**European Furniture in The Metropolitan Museum of Art** Daniëlle O. Kisluk-Grosheide,, Wolfram Koeppe, William Rieder, 2006-05-30 This beautifully produced volume is the first to survey the Metropolitan Museum's world renowned collection of European furniture. One hundred and three superb examples from the Museum's vast holdings are featured. They originated in workshops in England, France, Germany, Italy, the Netherlands, Austria, Russia, or Spain and date from the Renaissance to the late nineteenth century. A number of them belonged to such important historical figures as Pope Urban VIII, Louis XIV, Madame de Pompadour, and Napoleon. The selection includes chairs, tables, beds, cabinets, commodes, settees, and sofas, bookcases, and standing shelves, desks, fire screens, chests, mirrors, and frames, showcases, and lighting equipment. There is also one purely decorative piece, a superb vase made for a Russian noble family who, according to one awestruck viewer, owned all the malachite mines in the world. The makers of some of the objects are unknown, but most of the pieces can be identified by label, documentation, or style as the work of an outstanding European designer, craftsman, such as André Charles Boulle, Thomas Chippendale, David Roentgen, or Karl Friedrich Schinkel. *Mapping the Ottomans* Palmira Brummett, 2015-05-19 This book examines how Ottomans were mapped in the narrative and visual imagination of early modern Europe's Christian kingdoms. *DK Top 10 Amsterdam* DK Travel, 2023-08-22 With its cafés and canals, modern art galleries, and colossal museums, Amsterdam is at once a historic cultural powerhouse and a laidback cosmopolitan city. paper an approach that was shaped by the Dutch trade in Asia and prompted by the curiosity of a foreign culture Seen in this light Rembrandt's engagement with India enriches our understanding of collecting in seventeenth century Amsterdam the Dutch global economy and Rembrandt's artistic self fashioning A close examination of the Mughal imperial workshop provides new insights into how Indian paintings came to Europe as well as how Dutch prints were incorporated into Mughal compositions

*Museum and Gallery Publishing* Sarah Hughes,2019-06-20 Museum and Gallery Publishing examines the theory and practice of general and scholarly publishing associated with museum and art gallery collections Focusing on the production and reception of these texts the book explains the relevance of publishing to the cultural commercial and social contexts of collections and their institutions Combining theory with case studies from around the world Sarah Anne Hughes explores how why and to what effect museums and galleries publish books Covering a broad range of publishing formats and organisations including heritage sites libraries and temporary exhibitions the book argues that the production and consumption of printed media within the context of collecting institutions occupies a unique and privileged role in the creation and communication of knowledge Acknowledging that books offer functions beyond communication Hughes argues that this places books published by museums in a unique relationship to institutions with staff acting as producers and visitors as consumers The logistical and ethical dimensions of museum and gallery publishing are also examined in depth including consideration of issues such as production the impact of digital technologies funding and

sponsorship marketing co publishing rights and curators and artists agency Focusing on an important but hitherto neglected topic Museum and Gallery Publishing is key reading for researchers in the fields of museum heritage art and publishing studies It will also be of interest to curators and other practitioners working in museums heritage and science centres and art galleries *Збірник тестів з підготовки до ЗНО 2020: англійська мова* Драб Н.
