## **Rise Of The Nazis:**

*Why Did the Rise of the Nazis Happen?* Charles Freeman, 2010-08-01 Following their defeat during World War I the Germans were looking for new leadership Nazi Germany also called the Third Reich began when Adolf Hitler became Chancellor of Germany under the National Socialist German Workers Party NSDAP whose followers were called Nazis Why the Germans embraced the Nazis rise to power is examined in this thoughtful book which includes panels featuring subject matter expert opinions to encourage critical thinking

**The Rise of the Nazis** Conan Fischer, 2002-10-11 In this new edition of *The Rise of the Nazis* Conan Fischer takes stock of the current debates on how and why the Nazis seized power in Germany The book begins with an overview of the historical context within which Nazism grew looking at foreign relations politics and society of Weimar and in particular at the role of the elites in the rise of Nazism It proceeds to examine the anatomy of Nazism itself Since the publication of the first edition important new works have appeared and this new scholarship has been incorporated into the text

**The Rise of the Nazis** Charles Freeman, 1997 Examines the history surrounding the Nazi rise to power in Germany following World War I Suggested level intermediate secondary

**The rise of the Nazis** Conan Fischer, 2024-07-30 How and why did the Nazis seize power in Germany Nearly seventy years on the question remains heated and important discoveries continue to challenge long standing assumptions Beginning with an overview of the historical context within which Nazism grew looking at the foreign relations politics and society of Weimar and in particular at the role of the elites in the rise of Nazism The book questions the anatomy of Nazism itself What lent Nazi ideology its coherence and credibility What distinguished the Nazis programme from their competitors and how did they project it so effectively How was Hitler able to put together and fund an organisation so quickly and effectively that it could launch a sustained assault on Weimar Who supported the Nazis and what were their motives Where precisely does Nazism belong in the history of Europe Since the publication of the first edition important new works have appeared and this new scholarship has been incorporated into the text

**Hitler and the Rise of the Nazi Party** Frank McDonough, 2014-06-11 Now fully revised and reformatted *Hitler and the Rise of the Nazi Party* is an indispensable guide to the history of the Nazi party between its initial electoral breakthrough in 1930 and its victory in 1933 Arguing that the Nazis owed their success as much to Hitler's charismatic leadership and their own effective propaganda and organisation as to the weakness of the Weimar regime Frank McDonough provides an original perspective on the subject as well as a concise readable introduction to key events and debates This new edition includes A new introduction on the broad context of Weimar Germany Two new chapters on the reasons for the Nazi breakthrough in 1930 and on the crucial 1930-1933 period New clearer student friendly format Supported by an expanded documents section and fully revised bibliography a chronology of key events and a who's who of leading figures *Hitler and the Rise of the Nazi Party* will provide an invaluable introduction for any student of this fascinating period

**The Rise Of The Nazi Regime** Charles Maier, Stanley Hoffmann, Andrew Gould, 2019-07-11 Marking

the fiftieth anniversary of Hitler's seizure of power a group of leading historians and political sociologists participated in a historical reassessment of the Nazi regime sponsored by the Harvard Center for European Studies Their papers focus on recent scholarly controversies and on the questions that have preoccupied observers since the events took place the nature of Nazi support the role of the dictator the function of ideology and anti-Semitism and the goals of foreign policy Some of the specific issues addressed include the reason for the collapse of the Weimar Republic the social origins of Nazi Party members the role of women under Nazism the relationship of Nazi leaders to the older German bureaucratic framework and the impact of Nazi policies abroad The volume thus provides an incisive briefing on Hitler's rise to power and summarizes the major interpretations of the issues still under debate

**Weimar and Nazi Germany** Fiona Reynoldson, 1996

**The Rise and Decline of Modern Democracy** Damien Kingsbury, 2023-04-07 The Rise and Decline of

Modern Democracy assesses the rise of subsequent political challenges to and decline of contemporary liberal democratic processes in particular since the third wave of democratization from the 1990s Democracy is in global decline Fewer countries are democratic and fewer people globally live in substantive democracies Autocracy is now the dominant political form and the future looks at best challenging for the retention of such democracies that remain As they did a century ago nationalism and populism have again reared their ugly heads and more people are claiming that democracy no longer addresses their most compelling needs or interests This book examines what democracy is and the circumstances that allowed even encouraged it to arise Democracy has been a product of a need to find a political model that mediates between competing interests building on conducive conditions However there have since been fundamental changes to those conditions imbalances within democratic countries and between countries that have diminished the strength of the democratic proposition The question now arises as to whether democracy can continue as a matter of political will Challengers to democracy from the radical Right in developed countries to populist autocracy and state centred authoritarianism in developing countries have increasingly shown this may not be the case Democracy may survive as this book concludes but is likely to do so only with more substantial and conscious commitment to the democratic project with recognition of the need to replenish the fertility of the political soil in which democracy grows This wide ranging and empirically and theoretically rich book will be of interest to students scholars and researchers of political science international relations history and democracy

*The Rise of National Socialism and the Working Classes in Weimar Germany* Conan Fischer, 1996 Before seizing power the Nazi movement assembled an exceptionally broad social coalition of activists and supporters Many were working class but there remains considerable disagreement over the precise size and structure of this constituency and still more over its ideology and politics An indispensable work for scholars of interwar Germany and Nazism in general

*Rise And Fall Of The Third Reich* William L. Shirer, 1990 The classic history of Adolph Hitler's rise to power and his dramatic defeat

*Germany, 1919-39* John Kerr, 2003 Designed to cover the most up to date Standard Grade requirements these books should provide everything you need to prepare your students for their exams There are exam style questions and full colour presentation throughout

*The Rise of Nazi Germany* Charles River Editors, 2017-01-15 Includes pictures Profiles the seminal events that helped Hitler rise to power and consolidate his position including the end of World War I the Beer Hall Putsch the Burning of the Reichstag and the Night of the Long Knives Includes online resources for further reading Includes a table of contents I cannot remember in my entire life such a change in the attitude of a crowd in a few minutes almost a few seconds Hitler had turned them inside out as one turns a glove inside out with a few sentences It had almost something of hocus pocus or magic about it Dr Karl Alexander von Mueller It is often claimed that Adolf Hitler rose to power in Germany through democratic means and while that is a stretch it is true that he managed to become an absolute dictator as Chancellor of Germany in the 1930s through a mixture of politics and

intimidation Ironically he had set such a course only because of the failure of an outright coup attempt known as the Beer Hall Putsch about a decade earlier At the close of World War I Hitler was an impoverished young artist who scrapped by through selling souvenir paintings but within a few years his powerful oratory brought him to the forefront of the Nazi party in Munich and helped make the party much more popular A smattering of followers in the hundreds quickly became a party of thousands with paramilitary forces like the SA backing them and at the head of it all was a man whose fiery orations denounced Jews communists and other traitors for bringing upon the German nation the Treaty of Versailles which had led to hyperinflation and a wrecked economy The early 1930s were a tumultuous period for German politics even in comparison to the ongoing transition to the modern era that caused various forms of chaos throughout the rest of the world In the United States reliance on the outdated gold standard and an absurdly parsimonious monetary policy helped bring about the Great Depression Meanwhile the Empire of Japan began its ultimately fatal adventurism with the invasion of Manchuria alienating the rest of the world with the atrocities it committed Around the same time Gandhi began his drive for the peaceful independence of India through nonviolent protests against the British It was in Germany however that the strongest seeds of future tragedy were sown The struggling Weimar Republic had become a breeding ground for extremist politics including two opposed and powerful authoritarian entities the right wing National Socialists and the left wing KPD Communist Party As the 1930s dawned these two totalitarian groups held one another in a temporary stalemate enabling the fragile ghost of democracy to continue a largely illusory survival for a few more years That stalemate was broken in dramatic fashion on a bitterly cold night in late February 1933 and it was the Nazis who emerged decisively as the victors A single act of arson against the famous Reichstag building proved to be the catalyst that propelled Adolf Hitler to victory in the elections of March 1933 which set the German nation irrevocably on the path towards World War II Like other totalitarian regimes the leader of the Nazis kept an iron grip on power in part by making sure nobody else could attain too much of it leading to purges of high ranking officials in the Nazi party Of these purges the most notorious was the Night of the Long Knives a purge in the summer of 1934 that came about when Hitler ordered the surprise executions of several dozen leaders of the SA This fanatically National Socialist paramilitary organization had been a key instrument in overthrowing democratic government in Germany and raising Hitler to dictatorial power in the first place However the SA was an arm of the Nazi phenomenon which had socialist leanings and which was the private army of Ernst R hm which was enough for Hitler to consider the organization dangerous

[The Nazi Religion and the Rise of the French Christian Resistance](#) Kathleen Burton, 2022-09-08 If asked to define Nazism most people think of fascism racism antisemitism and the use of propaganda Few people know that Nazism also included a strong religious component Yet it did The Nazi religion was termed Positive Christianity and it is directly cited in Hitler s Nazi Party Platform of 1920 But what was Positive Christianity In this book Kathleen Burton details when and where this religion was embraced how it was received and critiqued by the prominent

theologians of the 1930s and how a combined effort of rogue Catholic priests and Protestant pastors in France aware of the religious threat worked together to fight Nazism during World War II This contributed to the survival of seventy five percent of France s Jewish population Burton concludes by describing what work still needs to be done to fully understand clarify and debunk Nazism s Positive Christianity Today s world is fascinated by the tragic events of World War II yet Hitler s propaganda coup against traditional Christianity is not well known or understood This book closes that gap *Gregor Strasser and the Rise of Nazism (RLE Nazi Germany & Holocaust)* Peter D. Stachura, 2014-09-19 The most influential and substantial leader after Hitler in the pre 1933 National Socialist Party was Gregor Strasser This book originally published in 1983 but as yet not superseded is a comprehensive and scholarly assessment of Strasser s significant and ultimately tragic career based largely on previously unpublished German archival material Strasser s importance as a Nazi propagandist organiser ideologue and spokesman is examined and the analysis and interpretation which follow are fundamentally revisionist in that many of the accepted ideas about Strasser s career are challenged and shown to be untenable The book provides important insights into an interesting personality which in turn considerably enhances our understanding of the character of early National Socialism and the politics of the Weimar Republic **The Rise of Adolf Hitler** Sushmita Dutta, 2023-07-03 Adolf Hitler was a German dictator who led the Nazi Party to power in Germany in the 1930s He was responsible for the deaths of millions of people including Jews homosexuals and other groups that he considered to be inferior He committed suicide in 1945 as the Allied forces were closing in on Berlin Hitler was a complex and contradictory figure He was a charismatic leader who was able to connect with the German people but he was also a ruthless dictator who was responsible for the deaths of millions of people His legacy is one of hate destruction and death He is considered to be one of the most evil men in history This is only a brief account of the life and career of Adolf Hitler If you re interested in learning more about them I recommend reading this book **The Rise and Fall of Adolf Hitler** William L. Shirer, 2013-04-18 A concise and timely account of Hitler s and fascism s rise to power and ultimate defeat from one of America s most famous journalists American journalist and author William L Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler s mounting influence His most definitive work on the subject *The Rise and Fall of the Third Reich* is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler s ascendance from obscurity the horror of Nazi Germany s mass killings and the paranoia and insanity that marked the f hrer s downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn t going to tell me anything new But

when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos

**Moments in History: Why Did the Rise of the Nazis Happen?** Charles Freeman, 2016-01-12 Read about how following their defeat during World War I the Germans were looking for new leadership Find out how Nazi Germany also called the Third Reich began when Adolf Hitler became chancellor of Germany under the National Socialist German Workers Party NSDAP This book examines why the Germans embraced the Nazis rise to power and includes panels featuring expert opinions to encourage critical thinking Moments in History is an insightful series that presents some of the most important events in modern history From World War I to the Cold War readers are encouraged to think critically about the effects these watershed moments have had on the world Written in a straightforward engaging style the books include first hand speeches letters diary entries and other primary source materials that give dramatic clues to the reasons these unforgettable events unfolded as they did Photographs from the time period show the world as it was at that moment and the views of professional historians are included in each chapter Encourages readers at KS3 and KS4 to think critically about the effect Hiroshima has had on the world
