

An abstract painting featuring a central, pale, and somewhat featureless face. The face is surrounded by swirling, textured colors in shades of blue, purple, and brown. In the upper left, there are faint, overlapping lines of text that appear to be "RECUERDADO" and "RECUERDADO". In the lower left, the word "RECUERDADO" is written in a larger, more prominent, and slightly blurred font. In the lower right, there is a small, dark, abstract shape that resembles a bird or a mask, with the word "RECUERDADO" written vertically next to it.

Refractions Paperback By Armand Octavio Maier Carol:

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

Refractions Octavio Armand, 1994 The word refractions evokes the subject's techniques and forms of this highly intensive collection Eleven essays and eleven poems each refracted from the other display Armand's passionate poetics of reading and looking at the world of literature and art with the mind, eyes and heart of an exiled writer His topics vary from Kafka the great Cuban writer Lezama Lima Robert Morris and tattoos as a test of personal identity to qualities of light and Van Gogh But the true hero in this intriguing spectrum is Armand's style which simultaneously discovers, invents and draws the reader into a singular reality Carol Maier's translation undertaken in remarkable collaboration with the author renders Armand's beautiful if sometimes wrenching vision in exacting refraction of her source Together Armand and Maier have created a major new work of Latin American literature in English

Translating and Interpreting Conflict Myriam Salama-Carr, 2007 The relationship between translation and conflict is highly relevant in today's globalised and fragmented world and this is attracting increased academic interest This collection of essays was inspired by the first international conference to directly address the translator and interpreter's involvement in situations of military and ideological conflict and its representation in fiction The collection adopts an interdisciplinary approach and the contributors to the volume bring to bear a variety of perspectives informed by media studies, historiography, literary scholarship and self-reflective interpreting and translation practice The reader is presented with compelling case studies of the embeddedness of translators and interpreters either on the ground or as portrayed in fiction and of their roles in mediating, memorizing or rewriting conflict

Infinity (stage) Spencer Golub, 2001 A moving and genre-defying text written after a great loss that blurs the boundaries between writing and performance

Of Borders and Thresholds Michal Kobińska, 1999 The theatre is full of borders and boundaries between the real and illusionary conditions of the stage between the way one acts onstage and in real life between stage and audience performance and reception As such theatre offers a unique opportunity to examine the construction, representation and functioning of borders This is the task undertaken by the authors of this volume the first to apply the lexicon and concepts of border theory to theatre history and performance theory The contributors highly regarded theatre historians, theorists and practitioners address a wide range of border-related themes Their topics include the construction of America in the sixteenth century theatre practices in eighteenth century England American Latino
