

DAVID D. LANE

# THE RISE & FALL OF STATE SOCIALISM

A word cloud on a dark blue background featuring the names of countries from the Cold War era. The words are in various shades of orange and red, with some appearing in a lighter, semi-transparent font. The countries listed include Russia, Cuba, Soviet Union, China, Poland, Hungary, and Yugoslavia. The words are arranged in a dynamic, overlapping fashion, with 'Russia' and 'Cuba' being the largest and most prominent.

# Rise And Fall Of State Socialism

**Neil Harding**

## **Rise And Fall Of State Socialism:**

**The Rise and Fall of State Socialism** David Lane, 1996-12-16 In this major new work David Lane provides a wide ranging re evaluation of socialism as an ideology and a political movement He addresses the nature of the socialist tradition and puts into perspective the socialist project inaugurated by the Bolshevik Revolution of 1917 He also examines the rise of Marxist Leninist states arguing that Marxism Leninism became a doctrine of development with a practical political appeal to economically backward states The first part of the book outlines the World of the Comrades characteristic of the world communist movement Here developments in Eastern Europe the USSR and China are compared The major achievements of state socialism are outlined But so too are its deficiencies which led to disenchantment and reform Part II Denouement addresses the tensions of state socialism in the context of world capitalism The internal and external sources of change leading to collapse the rise of the intelligentsia economic decline ideological decay and international pressures are analysed and evaluated The reforming strategies adopted in Eastern Europe the USSR and China are compared and discussed Theories of state socialism are examined both long term causes and precipitants of change are considered and to explain collapse the author emphasizes the conflict between the political and acquisition classes This book by one of the leading authorities in the field provides a clear and comprehensive account of the achievements and deficiencies of state socialism and the reasons why it failed to establish itself as a viable alternative to capitalism It will be essential reading for courses on industrial societies development socialist theory and Marxism social stratification and social change as well as on those focusing on post communism

*The Capitalist Transformation of State Socialism* David Lane, 2013-11-20 David Lane outlines succinctly yet comprehensively the development and transformation of state socialism While focussing on Russia and the countries of Eastern Europe he also engages in a discussion of the Chinese path In response to the changing social structure and external demands he outlines different scenarios of reform He contends that European state socialism did not collapse but was consciously dismantled He brings out the West's decisive support of the reform process and Gorbachev's significant role in tipping the balance of political forces in favour of an emergent ascendant class In the post socialist period he details developments in the economy and politics He distinguishes different political and economic trajectories of countries of the former USSR the New Member States of the European Union and China and he notes the attempts to promote further change through coloured revolutions The book provides a detailed account not only of the unequal impact of transformation on social inequality which has given rise to a privileged business and political class but also how far the changes have fulfilled the promise of democracy promotion wealth creation and human development Finally in the context of globalisation the author considers possible future political and economic developments for Russia and China Throughout the author a leading expert in the field brings to bear his deep knowledge of socialist countries draws on his research on the former Soviet Union and visits to nearly all the former state socialist countries including China

**Re/imaginings of**

**Disability in State Socialism** Kateřina Kolářová, Martina Winkler, 2021-06-23 Die Geschichte von Menschen mit Behinderungen die in den staatssozialistischen Gesellschaften lebten ist bislang weitestgehend unerforscht Die Beiträge dieses Bandes beheben dieses Desiderat Sie bieten erstmals eine interdisziplinäre internationale systematische und vergleichende Perspektive auf Disability in den ehemaligen Ostblockstaaten gehen dabei über den bisherigen begrenzten Fokus auf die UdSSR hinaus und bringen Disability mit anderen sozialen Kategorien Ethnizität Jugend Geschlecht und Sexualität ins Gespräch

*The Collapse of Communist Power in Poland* Jacqueline Hayden, 2006-03-23 Based on extensive original research including interviews with key participants this book investigates the sudden and unforeseen collapse of communist power in Poland in 1989 It sets out the sequence of events and examines the strategies of the various political groupings prior to the partially free election of June 1989 This volume argues that the specific negotiating strategies adopted by the communist party representatives in the Round Table discussions before the elections was a key factor in communism's collapse The book shows that on many occasions PZPR decision makers ignored expert advice and many Round Table bargains went against the party's best interests Using in depth interviews with major party players including General Jaruzelski General Kiszczak and Mieczyslaw Rakowski as well as Solidarity advisors such as Adam Michnik the text provides a unique source of first hand accounts of Poland's revolutionary drama

The Economic History of Central, East and South-East Europe Matthias Morys, 2020-12-29 The collapse of communism in Central East and South East Europe CESEE led to great hopes for the region and for Europe A quarter of a century on the picture is mixed in many CESEE countries the transformation process is incomplete and the economic catch up has taken longer than anticipated The current situation has highlighted the need for a better understanding of the long term political and economic implications of the Central East and South East European historical experience This thematically organised text offers a clear and comprehensive guide to the economic history of CESEE from 1800 to the present day Bringing together authors from both East and West the book also draws on the cutting edge research of a new generation of scholars from the CESEE region Presenting a thoroughly modern overview of the history of the region the text will be invaluable to students of economic history and CESEE area studies

Technologies of Mind and Body in the Soviet Union and the Eastern Bloc Claire Shaw, Anna Toropova, 2023-11-16 The project to create a New Man and New Woman initiated in the Soviet Union and the Eastern Bloc constituted one of the most extensive efforts to remake human psychophysiology in modern history Playing on the different meanings of the word technology as practice knowledge and artefact this edited volume brings together scholarship from across a range of fields to shed light on the ways in which socialist regimes in the Soviet bloc and Eastern Europe sought to transform and revolutionise human capacities From external state driven techniques of social control and bodily management through institutional practices of transformation to strategies of self fashioning Technologies of Mind and Body in the Soviet Union and the Eastern Bloc probes how individuals and collectives engaged with or resisted the transformative imperatives of the Soviet

experiment The volume's broad scope covers topics including the theory and practice of revolutionary embodiment the practice of expert knowledge and disciplinary power in psychotherapy and criminology the representation and transformation of ideal bodies through mass media and culture and the place of disabled bodies in the context of socialist transformational experiments The book brings the history of human re making and the history of Soviet and Eastern Bloc socialism into conversation in a way that will have broad and lasting resonance

**Soviet Politics** Richard Sakwa, 2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader

**Democracy and Dictatorship in Europe** Sheri Berman, 2019-01-04 At the end of the twentieth century many believed the story of European political development had come to an end Modern democracy began in Europe but for hundreds of years it competed with various forms of dictatorship Now though the entire continent was in the democratic camp for the first time in history But within a decade this story had already begun to unravel Some of the continent's newer democracies slid back towards dictatorship while citizens in many of its older democracies began questioning democracy's functioning and even its legitimacy And of course it is not merely in Europe where democracy is under siege Across the globe the immense optimism accompanying the post Cold War democratic wave has been replaced by pessimism Many new democracies in Latin America Africa and Asia began backsliding while the Arab Spring quickly turned into the Arab winter The victory of Donald Trump led many to wonder if it represented a threat to the future of liberal democracy in the United States Indeed it is increasingly common today for leaders intellectuals commentators and others to claim that rather than democracy some form dictatorship or illiberal democracy is the wave of the future In Democracy and Dictatorship in Europe Sheri Berman traces the long history of democracy in its cradle Europe She explains that in fact just about every democratic wave in Europe initially failed either collapsing in upon itself or succumbing to the forces of reaction Yet even when democratic waves failed there were always some achievements that lasted Even the most virulently reactionary regimes could not suppress every element of democratic progress Panoramic

in scope Berman takes readers through two centuries of turmoil revolution fascism civil war and finally the emergence of liberal democratic Europe in the postwar era A magisterial retelling of modern European political history Democracy and Dictatorship in Europe not explains how democracy actually develops but how we should interpret the current wave of illiberalism sweeping Europe and the rest of the world

**The International Political Economy of Transition** Stuart Shields,2014-10-03 This book explores the role played by state and multinationals in shaping transition It uniquely integrates issues of globalisation and transnationalism into the analysis of post communism This book will be of interest to students and researchers of transition postcommunism political economy and European politics

Bourgeoisie, State and Democracy Graeme Gill,2008-05-15 This book is a comparative study of the emergence political influence and political role of businessmen in political life

**Britain's International Role, 1970-1991** Michael J Turner,2010-10-06 How does one of the world s greatest powers preserve its status and influence when international conditions are unfavourable and its resources do not match its commitments This was Britain s burden in the 1970s and 1980s when the international order was transformed Much became unsettled and Britain had to adapt policy to suit new needs and opportunities Michael J Turner elucidates the efforts that were made to maximise Britain s role on those matters and in those parts of the world that were of special importance to British strategy prosperity and security He examines key decisions and their consequences and places British policy making in an international context suggesting that British leaders were more successful in preserving power and prestige on the world stage than has sometimes been appreciated

*The State and Life Chances in Urban China* Xueguang Zhou,2004-11-29 This book presents a systematic study of social stratification processes in urban China from 1949 to 1994 Based on the life histories of a sample of urban residents from 20 Chinese cities this book addresses two themes 1 the interplay between redistribution and social stratification under state socialism in urban China especially the impact of the state and state policies on individual life chances in such areas as education labor force participation promotion in organizations and the distribution of manifest and latent economic benefits 2 an assessment of sources and extent of China s economic transformation since the 1980s The author blends sociological analysis and sensitivity to the historical context in interpreting changes and continuity in the 45 year history of state socialist China This is a comprehensive and rigorous study of social stratification in China

**Governance from the Bottom Up** Charles F. Bingman,2016-10-28 Perhaps the most difficult thing that human beings are called upon collectively to do is to run a government Why do so many fail There are 196 countries in the world about 150 of them significant At least 105 of them briefly summarized here are in deep trouble Deep trouble is defined by wars insurrections active internal conflict serious maldistribution of wealth deep and widespread poverty rampant corruption serious lack of social services and public infrastructure and an excess of plain old bumbling government incompetence created and exacerbated by the governments themselves out of greed viciousness and an insatiable lust for power This is the tragic record of government from the top down It is therefore vital to strengthen the

bottom up elements of national activity and at the same time people must try to point these stronger elements toward resistance to top down authority The new and growing hope is that decent people and organizations all over the world will increasingly rise up in their own defense and bring a new level of moderation and spirit of aid and service from the bottom up to these failing states that are their homes

**The State against Society** Grzegorz Ekiert, 1996-09-30 Classical images of state socialism developed in contemporary social sciences were founded on simple presuppositions State socialist regimes were considered to be politically stable due to their pervasive institutional and ideological control over the everyday lives of their citizens impervious to reform and change and representative of extreme political and economic dependency Despite their contrasting historical experiences they have been treated as basically identical in their institutional design social and economic structures and policies Grzegorz Ekiert challenges this notion in a comparative analysis of the major political crises in post 1945 East Central Europe Hungary 1956 63 Czechoslovakia 1968 76 and Poland 1980 89 The author maintains that the nature and consequences of these crises can better explain the distinctive experiences of East Central European countries under communist rule than can the formal characteristics of their political and economic systems or their politically dependent status He explores how political crises reshaped party state institutions redefined relations between party and state institutions altered the relationship between the state and various groups and organizations within society and modified the political practices of these regimes He shows how these events transformed cultural categories produced collective memories and imposed long lasting constraints on mass political behavior and the policy choices of ruling elites These crises shaped the political evolution of the region produced important cross national differences among state socialist regimes and contributed to the distinctive patterns of their collapse

Poles and Jews Jennifer Stark-Blumenthal, 2024-10-15 Nationalism s global resurgence has upended societies With the rise of the Polish nationalist Law and Justice PiS party and American Jewry s swift reaction to its law punishing people who allege Polish complicity in Holocaust crimes both sides have revived old stereotypes Stark Blumenthal argues that American Jews disgust with Polish nationalism ought to be checked by America s centuries old embrace of white supremacy Poles and Jews A Call for Myth Reconstruction confronts both the anti Polonism deeply embedded in the American Jewish community and Poland s enduring relationship with antisemitism Armed with two decades of research and in depth interviews with scholars community leaders and laity in Poland and the U S Stark Blumenthal dispels myths and considers new approaches to this relationship

*The State in Socialist Society* Neil Harding, 1984-06-30 The focus of all the essays in this collection is the problem of state power in Communist regimes The problematic nature of the relationship between state and society has troubled the marxist tradition since its inception and continues to be an unresolved issue for its contemporary theorists Western attempts to characterise the state formations of Communist regimes are equally notoriously debatable and fraught with methodological problems Both indigenous and Western attempts to theorise these formations are thoroughly reviewed in the early chapters of this book Later chapters each

written by an expert in the field go on to explore particular issues the problem of nationalism within a multi national state for instance or the recent experience of selected Communist regimes in attempting to adapt their institutions to meet new problems Special attention is paid to the USSR in view of the enormous significance of the Soviet State and the extent to which it has served as a model Other case studies have been included on the basis that these state formations display unique features Yugoslavia that size and importance commends them China or that failure in the process of institutional adaptation is instructive for their pathology Poland What this book sets out to do is to bring a variety of approaches and a varied expertise to bear upon a very large but relatively neglected issue in contemporary politics the nature of the state formations of Communist regimes

*Eastern Europe since 1945* Geoffrey Swain, Nigel Swain, 2017-10-26 An established introductory textbook that provides students with an engaging overview of the complex developments in Eastern Europe from the end of the Second World War through to the present Tracing the origins of the socialist experiment de Stalinisation and the transition from socialism to capitalism it explores the key events in each nation s recent history This is an ideal core text for dedicated modules on Eastern European History or Europe since 1945 including Central Europe and the Balkans or a supplementary text for broader modules on Modern European History or European Political History which may be offered at all levels of an undergraduate history politics or European studies degree In addition it is a crucial resource for students who may be studying the recent history of Eastern Europe for the first time as part of a taught postgraduate degree in Modern European history European politics or European studies New to this Edition A fully revised new edition of an established text updated throughout to incorporate the latest research Provides coverage of recent events Offers increased focus on social and cultural history with greater emphasis on everyday life and experiences in Eastern Europe

*The Theory of the State* Johann Caspar Bluntschli, 1895

*The Theory of State* Johann Caspar Bluntschli, 1892

**The State, Identity, and the National Question in China and Japan** Germaine A. Hoston, 2021-02-09 The first decades of the twentieth century witnessed an explosion of nationalist sentiment in East Asia as in Europe This comprehensive work explores how radical Chinese and Japanese thinkers committed to social change in this turbulent era addressed issues concerning national identity social revolution and the role of the national state in achieving socio economic development Focusing on the adaptation of anarchism and then Marxism Leninism to non European contexts Germaine Hoston shows how Chinese and Japanese theorists attempted to reconcile a relatively new appreciation for the nation state with their allegiance to a vision of internationalist socialist revolution culminating in stateless socialism Given the influence of Western experience on Marxism Chinese and Japanese theorists found the Marxian national question to be not merely one of whether the working man has no country but rather the much more fundamental issue of the relative value of Eastern and Western cultures Marxism argues Hoston thus placed native Marxists in tension with their own heritage and national identity The author traces efforts to resolve this tension throughout the first half of the twentieth century and concludes by examining how the tension persists as

Chinese and Japanese dissidents seek identity affirming modernity in accordance with the Western democratic model

## **Rise And Fall Of State Socialism** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has are more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Rise And Fall Of State Socialism**, a literary masterpiece that delves deep to the significance of words and their effect on our lives.
