Refugee Camp The Victims Of The War In Sudan Daniels Story:

Body of Victim, Body of Warrior Cabeiri deBergh Robinson, 2013-03-08 This book provides a fascinating look at the creation of contemporary Muslim jihadists Basing the book on her long term fieldwork in the disputed borderlands between Pakistan and India Cabeiri deBergh Robinson tells the stories of people whose lives and families have been shaped by a long history of political conflict Interweaving historical and ethnographic evidence Robinson explains how refuge seeking has become a socially and politically debased practice in the Kashmir region and why this devaluation has turned refugee men into potential militants She reveals the fraught social processes by which individuals and families produce and maintain a modern jihad and she shows how Muslim refugees have forged an Islamic notion of rights a hybrid of global political ideals that adopts the language of human rights and humanitarianism as a means to rethink refugees positions in transnational communities Jihad is no longer seen as a collective fight for the sovereignty of the Islamic polity but instead as a personal struggle to establish the security of Muslim bodies against political violence torture and rape Robinson describes how this new understanding has contributed to the popularization of jihad in the Kashmir region decentered religious institutions as regulators of jihad in practice and turned the families of refugee youths into the ultimate mediators of entrance into militant organizations This provocative book challenges the idea that extremism in modern Muslim societies is the natural by product of a clash of civilizations of a universal Islamist ideology or of fundamentalist conversion *The End of Where We Begin* Rosalind Russell, 2023-10-12 Winning the 2021 Moore Prize for writing that promotes the values consistent with the advancement of human rights and dignity an account of the true stories of three refugees fleeing the civil war in South Sudan A beautiful moving and important book Simon Reeve author One Day in September Veronica is a teenager when civil war erupts in South Sudan the world s youngest country Lonely and friendless after the death of her father she finds solace in her first boyfriend and together they flee across the city when fighting breaks out On the same night Daniel the son of a colonel also makes his escape but finds himself stranded beside the River Nile alone and vulnerable Lilian is a young mother who runs for her life holding the hand of her little boy Harmony until a bomb attack wrenches them apart and she is forced to trek on alone After epic journeys of endurance these three young people s lives cross in Bidi Bidi in Uganda the world s largest refugee camp There they meet James a counselor who helps them find light and hope in the darkest of places In a gripping true life narrative Rosalind Russell tells their stories with uplifting empathy and tenderness *Encyclopedia of Contemporary Writers and Their Works* Geoff Hamilton, Brian Jones, 2010 Provides a comprehensive overview of the best writers and works of the current English speaking literary world *Reality Bites* Görrrel Espelund, Jesper Strudsholm, 2003 Reality Bites is a book that celebrates the African spirit the triumph over adversity and the resilience of African peoples from twelve different countries **Anthropology Matters, Third Edition** Shirley A. Fedorak, 2017-04-05 The third edition of this bestselling book introduces readers to anthropology and the world around it by connecting important concepts to current

Race of Time Daniel Chaffee, Samuel Han, 2015-11-17 Charles Lemert is one of the most renowned critics of social theory and theorists today The editors of this book have offered and contextualised many of his best essays and situated them against the backdrop of American sociology The breadth of Lemert s work doesn t stop at an academic engagement with theoretical debates such as globalisation or postmodernism but cuts right to the heart of abiding social issues His work is focused and continues to probe pressing questions such as the rise of vulnerabilities in an era of new capitalism By weaving together personal narrative research lucid explanations and a dynamic engagement with social theory of old and new his unique prose renders accessible complex theoretical debates

A History of Genocide in Africa Timothy J. Stapleton, 2017-04-17 Based on a series of detailed case studies this book presents the history of genocide in Africa within the specific context of African history examining conflicts in countries such as Burundi Democratic Republic of Congo Namibia Rwanda and Sudan Why has Africa been the subject of so many accusations related to genocide Indeed the number of such allegations related to Africa has increased dramatically over the past 15 years Popular racist mythology might suggest that Africans belong to tribes that are inherently antagonistic towards each other and therefore engage in tribal warfare which cannot be rationally explained This concept is wrong as Timothy J Stapleton explains in A History of Genocide in Africa the many conflicts that have plagued post colonial Africa have had very logical explanations and very few of these instances of African warring can be said to have resulted in genocide Authored by an expert historian of Africa this book examines the history of six African countries Namibia Rwanda Burundi Democratic Republic of Congo Sudan and Nigeria in which the language of genocide has been mobilized to describe episodes of tragic mass violence It seeks to place genocide within the context of African history acknowledging the few instances where the

international legal term genocide has been applied appropriately to episodes of mass violence in African history and identifying the many other cases where it has not and instead the term has been used in a cynical manipulation to gain some political advantage Readers will come to understand how to a large extent genocide accusations related to post colonial Africa have often served to prolong wars and cause greater loss of life The book also clarifies how in areas of Africa where genocides have actually occurred there appears to have been a common history of the imposition of racial ideologies and hierarchies during the colonial era which when combined with other factors such as the local geography demography religion and or economics resulted in tragic and appalling outcomes

Sudan Democratic Gazette ,1992 **The Boston Globe Index** ,2001 **Genocide Studies** Jeffrey S. Bachman,2024-10-11 In recent years the world has been shaken by numerous events that have caused and continue to cause massive human suffering from the COVID

19 pandemic to intrastate and interstate armed conflicts Moreover climate change continues to plow ahead contributing to growing tensions population movements and resource scarcity Meanwhile the methods by which groups and group life are threatened and the means by which violence is incited and perpetrated continue to evolve Such divergent crises even when they overlap or intersect confound definition and label This book seeks not to answer the question What is genocide but rather What is genocide studies When Raphael Lemkin coined the term genocide in 1944 he could not have foreseen what the world would look like today Now is the time to think about current manifestations of genocide and those likely to emerge in the future **Bulletin of the Atomic Scientists** ,1985-09 *AF Press Clips* ,1984-07 **The Washington Post Index** ,1989
