Refiguring Critical Theory Jurgen Habermas And The Possibilities Of Political Change:

Refiguring Critical Theory Craig J. Hanks, 2002-08-26 Refiguring Critical Theory offers some thoughts about the nature of democracy and the possibilities of individual and collective self determination The text traces theories of the relationship between being and consciousness from Marx through Lukacs and the Frankfurt School to Habermas recent work The Theory of Communicative Action J Craig Hanks argues that an analysis of Habermas work will be incomplete if we do not understand it as growing out of a tradition of radical political thinking from Hegel through Marx and the early Critical Theorists

Refiguring Critical Theory James Craig Hanks, 2002 Refiguring Critical Theory offers some thoughts about the nature of democracy and the possibilities of individual and collective self determination The text traces theories of the relationship between being and consciousness from Marx through Lukacs and the Frankfurt School to Habermas recent work The Theory of Communicative Action J Craig Hanks argues that an analysis of Habermas work will be incomplete if we do not understand it as growing out of a tradition of radical political thinking from Hegel through Marx and the early Critical Theorists

Habermas: The Key Concepts Andrew Edgar, 2006-04-18 An independently minded champion of the project of modernity in a supposedly post modern age Jurgen Habermas 1929 is one of the most widely influential thinkers of our times An easy to use A Z guide to a body of work that spans philosophy sociology politics law and cultural theory Habermas The Key Concepts explores Habermas writings on capitalism genetics law neo conservatism universal pragmatics Fully cross referenced with extensive suggestions for further reading this is an essential reference guide to one of the most important social theorists of the last century *The Philosophy of Habermas* Andrew Edgar, 2014-12-18 This comprehensive introduction to the thought of Jurgen Habermas covers the full range of his ideas from his early work on student politics to his recent work on communicative action ethics and law Andrew Edgar examines Habermas key texts in chronological order revealing the developments shifts and turns in Habermas thinking as he refines his basic insights and incorporates new sources and ideas Some of the themes discussed include Habermas early reshaping of Marxist theory and practice his characterization of critical theory his conception of universal pragmatics his theories of communicative action and discourse ethics and his defence of the project of modernity Edgar offers much more than a schematic run through of Habermas big ideas He deals in detail with Habermas arguments in order to demonstrate how he weaves together multiple strands of thought and he usefully situates Habermas ideas within the contexts of the history of German philosophy the history of sociology and within contemporary debates in both continental and analytic philosophy By engaging with some of Habermas key critics and contrasting his views with the ideas of contemporaries Edgar is able to give a clear sense of Habermas place and importance in contemporary philosophy and social theory *Sport And Society: History, Power And Culture* Scambler, Graham, 2005-05-01 This text presents a comprehensive account of the contemporary sociology of sport It examines the changing role of sport in society and analyses topics such as representations of sport in the media and violence in sport

The Life of Hinduism John Stratton Hawley, Vasudha Narayanan, 2006-12-04 The Life of Hinduism collects a series of essays that present Hinduism as a vibrant truly lived religion The text offers a glimpse into the multifaceted world of Hindu worship life cycle rites festivals performances gurus and castes **International Philosophical Quarterly**, 2003

Current Publications in Legal and Related Fields, 2003 **Sociological Abstracts**, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *Forthcoming Books* Rose Army, 2003 Self-Constitution of European Society Jiří Příbáň, 2016-05-26 Recent social and political developments in the EU have clearly shown the profound structural changes in European society and its politics Reflecting on these developments and responding to the existing body of academic literature and scholarship this book critically discusses the emerging notion of European constitutionalism its varieties and different contextualization in theories of EU law general jurisprudence sociology of law political theory and sociology The contributors address different problems related to the relationship between the constitutional state and non state constitutionalizations and critically analyze general theories of constitutional monism dualism and pluralism and their juridical and political uses in the context of EU constitutionalism Individual chapters emphasize the importance of interdisciplinary and socio legal methods in the current research of EU constitutionalism and their potential to re conceptualize and re think traditional problems of constitutional subjects limitation and separation of power political symbolism and identity politics in Europe This collection simultaneously describes the EU and its self constitution as one polity differentiated society and shared community and its contributors conceptualize the sense of common identity and solidarity in the context of the post sovereign multitude of European society **Reflecting on Social Work - Discipline and Profession** Karen Lyons, 2017-03-02 Social work has always been a contested activity and its status as an academic discipline remains uncertain There is currently renewed interest in the theoretical and research dimensions of social work at a time when significant changes in the broad social political and economic context in which practice takes place require a re evaluation of social work s role and a re examination of its identity This timely book brings together leading social work academics to examine the state of social work at the beginning of the 21st century With their focus on the relationships between research theory and practice they reflect critically on the nature of social work as a discipline in higher education and the importance of this to the profession as a whole The book represents an exploratory conversation among social work academics about the current state and future aspirations of the discipline and the profession It aims to stimulate wider debate about the dominant constraints and opportunities for social work in the 21st century *Landscapes of Mobility* Jennifer Johung, 2016-04-22 Our world is unquestionably one in which ubiquitous movements of people goods technologies media money and ideas produce systems of flows Comparing case studies from across the world including those

from Benin the United States India Mali Senegal Japan Haiti and Romania this book focuses on quotidian landscapes of mobility Despite their seemingly familiar and innocuous appearances these spaces exert tremendous control over our behavior and activities By examining and mapping the politics of place and motion this book analyzes human beings embodied engagements with their built world and provides diverse perspectives on the ideological and political underpinnings of landscapes of mobility In order to describe landscapes of mobility as a historically socially and politically constructed condition the book is divided into three sections objects contacts and flows The first section looks at elements that constitute such landscapes including mobile bodies buildings and practices across multiple geographical scales As these variable landscapes are reconstituted under particular social economic ecological and political conditions the second section turns to the particular practices that catalyze embodied relations within and across such spaces Finally the last section explores how the flows of objects bodies interactions and ecologies are represented presenting a critical comparison of the means by which relations processes and exchanges are captured depicted reproduced and re embodied

Late Modernity and Social Change Brian Heaphy, 2007-09-12 In this incisive text Heaphy introduces the work of Giddens Bauman Foucault and Baudrillard to show exactly how the arguments of the great contemporary theorists play out against extended examples from real life

Books in Print Supplement, 2002

The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives Christa Knellwolf, Christopher Norris, Jessica Osborn, 1989 This ninth volume in The Cambridge History of Literary Criticism presents a wide ranging survey of developments in literary criticism and theory during the last century Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate

John Edgar Wideman and Modernity Michel Feith, 2024-01-12 The career of writer John Edgar Wideman has been the sort of success story on which America prides itself Coming from an inner city African American neighborhood he studied at the Universities of Pennsylvania and Oxford published his first novel at age twenty six won two PEN Faulkner Awards as well as a MacArthur genius grant and has held several top teaching posts But profound tragedy has also marked his life both his brother and son received life sentences for murder and a nephew was killed at home after a bar fight His life thus illustrates how the strictures of race temper American notions of freedom and opportunity Wideman's engagement with race and identity has been nuanced and complex taking the form of what Michel Feith sees as a critical dialogue with modernity a moment in

history which gave birth not only to the Enlightenment but also to American slavery and the conundrum of race Feith argues that the key work in the Wideman oeuvre is *The Cattle Killing* 1996 his only historical novel whose threads include the 1793 yellow fever epidemic in Philadelphia the 1856 57 Cattle Killing prophecy which wreaked havoc among the Xhosa tribe of South Africa and the contemporary situation of black ghettos in the United States Unfolding within the early days of the American Republic the novel offers a window through which all of Wideman's works and their central concerns ghettoization imprisonment familial relationships emancipation and the diasporic sense of history can be understood With clarity and theoretical sophistication Feith offers provocative new readings of Wideman's texts from the Homewood books based on his youth in Pittsburgh to his haunting memoir *Brothers and Keepers* In the postmodern era Feith suggests critics of modernity are not in short supply but few have the depth rigor and thoughtfulness of John Edgar Wideman *Humanity & Society*, 2004 History Peter Claus, John Marriott, 2017-04-07 Demystifying the subject with clarity and verve *History* An Introduction to Theory Method and Practice familiarizes the reader with the varied spectrum of historical approaches in a balanced comprehensive and engaging manner Global in scope and covering a wide range of topics from the ancient and medieval worlds to the twenty first century it explores historical perspectives not only from historiography itself but from related areas such as literature sociology geography and anthropology Clearly written accessible and student friendly this second edition is fully updated throughout to include An increased spread of case studies from beyond Europe especially from American and imperial histories New chapters on important and growing areas of historical inquiry such as environmental history and digital history Expanded sections on political cultural and social history More discussion of non traditional forms of historical representation and knowledge like film fiction and video games Accompanied by a new companion website www.routledge.com/cw/clauss containing valuable supporting material for students and instructors such as discussion questions further reading and web links this book is an essential introduction for all students of historical theory and method *Theory and Practice* Jürgen Habermas, 2015-10-07 Theory and Practice is one of Habermas's major works and is widely recognized as a classic in contemporary and social and political theory Through a series of highly original historical studies Habermas re examines the relations between philosophy science and politics Beginning with the classical doctrine of politics as developed by Aristotle he traces the changing constellation of theory and practice through the work of Machiavelli More Hobbes Hegel and Marx He argues that with the development of the modern sciences politics has become increasingly regarded as a technical discipline concerned with problems of prediction and control Politics has thus lost its link with the practical cultivation of character that is with the praxis of enlightened citizens Theory and Practices includes a major re assessment of Marx's work and of the status of Marxism as a form of critique In an important concluding chapter Habermas examines the role of reason and the prospects for critical theory in our modern scientific civilization
