**Global Renewal Christianity** Amos Yong, Vinson Synan, Miguel Alvarez, 2016-05-03 The growth of Spirit empowered Christianity has been nothing short of phenomenal From a handful of believers in the early twentieth century to over six million people in almost every culture and denomination today those who embrace the Holy Spirit and His gifts are not the fastest growing religious group in the world But if any generation ceases to emphasize the Holy Spirit's power the movement likely will lose its distinction This second of four volumes is an authoritative collection from nearly two dozen leaders and scholars of the Spirit empowered movement in Latin America Focusing on the history and future of the movement these world renowned scholars address the theological and cultural challenges facing Pentecostals throughout Latin America and the Caribbean and share emerging insights on how to meet them

*Revival Fire, 150 Years of Revivals, Spiritual Awakenings and Moves of the Holy Spirit* Mathew Backholer, 2018-02-01 Updated in 2020 *Revival Fire 150 Years of Revivals* features twelve of the most potent heaven sent revivals that the world has seen in the past one hundred and fifty years Including the Prayer Meeting Revival of 1857 that reverberated around the world the Azusa Street Revival that ushered in the modern Pentecostal movement the Pyongyang Great Revival where the Korean church less than a generation old swept the country the Gold Coast Revival on the west coast of Africa and the Shillong Revival in India of the twenty first century Discover how Christians prayed the Scriptures that they pleaded the challenges faced and how they saw the blessing of God in their towns and cities as the Holy Spirit came down and convicted saints converted sinners and transformed lives unto the praise and glory of God The author makes many references to other lesser known revivals and brings facts to life through the use of detailed descriptions statistics interviews and eye witness accounts coupled with his broad and extensive knowledge of revival church history makes this book informative and a truly inspirational read Learn from the past be challenged for the present and be inspired for the future

**Issues in Contextualization** Charles H. Kraft, 2016-08-25 The gospel is to be planted as a seed that will sprout within and be nourished by the rain and nutrients in the cultural soil of the receiving peoples What sprouts from true gospel seed may look quite different above ground from the way it looked in the sending society but beneath the ground at the worldview level the roots are to be the same and the life comes from the same source What does a vibrant indigenous faith in Jesus look like How do we communicate the essential meanings of the gospel in forms appropriate to a particular people at a particular time

*Issues in Contextualization* Charles Kraft's latest book presents his own insights on this topic from decades of experience teaching and ministering around the world Significantly Kraft's analysis includes an exploration of spiritual power an aspect frequently neglected in such discussions This volume is an update of Kraft's classic work *Appropriate Christianity*

It contains fresh presentations of previous articles and new insights into topics such as insiders followers of Jesus outside the religious culture of Christianity and power encounter

*The Book of Acts* C. Peter Wagner,2008-06-02 Experience Pentecost Look on as 130 converts shake a city Meet Paul Go with him as he plants the first Gentile church Extend the kingdom s power and see the enemy upset Walk with Paul as he travels to Corinth Antioch

Ephesus and beyond For those desiring to be a part of God's action in their churches their communities and throughout the world there is nothing that will help more than thoroughly understanding the book of Acts and applying what we can learn from it Acts was designed to be God's training manual for Christians It worked in the early church and it works in the postmodern world The reader's study of Acts in The Book of Acts will bring new intimacy with the Spirit and new joy in doing His will Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 **The Statist** ,1923 **One Nation without Law** Phil Hotsenpiller,2017-07-04 Dynamic Practical Faith Filled Response to the Evil Rising Around Us It's difficult to hear the growing daily reports of evil in our society without a degree of fear Seen from a human perspective things appear hopeless But as we consider the spiritual perspective of those same events we can and will see what purpose those struggles serve in God's plan In these pages pastor and author Phil Hotsenpiller will help you begin to connect the dots between biblical prophecies about lawlessness with current events As you begin to see God's perspective you will gain a more confident outlook for the future God is trying to get our attention show us how to get past our fears and help us respond with faith to the evil we see all around us Regardless of what we see on the news God is still in control Here are practical everyday ways we can move forward with hope and determination to make our world a better place until the return of Jesus Christ **Age of the Spirit** John Maiden,2022-12-06 This expansive study offers an interpretation of the new Pentecost the rise of charismatic Christianity before during and after the long 1960s It examines the translocal actors networks and media which constructed a Spiritscape of charismatic renewal in the Anglo world contexts of Australia the British Isles Canada New Zealand South Africa and the United States It places this arena also in a wider and dynamic worldwide setting exploring the ways in which charismatic imaginations of an age of the Spirit were shaped by interpenetrations with the Third World the Soviet Bloc and beyond in the global Sixties and Seventies Age of the Spirit explains charismatic developments within Protestantism and Catholicism mainline and non denominational churches and within existing pentecostalsms and places these in relation to lively scholarly themes such as secularisation authenticity and cosmopolitanism It offers an unrivalled analysis of charismatic music books television conferences personalities community living and controversies in the 1960s and 1970s It looks forward to the many global legacies of charismatic renewal for example in relation to the politics of sexuality in the Anglican Communion or to support for President Donald J Trump The essential question at the heart of this book is relevant for scholars and practitioners of Christianity alike how did charismatic renewal transform the churches in the twentieth century moving from the periphery to the mainstream **Charisma and Christian Life** ,2002 **Church, Cosmovision and the Environment** Evan Berry,Robert Albro,2018-06-27 Though currently only partially understood evolving interactions among Latin American communities of faith governments and civil societies are a key feature of the popular mobilizations and policy debates about environmental issues in the region This edited collection describes and analyses multiple types of religious engagement with environmental concerns and conflicts seen in modern Latin American

democracies This volume contributes to scholarship on the intersections of religion with environmental conflict in a number of ways Firstly it provides comparative analysis of the manner in which diverse religious actors are currently participating in transnational national and local advocacy in places such as Peru Argentina Brazil Bolivia Ecuador Guatemala and Mexico It also considers the diversity of an often plural religious engagement with advocacy including Catholic Evangelical and Pentecostal perspectives alongside the effects of indigenous cosmological ideas Finally this book explores the specific religious sources of seemingly unlikely new alliances and novel articulations of rights social justice and ethics for the environmental concerns of Latin America The relationship between religion and environmental issues is an increasingly important topic in the conversations around ecology and climate change This book is therefore a pertinent and topical work for any academic working in Religious Studies Environmental Studies and Latin American Studies      **The Spectator** ,1922
