Nicosia, 2012-07-24 Offering a multidimensional approach to one of the most important episodes of the twentieth century The Columbia Guide to the Holocaust offers readers and researchers a general history of the Holocaust while delving into the core issues and debates in the study of the Holocaust today Each of the book's five distinct parts stands on its own as valuable research aids together they constitute an integrated whole Part I provides a narrative overview of the Holocaust placing it within the larger context of Nazi Germany and World War II Part II examines eight critical issues or controversies in the study of the Holocaust including the following questions Were the Jews the sole targets of Nazi genocide or must other groups such as homosexuals the handicapped Gypsies and political dissenters also be included What are the historical roots of the Holocaust How and why did the Final Solution come about Why did bystanders extend or withhold aid Part III consists of a concise chronology of major events and developments that took place surrounding the Holocaust including the armistice ending World War I the opening of the first major concentration camp at Dachau Germany's invasion of Poland the failed assassination attempt against Hitler and the formation of Israel Part IV contains short descriptive articles on more than two hundred key people places terms and institutions central to a thorough understanding of the Holocaust Entries include Adolf Eichmann Anne Frank the Warsaw Ghetto Aryanization the SS Kristallnacht and the Catholic Church Part V presents an annotated guide to the best print video electronic and institutional resources in English for further study Armed with the tools contained in this volume students or researchers investigating this vast and complicated topic will gain an informed understanding of one of the greatest tragedies in world history **Christ, Faith, and the Holocaust** Richard Terrell, 2011-01-20 How did the Holocaust take place in a nation of rich Christian history and cultural achievement What ideological and intellectual factors contributed to the nightmare of Adolf Hitler's Third Reich What theological forces contributed to the confused witness of the Christian churches How do Christians respond to the accusation that the Christian faith itself even its own Scriptures contributed to this modern tragedy What can Christians today learn from those who did in fact stand in the evil day In *Christ Faith and the Holocaust* Richard Terrell responds to these haunting questions in a work of cultural apologetics that takes up the challenges and accusations that Christianity itself was a major cause of Nazism's destructive path Here the Nazi movement is exposed as a virulently anti-Christian spirituality rooted in idolatrous doctrines that took every advantage of distorted theology and emotional pietism that had evolved in German thought and church life Here you will find the drama and importance of ideas and stories of personal witness that will sharpen the contemporary Christians sense of discernment in the arena of spiritual warfare *Jews and the Christian Imagination* S. Haynes, 1995-03-22

Reluctant Witnesses Jews and the Christian Imagination is an analysis of the ancient Christian myth that casts Jews as a witness people and this myth's presence in contemporary religious discourse. It treats diverse products of the Christian imagination including systematic theology, works of fiction and popular writings on biblical prophecy. The book demonstrates that the witness people myth, which was first articulated by Augustine and which determined official attitudes towards Jews in medieval Christendom, remains a powerful force in the Christian imagination.

### **Sources for Studying the Holocaust**

Paul R. Bartrop, 2023-04-14. Sources for Studying the Holocaust provides a pathway for readers to engage with questions about what sources can be used to study the Holocaust. For many historians the challenge has been how to rescue the story from oblivion when oft-used sources for other periods of history introduce even more issues around authenticity and reliability. What can be learned of what transpired in villages and towns numbering several thousand people when all its Jewish inhabitants were totally obliterated through Nazi action? Who can furnish eyewitness testimony if all the eyewitnesses were killed? How does one examine written records preserving knowledge of facts or events where none were kept or survived the onslaught? And what weight do we put upon such resources which did manage to endure the destruction wrought by the Holocaust? Each chapter looks at one of a diverse range of source materials from which scholars have rescued the history, including survivor testimony, diaries, letters, newspaper accounts, photographs, trial documents, artefacts, digital resources, memorials, films, literature and art. Each chapter shows how different types of records can be utilised as accurate sources for the writing of Holocaust history. Collectively they highlight the ways in which all material, even the most fragmentary, can be employed to recreate a reliable record of what happened during the Holocaust and show how all sources considered can be employed to find meaning and understanding by exploring a range of sources deeply. This book is a unique analysis of the types of sources that can be used to access the history of the Holocaust. It will be of invaluable interest to readers, students and researchers of the Holocaust.

### The Gypsies of Eastern Europe David Crowe, John Kolsti, Ian

Hancock, 2016-07-22. In recent news coverage of the dramatic political events in Eastern Europe, Gypsies have been a favourite sidebar topic. Some of the stories have been truly horrifying; others are written condescendingly and to amuse. But what has become clear is how little we really know about this people. In a concerted effort to uncover the modern history of the Rom in Eastern Europe, the authors examine the Gypsy experience in Albania, Czechoslovakia, Hungary, Romania and Yugoslavia, with special attention to the Nazi Holocaust as well as to the record of the forced settlement and education programmes instituted by communist regimes.
