## RISKY CHRISTIANITY

### A NEW WAY FOR GOD'S PEOPLE

How should a Christian live? Many people equate goodness with playing it safe: go to church often and don't sin. But Bruce Larson believes that the truth goes much further than that simple formula. "I believe that God is eternally waiting and eager to call forth something from you that has never been said or thought of by anyone else since the beginning of time," he says. Such an invitation calls for each Christian to live aggressively and creatively, risking much to find the unique future God intended for you . . . a life marked by a growing, risking relationship with God, with yourself, and with the world around you.

This "new way for God's people"—in truth a revitalization of the risk-fraught life of the early Christian church—is already being discovered by thousands today. They are realizing the joy and fulfillment of being "risky Christians." With Bruce Larson as your guide, so can you.

## **Risky Christianity A New Way For Gods People:**

*Risky Christianity* Bruce Larson, 1981      **Perspectives on the World Christian Movement (4th Edition)** Ralph D. Winter, Steven C. Hawthorne, 2009-06-01 *Perspectives on the World Christian Movement* presents a multi faceted collection of readings exploring the biblical historical cultural and strategic dimensions of world evangelization Writings from more than 150 mission scholars and practitioners over 60 of them new to this edition portray the history and anticipate the potential of the global Christian movement Every one of the 170 articles and side bars offers practical wisdom enabling Christians to labor together in bold biblical hope to finish the task of seeing that Christ is named and followed among all the peoples of the earth The Fourth Edition contains over 60 articles and sidebars that are new to this edition Many articles have been updated and revised      *Cultivating Missional Communities* Inagrace T. Dietterich, 2006-06-01 This study resource focuses upon Christian practices those behaviors by which congregations shape teach train equip cultivate their identity vision and mission as Christian communities Thus baptism Eucharist forgiveness ministry discernment and worship are practices through which a people are formed in a distinctive way of life Questions for reflection and discussion are included to stimulate use within groups for study learning and formation      **The Dangerous God** Dominic Erdozain, 2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in *The Dangerous God* seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history as well as those interested in the history of religion under totalitarian regimes      *Acts* Willie James Jennings, 2017-05-05 In this new commentary for the Belief series award winning author and theologian Willie James Jennings explores the relevance of the book of Acts for the struggles of today While some see Acts as the story of the founding of the Christian church Jennings argues that it is so much more depicting revolution life in the disrupting presence of the Spirit of God According to Jennings Acts is like Genesis revealing a God who is moving over the land putting into place a holy repetition that speaks of the willingness of God to invade our every day and our every moment He reminds

us that Acts took place in a time of Empire when the people were caught between diaspora Israel and the Empire of Rome The spirit of God intervened offering new life to both Jennings shows that Acts teaches how people of faith can yield to the Spirit to overcome the divisions of our present world *Spirit and Method* Edwin Rodriguez-Gungor,2023-12-14 This book offers a generative and hospitable theological methodology rooted in the distinctives of pentecostal spirituality enlivened by a Spirited imagination and opened toward critical constructive and conciliatory dialogue with the wider Christian tradition This inter and cross disciplinary work is careful yet generous drawing together of knowledge and wisdom from different domains historical philosophical and theological in ways recognizably pentecostal and effectively missional The book begins with a description of the essence of pentecostal spirituality that holds true across the various pentecostalsisms Drawing largely on an innovative engagement with the insights of Rudolph Otto and an exploration of the dialectic between religious experience and theological development this book contends for an identifiable but mysterious something that makes pentecostalism truly pentecostal that is something more than one might sum up in any set of peculiar practices beliefs or behaviors The book also provides an overview of the intellectual history of English speaking pentecostalism specifying and assessing the movement s major philosophical underpinnings and socio cultural motivations Finally funded by an explicitly pentecostal metaphysics the book sets forth a significant and boldly original pneumatological theological methodology shaped by discerning conversation with the works of Amos Yong L William Oliverio Jr Wolfgang Vondey and Simo Frestadius among others *Congressional Record* United States. Congress,1969 Restoring At-Risk Communities John M. Perkins,1996-02-01 This comprehensive handbook to urban ministry introduces and shows how to implement a Christian community development program SCM Core Text: Christian Doctrine Mike Higton,2013-01-25 The SCM Core Text Christian Doctrine offers an up to date accessible introduction to one of the core subjects of theology Written for second and third year university students it shows that Christian Doctrine is not a series of impossible claims to be clung to with blind faith Mike Higton argues that it is rather a set of claims that emerge in the midst of Christian life as Christian communities try to make enough sense of their lives and of their world to allow them to carry on Christian communities have made sense of their own life and the life of the wider world in which they are set as life created by God to share in God s own life They have seen themselves and their world as laid hold of God s life in Jesus of Nazareth and as having the Spirit of God s own life actively at work within them This book explores these and other central Christian doctrines and in each case shows how the doctrine makes sense and how it is woven into Christian life It will help readers to see what sense it might make to say the things that Christian doctrine says and how that doctrine might affect the way that one looks at everything the natural world gossip culture speaking in tongues politics dieting human freedom love High Noon justice computers racism the novels of Jane Austin parenthood death and fashion

**Cultivating Sent Communities** Dwight Zscheile,Dwight J. Zscheile,2012-03-15 Cultivating sent communities reimagines spiritual formation through the lens of mission covering such topics as the role of Scripture congregational

discernment and short term missions and drawing on case studies from diverse contexts including Ethiopia England Leipzig and San Francisco Back cover **The Latter-Day Saints' Millennial Star** ,1923 Christianity's Dangerous Idea Jonas E. Alexis,2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity s Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity s Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age *Dangerous Religious Ideas* Rachel S. Mikva,2020-11-03 Reveals how faith traditions have always passed down tools for self examination and debate because all religious ideas not just extremist ones can cause harm even as they also embody important moral teachings Scripture s abiding relevance can inspire great goodness such as welcoming the stranger and extending compassion for the poor But its authority has also been wielded to defend slavery marginalize LGBTQ individuals ignore science and justify violence Grounded in close readings of scripture and tradition in Christianity Islam and Judaism religious scholar Rachel Mikva shows us that the Abrahamic religions have always been aware of their tremendous power both to harm and to heal And so they have transmitted their sacred stories along with built in tools interpretive traditions to do the necessary work of taking on dangerous religious ideas and fostering self critical faith By exploring the themes of Scripture Election Reward and Punishment Mikva examines how the interpretive methodologies of these religions have identified and grappled with their perilous power and positive potential Many readers presume that their understanding of scripture s meaning is absolute forgetting how these sacred texts and the history of interpretation have valued multiple perspectives and recognized ongoing rhythms of change It s not a modern phenomenon to debate the nature of truth hold space open for doubt value humility and question our capacity to know things especially about God and God s will with certainty In fact none of the traditions could remain vital or thrive together without a sustained practice of self critique *Dangerous Religious Ideas* reframes the way we talk about faith to create a space where public discussion of religion is more constructive nuanced and socially engaged

Charry,1999 This book develops the thesis that classical Christian theology seeks to help believers flourish by knowing and loving God Ellen Charry argues this premise by example offering a close reading of a number of classical texts from the New Testament era to the Reformation including works of Paul Augustine Athanasius Basil of Caesarea Anselm and Calvin She points out the pastoral and moral aims that shape the teachings of these theologians on a wide range of topics including the Trinity human beings as created in the image of God the incorporation of Jews and Gentiles into the body of Christ in baptism the incarnation death and resurrection of Christ and the divinity of the Holy Spirit Charry explains that the very logic of their arguments is shaped by the author s concern for the goodness and happiness that should result from living into the doctrines She further shows that although the spiritual and pastoral purposes of these writings are many and complex they are invariably concerned to foster what modern people can without difficulty recognize as human dignity what she calls excellence in action affection and self appraisal
