Reform And Growth Evaluating The World Bank Experience:

Reform And Growth Ajay Chhibber, R. Kyle Peters, Barbara J. Yale, Included in this volume are the contributions of distinguished development practitioners on issues such as the links between good performance and policy change how windows of opportunity can best be used to promote reform and how developed country policies can be improved to create a better global environment for development *Reform and Growth* Ajay Chhibber, R. Kyle Peters, Barbara J. Yale, 2006 Included in this volume are the contributions of distinguished development practitioners on issues such as the links between good performance and policy change how windows of opportunity can best be used to promote reform and how developed country policies can be improved to create a better global environment for development **Reform and Growth** Ajay Chhibber, R. Kyle Peters, Barbara J. Yale, 2017 Although the quest for growth remains as elusive as it was more than a decade ago there is now much greater consensus on the policies and institutional changes that are needed to foster growth and economic development But debate continues on the timing sequencing and local adaptation of these reforms Furthermore although the benefits of reform are well documented the reasons as to why and when reforms occur still remain somewhat unclear Many countries go through long periods of stagnation or even decline without being able to create an environment for change while others seem able to break the hold of vested interests and start following paths of reform In October 2004 the Operations Evaluation Department OED of the World Bank held a conference on the Effectiveness of Policies and Reform This event provided a forum at which participants over 500 government officials civil society representatives and World Bank staff could discuss how to improve the effectiveness of World Bank support for development policies and reform programs Included in this volume are the contributions of distinguished development practitioners on issues such as the links between good performance and policy change how windows of opportunity can best be used to promote reform how ownership of policies and reform programs can be encouraged and how developed country policies can be improved to create a better global environment for development Provided by publisher *Reform and Growth* R. Kyle Peters, 2017-09-04 Although the quest for growth remains as elusive as it was more than a decade ago there is now much greater consensus on the policies and institutional changes that are needed to foster growth and economic development But debate continues on the timing sequencing and local adaptation of these reforms Furthermore although the benefits of reform are well documented the reasons as to why and when reforms occur still remain somewhat unclear Many countries go through long periods of stagnation or even decline without being able to create an environment for change while others seem able to break the hold of vested interests and start following paths of reform In October 2004 the Operations Evaluation Department OED of the World Bank held a conference on the Effectiveness of Policies and Reform This event provided a forum at which participants over 500 government officials civil society representatives and World Bank staff could discuss how to improve the effectiveness of World Bank support for development policies and reform programs Included in this volume are the

The Political Economy of Macroeconomic Policy Reform in Latin America Eduardo Wiesner, 2009-01-01 This book is a must read for anyone interested in policy reforms in Latin America The author combines tremendous experience in the field and deep knowledge of economic theory a rare combination Alberto Alesina Harvard University US One of the key contributions of this book is its insistence on the importance of policy institutional and political accountability for evaluating and enhancing macroeconomic performance and for reducing inequality John B Taylor Stanford University and Hoover Institution US Dr Wiesner combines a command of modern political and economic theories and detailed knowledge of Latin America to clarify why reform of policies and institutions has proved so difficult in that region His general conclusion is that initial conditions of inequality and poverty reduce the demand for reform but he finds that the process manifests itself differently in different countries He identifies several necessary conditions for breaking out of these vicious circles Scholars and practitioners alike can learn from his impressively thorough and detailed analysis Avinash K Dixit Princeton University US This book argues insightfully that underdevelopment is the result of the political economy difficulties some countries have in the effectiveness of public expenditures in general and of social pro poor expenditures in particular The policy implication is that reform strategies should focus on identifying the wrong political incentives in public expenditures Ricardo Hausmann Harvard University US Eduardo Wiesner's book makes an important contribution to the understanding of development by blending together the interdependent issues of i macroeconomic performance and volatility ii equity and distributive justice iii fiscal deficits and the redistributive effectiveness of social public expenditures and iv the demand for the right institutions and for policy reform in Latin America It does this by examining recent macroeconomic crises from a political economy perspective and finds that information is the critical algorithm that links together the demand for macroeconomic stability macroeconomic performance and ultimately distributive justice This volume is geared toward those interested in the political economy of development and policy reform in general and in Latin America including academics policy makers and the general reader

The World Bank Group's Response to the Global Economic Crisis World Bank Staff, 2011 The World Bank Group has responded to the global economic crisis with a strong countercyclical expansion of financing Its disbursements of 80 billion in the past two fiscal years were the largest among the Multilateral Development Banks There was notable variation across the WBG with vastly increased IBRD

lending moderately higher IDA financing and overall responses from IFC and MIGA that were not counter cyclical The differences reflected the interplay of financial capacities business models and available instruments While the level of financial flows is one aspect of crisis response Evaluating a Decade of World Bank Gender Policy, 1990-99 ,2005-01-01 Annotation As part of the Bank s poverty reduction mandate the Bank s 1994 Operational Policy on Gender Dimensions of Development aimed to reduce gender disparity and increase the participation of women in the economic development of their countries This evaluation examines the relevance and results of this policy An Impact Evaluation of India's Second and Third Andhra Pradesh Irrigation Projects Howard White,2008 The Independent Evaluation Group IEG of the World Bank has undertaken impact evaluations of the Bank s support to irrigation in Andhra Pradesh India under AP Irrigation II and III and of the U K Department for International Development supported Rural Livelihoods Project RLP This is one of a series of IEG impact evaluations see appendix H IEG s program of impact evaluation is in part carried out under a Department for International Development IEG partnership agreement hence the focus on RLP However survey villages are also covered by the Bank supported DPIP project so that the findings are also relevant to this project *Retooling Development Aid in the 21st Century* Shahrokh Fardoust,Stefan G. Koeberle,Moritz Piatti-Fünfkirchen,Lodewijk Smets,Mark Sundberg,2023 Global threats such as pandemics climate change inequality low growth and conflict have made it more difficult to achieve the Sustainable Development Goals This book examines the role of budget support in effectively responding to new realities developing countries face set against the backdrop of dramatically changing economic architecture **Analyzing the Effects of Policy Reforms on the Poor** World Bank,2010-05-05 This IEG evaluation requested by the World Bank s Board of Executive Directors represents the first independent evaluation of the PSIA experience The evaluation finds that The PSIA approach has appropriately emphasized the importance of assessing the distributional impact of policy actions understanding institutional and political constraints to development and building domestic ownership for reforms PSIAs have not always explicitly stated their operational objectives i e informing country policies informing Bank operations and or contributing to country capacity PSIAs have had limited ownership by Bank staff and managers and have often not been effectively integrated into country assistance programs Quality assurance and Monitoring and Evaluation of the overall effectiveness of PSIAs have been weak The evaluation recommends that the World Bank Ensure that Bank staff understand what the PSIA approach is and when to use it Clarify the operational objectives of each PSIA and tailor the approach and timeline to those objectives Improve integration of the PSIA into the Bank s country assistance program by requiring that all earmarked funding for PSIAs be matched by a substantial contribution from the country unit budgets Strengthen PSIA effectiveness through enhanced quality assurance **Party Politics and Economic Reform in Africa's Democracies** M. Anne Pitcher,2012-05-07 Argues that the interaction of formal institutions and the quality of democracy explain patterns of private sector development across Africa **Strategic Reforms for Agricultural Growth in Pakistan** Rashid Faruquee,1999

Future prospects for the agricultural sector in Pakistan depend on its ability to increase output and income of producers Agriculture remains the backbone of the Pakistani economy employing more than half the labor force and accounting for 70 per cent of export revenues However agriculture faces two sets of constraints in Pakistan resource constraints and policy distortions This volume deals with the major resource and policy constraints currently facing Pakistani agriculture Government involvement in Pakistan s agricultural sector has been excessive and often inappropriate and agricultural reforms are a key part of the adjustment program underway in Pakistan Some of the principal goals of the program are to ensure a sound and sustainable macroeconomic framework with sustainable internal and external balances to liberalize trade privatize government owned enterprises deregulate and eliminate public sector monopolies and to reform the financial sector The agricultural sector can contribute to the Pakistani economy and to the adjustment program Agriculture has the potential to make a larger contribution to total revenue and plays an important role in external balances A favorable climate gives Pakistan a strong comparative advantage in horticulture as indicated by the rapid growth of the subsector in the absence of policy interventions

Country Assistance Evaluation Retrospective World Bank, Kyle Peters, 2005-01-01 This report is a self evaluation of the Operations Evaluation Department s OED Country Assistance Evaluations CAEs CAEs examine World Bank performance in a particular country usually over the past four to five years and report on its conformity with the relevant Bank Country Assistance Strategy CAS and on the overall effectiveness of the specific CAS This Retrospective addresses the question What Have We Learned by compiling lessons relevant for developing country assistance strategies from the most recent batch of CAEs Second it assesses revisions to the CAE process

Development Aid George Mavrotas, Mark McGillivray, 2009-01-15 This book addresses several gaps in knowledge of aid allocation and effectiveness and provides new analytical insights Topics covered include the interface between aid allocation and perceptions of aid effectiveness the year on year volatility of aid and evaluation of the country level impacts of aid

World Bank Assistance to Agriculture in Sub-Saharan Africa , 2007-01-01 Sub Saharan Africa is a critical development priority it has some of the world s poorest countries and during the past two decades the number of poor in the Region has doubled to 300 million more than 40 percent of the Region s population Africa remains behind on most of the Millennium Development Goals MDGs and is unlikely to reach them by 2015 With some of the world s poorest countries Africa is a development priority for the donor community A major drag on Africa s development is the underperformance of the critical agriculture sector which has been neglected both by donors and governments over the past two decades The sector faces a variety of constraints that are particular to agriculture in Africa and make its development a complex challenge Poor governance and conflict in several countries further complicate matters IEG has assessed the development effectiveness of World Bank assistance in addressing constraints to agricultural development in Africa over the period of fiscal 1991 2006

Foreign Aid and Development Finn Tarp, 2000-08-17 Aid has worked in the past but can be made to work better in the future This book offers important new

research and will appeal to those working in economics politics and development studies as well as to governmental and aid professionals

Digital Media and Wireless Communications in Developing Nations Megh R. Goyal, Emmanuel Eilu, 2019-09-16 Digital Media and Wireless Communication in Developing Nations Agriculture Education and the Economic Sector explores how digital media and wireless communication especially mobile phones and social media platforms offer concrete opportunities for developing countries to transform different sectors of their economies The volume focuses on the agricultural economic and education sectors The chapter authors mostly from Africa and India provide a wealth of information on recent innovations the opportunities they provide challenges faced and the direction of future research in digital media and wireless communication to leverage transformation in developing countries The volume provides important research on digital media and wireless communication within the context of developing countries that will be very useful for professionals from academia government agencies NGOs technologists entrepreneurs and investors and others 2004

Annual Review of Development Effectiveness Christopher D. Gerrard, 2005-01-01 The 2004 Annual Review of Development Effectiveness looks at the recent growth and poverty reduction experience of client countries It assesses the extent to which Bank interventions have contributed to growth and poverty reduction and the effectiveness of different types of interventions The review uses the key elements of the Bank's 2001 poverty reduction strategy to examine the extent to which these elements respond to the needs of the poor are actually being carried out and are having an impact

Capacity Building in Africa World Bank, 2005-01-01 African countries need to improve the performance of their public sectors if they are going to achieve their goals of growth poverty reduction and the provision of better services for their citizens Between 1995 and 2004 the Bank provided some 9 billion in lending and close to 900 million in grants and administrative budget to support public sector capacity building in Africa This evaluation assesses Bank support for public sector capacity building in Africa over these past 10 years It is based on six country studies assessments of country strategies and operations across the Region and review of the work of the World Bank Institute the Institutional Development Fund and the Bank supported African Capacity Building Foundation
