Reflections on the Vietnam War United States. Dept. of the Army. Center of Military History, 1979 Reflections on the Vietnam War Warren Hunt, 2017-12-08 An important contribution to the literature on the war Gary R Hess Emeritus Distinguished Research Professor Bowling Green State University Author Vietnam Explaining America's Lost War In his Reflections on the Vietnam War A Fifty Year Journey Warren E Hunt chronicles his long struggle to come to grips with the meaning of the Vietnam War and how it affected him before during and after his tour in Vietnam with the U S First Infantry Division Using a stylistic mix of personal anecdote historical reflection and essay the author weaves his experience of the war into a broad context encompassing the course of his life Starting out as a naive and patriotic teenager drafted at age 19 he traces his path through military training his impressions of Vietnam and its people the absurdity of daily basecamp life and the crucible of enemy fire Returning to a nation torn apart by the war he soon realizes that even though he is no longer in the army he cannot escape the war's insane grasp Catastrophic events in Vietnam and on the home front along with the dawning awareness of suicides among his fellow veterans prompt him to seek answers to the questions that haunt his daily life Why did America go to war in Vietnam How could we lose Why did so many people have to suffer in vain His quest leads him to the unveiling of the Vietnam Veterans Memorial in Washington D C where painful memories and powerful emotions merge to initiate a healing process for the author his fellow veterans and the country at large *Reflections on Vietnam* R. G. Clarke, 2021-03-27 The war in Vietnam impacted more than just the lives of those who were there it toppled governments forced changes to national policy and forever altered lives But what of those who were there Reflections on Vietnam lays bare the real life experiences of some of those who were there giving insight to the effect of those experiences on those who lived through it *Vietnam & Beyond* Jenny La Sala, Jim Markson, 2014-09-18 Vietnam and Beyond is a collection of wartime letters written home by Jim Markson from March 1967 to March 1968 Jim carried sadness and boxed up memories from Vietnam Perhaps if it were not for the general divided and oppositional public opinion of the Vietnam War at that time the soldiers returning home might have been able to open up and begin the healing process Instead those soldiers returning from Vietnam were afraid to tell their story These fears bound each soldier to the other We are very proud to embrace all veterans and include stories of veterans of all wars including WWII Korea Vietnam Iraq and Afghanistan to show the similarities of war

and the soldier from one generation to another **Triumph or Tragedy Reflections on Vietnam** Richard N. Vietnam Journal Reflections and Personal Memories Roger Vanover,2018-02-14 A soldier s journey into a land of war and his memories of the time and a reflection fifty years later The narrative recalls personal times in his life and how time has given a new perspective **Reflection of Home Letters from Vietnam** Leo Dubois,2007 In 1965 Master Sergeant Leo Dubois was ordered to Vietnam Seventeen years in the Air Force 37 years old with five soon to be six children he moved his family to Jacksboro Texas for the year and then departed for the airbase at Da Nang Every day or two he exchanged letters with his beloved wife Don Leta Her letters from home are gone but Leo s letters survive They tell stories of tumult on a rapidly expanding military base and the trials and humor of leading the young men under his supervision And the letters reveal life at home not directly but indirectly as if in reflection From beginning to end and deeply they reveal the tender affection and abiding devotion of a husband for his wife 344 pages 77 photographs and illustrations **What They Know: Reflections of Vietnam** Rebecca Dean,2021-08-11 In a 1980s junior college classroom in western Florida a young English professor assigns the first paper Her students of whom many are of Vietnamese origin are unsure of what to write about The professor offers one piece of advice Write about what you know This book is a collection of essays written by Vietnamese refugees who vividly depict their memories of fear danger hope and strength as they escaped Vietnam during one of the darkest periods of the twentieth century Their stories provide a glimpse into this period that is grossly underemphasized by historical curricula and remind us of the resilience of the human spirit in dangerous situations In addition to the essays the book includes a new introduction by the instructor who reflects on the lessons she learned from her Vietnamese students that stayed with her for the rest of her life Peace liberty and freedom can be achieved on our planet but only through communication understanding and empathy between different peoples The people of the United States do not know nearly enough about the Vietnamese people for and against whom we battled so many years We have not heard the voices the thoughts the experiences and the attitudes of this population Perhaps because we have not listened **Why Vietnam** Margaret Colbert Brown,2025-03-30 Explores the complex reasons behind the USA s involvement in Vietnam analyzing political social and military factors The reasons behind the USA s involvement in Vietnam remain a subject of extensive debate Initially America supported the French until their defeat at Dien Bien Phu which then shifted to backing the South Vietnamese government due to fears of communism spreading throughout Southeast Asia Why Vietnam delves into the myriad reasons for US involvement examining theories that date back to 1918 when Woodrow Wilson ignored Ho Chi Minh s

plea for independence at the Treaty of Versailles through to Johnson's full commitment to the undeclared war which restrained the military to a defensive role in protecting South Vietnam instead of an offensive one that would send troops across the DMZ into Laos and Cambodia. The questions of why the USA became involved whether their involvement was justified and if the war was ever winnable have been fiercely debated for over 50 years. This book seeks to address these whys by providing a thorough examination of all contributing factors from presidential actions to foreign policy and the social and political climates of the war era.

Last Reflections on a War Bernard B. Fall, 1967 **The Human Tradition in the Vietnam Era** David L. Anderson, 2000

The Vietnam War was an immense national tragedy that played itself out in the individual experiences of millions of Americans. The conflict tested and tormented the country collectively and individually in ways few historical events have. The Human Tradition in the Vietnam Era provides a window into some of those personal journeys through that troubled time. The poor and the powerful, male and female, hawk and dove, civilian and military are all here. This rich collection of original biographical essays provides contemporary readers with a sense of what it was like to be an American in the 1960s and early 1970s while also helping them gain an understanding of some of the broader issues of the era. The diverse biographies included in this book put a human face on the tensions and travails of the Vietnam Era. Students will gain a better understanding of how individuals looked at and lived through this controversial conflict in American history. An excellent text for courses on the Vietnam War, post World War II U.S. history, twentieth century U.S. history, the 1960s, and U.S. history survey.

The Vietnam War Experience: Reflections on the War and Its Consequences Paul M. Ryan, 2020-09-09

The intent of this book is first to provide insights into the Vietnam war and second to express the effects of that war on both the veteran and society. Serving in a war zone necessarily affects the psyche, sometimes producing symptoms of mental illness. It also affects the veteran morally, emotionally, and too often physically. The stories are meant to elucidate the psychological and other effects that war inflicts. Often an affected veteran may not realize psychiatric symptoms or their cause. Veterans who read this work will recall their military service and also gain some insight into symptoms that they may have experienced or continue to experience as a result of their service. The stories are a mix of fact and fiction. Some stories are based on the author's experience in Vietnam and on his experience in representing disabled veterans and others with claims for disability benefits. Some stories or parts of stories are based on reports of fellow soldiers or on impressions of what likely occurred, the product of fact and the author's imagination. The poems were written during time served in Vietnam. They reflect thoughts that most GIs had at one time or another. Hopefully, this book will help veterans cope with illnesses and disabilities that were occasioned by their time in the military. It is hoped that society will learn how to relate with courtesy and respect to those who now serve or have served our nation in its various wars.

After the Storm Paul Drew, 1999

Paul Drew could never have predicted the impact that combat and the underlying mood of the nation would have on him and his fellow soldiers. The social stigma still stings for most Vietnam vets who were thought of as drug addicted.
