Riparian Ecosystems in the Humid U.S. ,1994 *Geography in America at the Dawn of the 21st Century* Gary L. Gaile, Cort J. Willmott, 2005 *Geography in America at the Dawn of the 21st Century* surveys American geographers current research in their specialty areas and tracks trends and innovations in the many subfields of geography As such it is both a state of the discipline assessment and a topical reference It includes an introduction by the editors and 47 chapters each on a specific specialty The authors of each chapter were chosen by their specialty group of the American Association of Geographers AAG Based on a process of review and revision the chapters in this volume have become truly representative of the recent scholarship of American geographers While it focuses on work since 1990 it additionally includes related prior work and work by non American geographers The initial *Geography in America* was published in 1989 and has become a benchmark reference of American geographical research during the 1980s This latest volume is completely new and features a preface written by the eminent geographer Gilbert White **Bibliography of Agriculture** ,1999 **Bibliography of Agriculture with Subject Index** ,1979 Border Land, Border Water C. J. Alvarez, 2021-09-15 Winner Abbott Lowell Cummings Award Vernacular Architecture Forum 2020 From the boundary surveys of the 1850s to the ever expanding fences and highway networks of the twenty first century *Border Land Border Water* examines the history of the construction projects that have shaped the region where the United States and Mexico meet Tracing the accretion of ports of entry boundary markers transportation networks fences and barriers surveillance infrastructure and dams and other river engineering projects C J Alvarez advances a broad chronological narrative that captures the full life cycle of border building He explains how initial groundbreaking in the nineteenth century transitioned to unbridled faith in the capacity to control the movement of people goods and water through the use of physical structures By the 1960s however the built environment of the border began to display increasingly obvious systemic flaws More often than not Alvarez shows federal agencies in both countries responded with more construction compensatory building designed to mitigate unsustainable policies relating to immigration black markets and the natural world *Border Land Border Water* reframes our understanding of how the border has come to look and function as it does and is essential to current debates about the future of the US Mexico divide

General Technical Report PNW-GTR ,1997 **Encyclopedia of Biodiversity** ,2013-02-05 The 7 volume *Encyclopedia of Biodiversity* Second Edition maintains the reputation of the highly regarded original presenting the most current information available in this globally crucial area of research and study It brings together the dimensions of biodiversity and examines both the services it provides and the measures to protect it Major themes of the work include the evolution of biodiversity systems for classifying and defining biodiversity ecological patterns and theories of biodiversity and an assessment of contemporary patterns and trends in biodiversity The science of biodiversity has become the science of our future It is an interdisciplinary field spanning areas of both physical and life sciences Our awareness of the loss of

biodiversity has brought a long overdue appreciation of the magnitude of this loss and a determination to develop the tools to protect our future Second edition includes over 100 new articles and 226 updated articles covering this multidisciplinary field from evolution to habits to economics in 7 volumes The editors of this edition are all well respected instantly recognizable academics operating at the top of their respective fields in biodiversity research readers can be assured that they are reading material that has been meticulously checked and reviewed by experts Approximately 1 800 figures and 350 tables complement the text and more than 3 000 glossary entries explain key terms National Proceedings ,1997
