## Reflections On The Rubian Soul:

Powder Burn William W. Johnstone, J.A. Johnstone, 2017-05-30 From America's greatest Western storytellers comes an epic quest for justice at the crossroads of history in a crossfire of bullets. Day of the Avenger U.S. Deputy Marshal Will Tanner earned his badge the old-fashioned way. He shot the bad guys, saved the good guys, and won the fear and respect of everyone in between. That's how legends are born. But when he visits a friend at his ranch and ends up confronting a trigger-happy horse thief, Will earns the wrath of the deadliest lowlife killers west of the Mississippi. This is how legends die. Turns out Will Tanner is nothing but a moving target on a blood-soaked trail of revenge. From a barroom shootout in Texas to a Chickasaw showdown in Oklahoma to a dangerous encounter with a hellion named Hannah, Deputy Marshal Tanner has his hands full, his finger on the trigger, and his life on the line. Praise for the novels of William W. Johnstone: For most fans of the Western genre, there isn't a bet much surer than a book bearing the name Johnstone. True West, A rousing two-fisted saga of the growing American frontier. Publishers Weekly on *Eyes of Eagles*: There's plenty of gunplay and fast-paced action as this old-time hero proves again that a steady eye and quick reflexes are the keys to survival on the Western frontier. *Curled Up with a Good Book* on *Dead Before Sundown*.

**Human Dignity in Asia** Jimmy Chia-Shin Hsu, 2022-09-15 Using interdisciplinary methods, this book is a pioneering exploration of Asian understandings of human dignity and human rights. It encompasses rigorous scrutiny of dignity jurisprudence in major Asian apex courts, detailed philosophical analysis of dignity in religious traditions, and contextualized socio-political analysis of religious dignity discourse in several Asian societies. This is an innovative systematic survey of how human dignity is understood in Asia, demonstrating how those understandings converge and diverge with other parts of the world. Synthesising legal, philosophical, and sociological expertise, this volume furthers the dialogue between Asia and the West and advances debates on whether human rights are universal or particular to any one region. As many of the world's liberal democracies are challenged by polarization and populism, this comparative study of human dignity broadens our horizons and offers a potential alternative to a rigidified social imagination.

*Life Embodied* Nicolás Fernández-Medina, 2018-05-30 The concept of vital force, the immanent energy that promotes the processes of life in the body and in nature, has proved a source of endless fascination and controversy. Indeed, the question of what vitalizes the body has haunted humanity since antiquity and became even more pressing during the Scientific Revolution and beyond. Examining the complexities and theories about vital force in Spanish modernity, Nicolás Fernández-Medina's *Life Embodied* offers a novel and provocative assessment of the question of bodily life in Spain. Starting with Juan de Cabriada's landmark *Carta filosófica místico-química* of 1687 and ending with Ramón Gómez de la Serna's avant-gardism of the 1910s, Fernández-Medina incorporates discussions of anatomy, philosophy, science, critical theory, history of medicine, and literary studies to argue that concepts of vital force served as powerful vehicles to interrogate the possibilities and limits of corporeality. Paying close attention to how the body's capabilities were conceived and strategically woven into critiques of modernity, Fernández-

Medina engages the work of Miguel Boix y Moliner Mart n Mart nez Diego de Torres Villarroel Sebasti n Guerrero Herreros Ignacio Mar a Ruiz de Luzuriaga Gaspar Melchor de Jovellanos Pedro Mata y Fontanet ngela Grassi Juli n Sanz del R o Miguel de Unamuno and P o Baroja among others Drawing on extensive research and analysis Life Embodied breaks new ground as the first book to address the question of vital force in Spanish modernity *Cadence* Bob Rusch,1999 **The Clan Destined** D. L. Moore,2013-05 A series based on the what if notion that your emotions have the power to physically manifest themselves What would happen if your anger got the better of you Would you blow up a building What if your sadness became tangible Would the masses around you cease to want to exist or would the sky darken and rain down your tears Our emotions are often considered the fuel for our passions but what if our empathy was the conduit that made such extraordinary feats possible Imagine a world that entertained such a notion Lince Breeze a young man born in our world with an unusual birthright gets pulled into the aged scarred world of Aveana A place wrought by heartache war and mystery Lince searches for the kidnapped love of his life only to find out what it means to truly be his father s son *A War Of Witches* Timothy J. Knab,2019-03-13 This book presents a tale with a complete concise compelling narrative that conveys some of the essence of the discovery adventure and learning of twenty years of field work of the author about the ancient religion of the Aztecs in Mexico The Dialogue of Earth and Sky Timothy J. Knab,2022-07-12 In Mexico s Sierra Norte de Puebla beliefs that were held before the coming of Europeans continue to guide the lives of modern Aztecs For residents of San Mart n Zinacapan life in and on the earth is animated by the same forces through which people seek to maintain a cohesive view of the relationship of mankind the cosmos and the natural world This delicate balance of the human spirit maintains the health and well being of villagers and is an essential part of the social and ideological framework that makes a person s life whole This book describes the basic elements of a belief system that has survived the onslaught of Catholicism colonialism and the modern world Timothy Knab has spent thirty years working in this area of Mexico learning of the Most Holy Earth and following what its people there call the good path He was initiated as a dreamer learned the prayers and techniques for curing maladies of the human soul and from his long association with the Sanmartinos has constructed a thorough account of their beliefs and practices Learning to recount dreams forming a dreamtale and carrying it on one s back to the waking world is the first part of the practitioner s labor in curing But dreamtales are shown to be more than parables in this world for they embody the ethos and cosmovision that link Sanmartinos with their traditions and the Most Holy Earth Building on this background Knab describes how the open ended interpretation of dreams is the practitioner s primary instrument for restoring a client s soul to its proper equilibrium thus providing a practical approach to finding and resolving everyday problems Many anthropologists hold that such beliefs have long since disappeared into the nebulous past but in San Mart n they remain alive and well The underworld of the ancestors talocan or Tlalocan for the Aztecs is still a vital part of everyday life for the people of the Sierra Norte de Puebla The Dialogue of Earth and Sky is an important record of a culture that has

maintained a precolumbian cosmovision for nearly 500 years revealing that this system is as resonant today with the ethos of Mesoamerican peoples as it was for their ancestors *From the Well to the Sea* Hideo Hatakeda,2010-08 *From the Well to the Sea* is the true story of a young Japanese man who travels by ship to distant New Zealand where he makes an inner journey of faith from Buddhism to Christianity Using detailed material from his personal diary readers will enjoy following Hideo Hatakeda as he struggles to adapt to living and working in a completely different culture from his own When he realizes that Christian fellowship has no ethnic boundaries because of the indwelling of the Holy Spirit he learns to trust not in circumstances or blessings but in God alone Truly this Japanese frog has jumped into the great ocean of self discovery to experience the joy of a personal relationship with the true and living God In like manner readers will discover a fresh perspective on cultural differences and gain renewed faith as they see the world through the eyes of one young Japanese missionary **The Trinity of Trauma: Ignorance, Fragility, and Control** Ellert Nijenhuis,2015-04-22 The Trinity of

Trauma Ignorance Fragility and Control is structured as a trilogy This book includes the first two parts Volume I The Evolving Concept of Trauma and Volume II The Concept and Facts of Dissociation in Trauma which are predominantly conceptual theoretical and empirical in nature Volume I aims to overcome conceptual flaws that have plagued the trauma field to date It proposes new definitions of trauma and derivative concepts as well as a dimension of trauma related disorders It suggests that individuals and their environment constitute depend on and are relative to each other Volume I unites two groups of trauma related disorders that were previously contrasted in psychiatric history under various names such as melancholia versus hysteria traumatic neurosis versus traumatic hysteria and posttraumatic stress disorder versus dissociative disorders It also mends the dissociation of dissociative and conversion disorders Volume II analyzes and defines the concepts of personality self dissociation in trauma and dissociative parts It explores and documents the biopsychosocial features of different prototypical dissociative parts in traumatized individuals Important features of these parts also characterize other players in traumatization stretching from perpetrators to society at large **The Routledge**

**International Handbook of Clinical Hypnosis** Julie H. Linden,Giuseppe De Benedittis,Laurence I. Sugarman,Katalin Varga,2024-02-02 The Routledge International Handbook of Clinical Hypnosis explores and clarifies the challenge of defining what hypnosis is and how best to integrate it into treatment It contains state of the art neuroscience cutting edge practice and future oriented visions of clinical hypnosis integrated into all aspects of health and clinical care Chapters gather current research theories and applications in order to view clinical hypnosis through the lens of neurobiological plasticity and reveal the central role of hypnosis in health care This handbook catalogs the utility of clinical hypnosis as a biopsychosocial intervention amid a broad range of treatment modalities and contexts It features contributions from esteemed international contributors covering topics such as self hypnosis key theories of hypnosis hypnosis and trauma hypnosis and chronic pain management attachment and more This handbook is essential for researchers clinicians and newcomers to clinical hypnosis

in medical schools hospitals and other healthcare settings Chapters 4 35 62 and 63 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
