Risking The Church The Challenges Of Catholic Faith:

Risking the Church Richard Lennan, 2004-10-14 In an age when the Christian Church faces many challenges this book seeks to identify the resources that the Catholic tradition offers to those who are puzzling over how the Church might be faithful to its tradition but also creative in response to contemporary questions and concerns **Risking the Church** Richard Lennan, 2004-10-14 As a consequence of numerous social and theological movements over the last few decades the Roman Catholic Church finds itself in a situation that some have described as a state of peril This book traces the emergence of that peril develops a systematic ecclesiology that identifies both the mission and resources of the Church in the present day and explores possible responses to some of the specific challenges facing the contemporary Church The book develops an understanding of the Catholic tradition in order to highlight its potential for development **Critical Essays on Edward Schillebeeckx's Theology** Corneliu C. Simut, 2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today's world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today's world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx's thoroughly historical and truly immanent theology God is man's terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today's people understand their existence in a new relevant and meaningful way *The Oxford Handbook of Ecclesiology* Paul Avis, 2018-06-21 The Oxford Handbook of Ecclesiology is a unique scholarly resource for the study of the Christian Church as we find it in the Bible in history and today As the scholarly study of how we understand the Christian Church's identity and mission ecclesiology is at the centre of today's theological research reflection and debate Ecclesiology is the theological driver of the ecumenical movement The main focus of the intense ecumenical engagement and dialogue of the past half century has been ecclesiological and this is the area where the most intractable differences remain to be tackled Ecclesiology investigates the Church's manifold self understanding in relation to a number of areas the origins structures authority doctrine ministry sacraments unity diversity and mission of the Church including its relation to the state and to society and culture The sources of ecclesiological reflection are the Bible interpreted in the light of scholarly research Church history and the wealth of the Christian theological tradition together with the information and insights that emerge from other relevant academic disciplines This

Handbook considers the biblical resources historical development and contemporary initiatives in ecclesiology It offers invaluable and comprehensive guide to understanding the Church The Ratzinger Reader Joseph Ratzinger,Pope Benedict XVI,2010-07-08 An invaluable unique resource for readers of Roman Catholic theology PHILIP ENDEAN S J CAMPION HALL OXFORD UK First as a theologian then bishop and later the Prefect of the Congregation for the Doctrine of the Faith Joseph Ratzinger is often thought to have moved steadily to the right In this collection Gerard Mannion and Lieven Boeve dispel such easy generalizations With judiciously chosen and suitably lengthy extracts from Ratzinger s writings accompanied by helpful editorial comments these two leading European Catholic theologians demonstrate the continuity of the one Ratzinger and consequently shed light on the complexity of his present day role as Pope Anyone who wishes to understand better the current face of Roman theology is greatly in their debt PAUL LAKELAND FAIRFIELD UNIVERSITY USA An indispensable guide for understanding the theology of Joseph Ratzinger Ratzinger insists that his theological opinions are distinct from his official positions as prefect and pope but this collection shows otherwise A very personal theology has become the official theology of the church BRADFORD HINZE FORDHAM UNIVERSITY USA Anyone attempting to gain serious familiarity with the theology of Joseph Ratzinger will find this book invaluable It is not just a conventional reader but a uniquely structured signposted guide through the terrain of Ratzinger s theology as a whole It comes at exactly the right time in emerging Ratzinger scholarship providing a pathway for the uninitiated as well as a compact one volume resource for those who are further along the road I recommend it highly JAMES CORKERY S J MILLTOWN INSTITUTE OF THEOLOGY AND PHILOSOPHY DUBLIN IRELAND Living Vatican II Gerald O'Collins,2006 Vatican II was the first council in the story of Catholic Christianity to deserve being labeled intercontinental and intercultural What has been its impact How should one describe and evaluate its reception by Catholics and its wider follow up among others How should this twenty first council be heard received and lived as we move further ahead into the twenty first century What perspectives does it offer for the future to those who seek to assimilate it creatively As a leading theologian the author uses a highly personal approach in answering these and many other questions which makes for a compulsively readable book that illuminates the workings of the Church Living Vatican II explores the liturgical renewal after Vatican II the reception of the Council s moral teaching the impact of Vatican II on theology and the work of some key institutions in Rome and elsewhere toward implementing the teaching and decisions of this council Finally the book offers insightful suggestions about the future of the Church Book jacket **The Oxford Handbook of Vatican II** Catherine E. Clifford,Massimo Faggioli,2023-01-19 The Oxford Handbook of Vatican II is a rich source of information and reflections on many aspects of the Second Vatican Council 1962-1965 one of the most significant religious events of the twentieth century The chapters introduce readers to the historical context and outstanding features of the conciliar event and its principal teachings on Scripture and Tradition the church liturgy religious liberty ecumenism interreligious dialogue church world relations and mission Consideration is given to some neglected aspects of

the council including the forgotten papal speeches that lay out its fundamental orientation and ought to guide its interpretation the presence and contributions of women and the non reception of the council among Catholic traditionalists Ecumenical scholars reflect on the significance of Vatican II for the life of other Christian churches and the search for Christian unity others examine Catholic dialogue with other religious traditions Surveying the diverse receptions of the council in the perspective of a world church chapters focusing on Asia Africa Latin America North America Oceania and Europe reflect on the interpretation and influence of the council and its teaching on the life of the church in diverse cultural contexts This Handbook will serve as a valuable guide to one of the most important events and bodies of Catholic teaching since the Protestant Reformation and the Council of Trent in the sixteenth century to the interpretation of the council s teaching and to its continuing role in guiding the life of the church in the twenty first century **Compass Theology**

Review Peter Malone,2020-07-01 An outline of the 50 years of an Australian Theological Journal Compass Review details the period from the 1960 s through to 2010 **Church as Communion** Philip Kariatlis,2020-03-20 This book innovatively explores the notion of koinonia for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God s communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion Such a notion of koinonia far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal

Nigerian Politics and Corruption Kyrian Chukwuemeka Echekwu,2017-06-02 Corruption is alive and well in Nigeria and it must be eliminated Moreover the Nigerian church can no longer watch it go unchecked Though conscious of his limitations as a priest and theologian the author takes an in depth look at how corruption has taken hold of Nigeria and its people in this scholarly work He challenges the church as a socio moral actor and the civil authorities that govern Nigeria arguing that the

nation will collapse if corruption continues He notes that even though the Nigerian people have lashed out against corruption it has only gotten worse either because morality has been relegated to the background or not enough has been done to inculcate morality into Nigeria's politics The author employs a holistic approach in examining issues such as bishops and their vision of Nigeria vis vis Nigerian politics democracy and the power equation among the various arms of government principal biases that characterize Nigerian politics and class affiliation and its impact in Nigerian politics Find out how corruption is ruining Nigeria and discover how the church and government can work together to fix the problem in Nigerian Politics and Corruption Re-visioning the Church Neil Ormerod, 2014 According to longstanding tradition theology can be thought of as faith seeking understanding Ecclesiology then seeks to understand the theological reality we call church Re Visioning the Church the outcome of nearly two decades of research and writing towards constructing a systematic historical ecclesiology applies a social scientific and historical outlook to the story of the emergence development and ongoing mission and ministry of the church Establishing a critical framework for understanding the structures of the church the work is a wide scale exploration of the religious cultural and social dimensions of what it means to be the church and what structures and ministries form the fundamental parts of ecclesial life in its relationship to the kingdom The heart of the project is a detailed account of the history development and change across the centuries of the church that takes the story from the apostolic band of witnesses to the dramatic global event of the Second Vatican Council *Participation and Beliefs in Popular Religiosity* Francesco Zaccaria, 2010 Exploring the relation between popular religious participation and beliefs about God human suffering Jesus Christ and the church this empirical theological study offers the picture of a complementary relation between popular religiosity and official religion within Italian Catholicism **Religious Life and Priesthood** Maryanne Confoy, 2008 Religious Life and Priesthood reclaims the vision of Vatican II for contemporary priests religious and ecclesial ministers The book examines the historical context the key players and the implementation of Vatican II documents on the priesthood the training of priests and the religious life BOOK JACKET **Hope: Promise, Possibility, and Fulfillment** Edited by Richard Lennan and Nancy Pineda-Madrid, 2013 Crafting a theology of hope this book addresses both the possibility that hope offers and the capacity of hope to respond to the challenges that life presents to us all Holy Spirit, The Richard Lennan, Nancy Pineda-Madrid, 2017 Reflects on the Holy Spirit in relation to the life of faith the chapters consider how we become aware of the Holy Spirit's presence review how the tradition of faith has interpreted the movement of the Holy Spirit and detail what it means to discern and embrace the gift of the Holy Spirit Gregorianum, 2005 *The Frontiers of Catholicism* Gene Burns, 1994-08-17 Why does the Catholic Church take a politically conservative stance on some issues such as abortion and birth control while on others such as social programs and nuclear policy it resembles the left Why do some Catholic groups reject the legitimacy of Church hierarchy and yet choose to remain within its fold To explain these apparent contradictions Gene Burns examines the origins of contemporary diversity and conflict in the Catholic Church

as well as the processes of ideological change With valuable insights into the American Catholic Church the modern papacy and the Latin American Church *The Frontiers of Catholicism* is as much a political study of ideological dynamics as it is an institutional study of religious change

Faith: Security and Risk Richard W. Kropf, 2003-06-20 Is faith a search for security Is faith the reason for taking risks The answer to these questions will ultimately determine the quality of our faith whether it will be a faith that flourishes and grows or a faith that is stunted and limited Author Richard Kropf analyzes these faith choices with a unique approach He combines the psycho dynamics of Viktor Frankl the faith analysis of Avery Dulles and the faith stages researched by James Fowler to provide a provocative foundation for understanding our spiritual life Kropf then takes us through each faith level and highlights the challenges and pitfalls along the way He covers the broad range of topics from compulsive religious behavior fundamentalism and various enthusiasms to adolescent and mid life crises of faith and the risks of trying to achieve sainthood Faith Security and Risk is ideal for pastors spiritual directors and professional counselors and is particularly designed to complement spiritual workshops and retreats Each chapter ends with a series of questions that provide excellent stimulus for small group discussion as well as personal reflection This book has also proved most helpful for college professors as an excellent text for their students seeking to understand their own faith struggles
