke, Frieder Ludwig, Mariano Delgado, Roland Spliesgart, 2007-09-14 Taking the three continents in turn the documents trace chronologically the transfer of Christianity from the beginning of Western colonization through the end of the Cold War Traditional forms of Christianity in Asia and Africa are not covered The emphasis is on the voices of people working in the field both missionaries and Indigenous people rather than those at the imperial centers

Christ and Reconciliation Veli-Matti Karkkainen, 2013-05-26 In *Christ and Reconciliation* Veli Matti Karkkainen develops a constructive Christology and theology of salvation in dialogue with the best of Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen's Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in our pluralistic world at the beginning of the third millennium Topics such as diversity inclusivity violence power cultural hybridity and justice are part of the constructive theological discussion along with classical topics such as the messianic consciousness incarnation atonement and the person of Christ With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a full scale doctrinal theology been attempted in such a wide and deep dialogical mode
