Scotland Ian Wallace, 1988 My Scotland, Our Britain Gordon Brown, 2014-06-19 My Scotland Our Britain A Future Worth Sharing is a highly personal account of Gordon Brown s Scotland the nation he was born in and our Britain the multinational state that the Scots English Welsh and Northern Irish have created and share Laying bare his family s ancestry over 300 years of the Union and explaining how it shaped his background Brown charts what it was like growing up in Scotland in the 1950s and 1960s and explains the influence of religion education and Scotland s unique industrial structure on the shaping of his and Scotland s identity He sets out the dramatic economic social and cultural changes of the past fifty years and the vastly different prospects his children will face demonstrating that a sense of Scottish national identity has always remained strong and how Scottish institutions have always fiercely guarded their independence The referendum should not be seen as a battle between Scotland and Britain he argues but one between two visions of Scotland s future one that sees Scotland prosper with a strong Scottish Parliament that is part of the UK and one that severs all the political links Scots have with the UK Brown puts forward his proposal for a constitutional settlement that could unite the country and argues that in tune with Scotland s history of deep engagement with the wider world as inventors explorers traders missionaries business leaders and aid workers the best future for Scots is not to leave Britain but to continue to shape it The English Review, Or, An Abstract of English and Foreign Literature , 1784 **A Better Nation** Gerry Hassan, Simon Barrow, 2022-05-30 As the battle

of words over the future of Scotland as a democracy nation and society continues A Better Nation The Challenges of Scottish Independence aims to go beyond the superficial divisions and media noise in order to address matters of real substance Drawing on a range of original thinkers from a wide range of backgrounds it tackles key issues about money culture equality energy borders jobs Europe and other big questions head on A Better Nation illustrates the high stakes in this debate as well as the opportunities it affords Outlining political approaches which are respectful of different views doubts and ambiguities it asks what kind of society we want to create and how we want to govern ourselves The nature of the British state and Scottish democracy the need to tackle inequalities the challenges of centre left politics the climate emergency and the pressing need for a wellbeing economy are put at the heart of the discussion about independence Contributors include Ciaran Martin Roz Foyer Paul Mason Gavin Esler Joyce McMillan John Curtice Dani Garavelli David Clark Tanja Bueltmann Malcolm Chalmers Kirsty Hughes John Kay Lisa Clark Colin Kidd Hannah Graham Paul Sweeney and many others
