Thomas,2006-07 **Marine Rifleman** Wesley L. Fox,2002 Intrigued by the mystique and challenge of the Marine Corps eighteen year old Wesley Fox enlisted in the summer of 1950 shortly after the outbreak of the Korean War He saw action with the First Marine Division in Korea and was wounded in 1951 After Korea Fox advanced steadily in the enlisted ranks reaching the rank of first sergeant and early in the Vietnam War he received an appointment as second lieutenant While serving as a rifle company commander with the Third Marine Division in 1969 he was twice wounded in a vicious battle during Operation Dewey Canyon Early in this battle every member of the company s command staff was either wounded or killed In an all or nothing effort led by First Lieutenant Fox his company repulsed the attack of a much larger enemy force and then counterattacked with devastating results For conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty Fox received the Medal of Honor which President Richard Nixon presented to him at the White House Despite the personal sacrifice and frequent danger Fox resolutely embraced the ethos of the Marine Corps risking his life on numerous occasions and emerging as a leader in one of the most respected and feared fighting organizations in the world Readers interested in U S military history from the second half of the twentieth century in the Marine Corps and in inspiring tales of personal achievement will find plenty of each in Fox s extraordinary memoir **Military Review** ,2004 **Monthly Catalog of United States Government Publications** ,1997 *Naval History* ,1997 *United States Army Combat Forces Journal* ,1951 *Proceedings of the United States Naval Institute* United States Naval Institute,2016-07 **Professional Journal of the United States Army** ,2004 **Army** ,1955 Air University Library Index to Military Periodicals ,1990 *Marine Corps Gazette* ,1943 Counterinsurgency Lessons from Malaya and Vietnam John Nagl,2002-10-30 Armies are invariably accused of preparing to fight the last war Nagl examines how armies learn during the course of conflicts for which they are initially unprepared in organization training and mindset He compares the development of counterinsurgency doctrine and practice in the Malayan

Emergency from 1948 1960 with that developed in the Vietnam Conflict from 1950 1975 through use of archival sources and interviews with participants in both conflicts In examining these two events he argues that organizational culture is the key variable in determining the success or failure of attempts to adapt to changing circumstances Differences in organizational culture is the primary reason why the British Army learned to conduct counterinsurgency in Malaya while the American Army failed to learn in Vietnam The American Army resisted any true attempt to learn how to fight an insurgency during the course of the Vietnam Conflict preferring to treat the war as a conventional conflict in the tradition of the Korean War or World War II The British Army because of its traditional role as a colonial police force and the organizational characteristics that its history and the national culture created was better able to quickly learn and apply the lessons of counterinsurgency during the course of the Malayan Emergency This is the first study to apply organizational learning theory to cases in which armies were engaged in actual combat

Soldiers of the Sea Robert Debs Heinl, 1991 From the War of Independence through the dark days of the Cold War the Marines have fought in all the nation's wars Their readiness and prompt action at Harper's Ferry stopped John Brown's insurrection in its tracks In 1917 as the First to Fight slogan demonstrated its electric effect the 5th Marines sailed for France and joined up with the first convoy at sea anxious to get on with the war With courage discipline and typical small unit initiative the Marines triumphed at Belleau Wood a victory that was to advantageously affect the quality and thinking of the Marine Corps ever after Yet it is no accident that so much of the Marine Corps fighting and expeditionary service has taken place between the major wars Marines could be found detaining Abraham Lincoln's suspected assassins aboard the Montauk conducting minor landings in Nicaragua or Korea in the late nineteenth century or battling rebels in Haiti or Cuba in the twentieth century Their flexibility and adaptability has earned them a solid reputation as a preeminent fighting force Their contributions to America's military force have been many Development of amphibious warfare during World War II was undoubtedly one of the most important tactical innovations in our history As larger military services are reduced between wars the Corps traditional role as a force in readiness becomes more essential for peacetime strength And when the Marines are called to action their preparedness and effectiveness as a maritime fighting team is unequalled
