book culminates just moments before the boy experiences for the first time what he had learned from a book read to him by his mother was called coitus or sexual intercourse or sometimes less formally just making love Between the initial overwhelmingly erotic recollection and the final climactic moment all is sex beguiling and intractable naughty and sweet Who Wrote the Book of Love is about the subversive sexual imaginations of children And as such it is about the origins of love Vignettes from the author s childhood provide the material for the construction of what is at once comic fiction imaginative historical reportage and an ironically nostalgic confession The book evokes the tone and tempo of a decade during which America was blatantly happy wholesome and confident and yet at the same time deeply fearful of communism and nuclear holocaust Siegel recounts both the cheer and the paranoia of the period and the ways in which those sentiments informed wondering about sex and falling in love Part of my plan Mark Twain wrote in The Adventures of Tom Sawyer has been to try to pleasantly remind adults of what they once were themselves and of how they felt and thought and talked With the same motive Lee Siegel has written what Twain might have composed had he been Jewish raised in Beverly Hills in the 1950s and joyously obsessed with sex and love *The Christian Observer* ,1830

The Space Men: The Jon Kirk of Ares Chronicles, Book 3 Gary Lovisi,2015-08-08 John Kirk of Ares a hero very much in the tradition of Edgar Rice Burroughs interplanetary romances returns in the third book in the series PRAISE FOR BOOK 1 It s been nearly a century since Edgar Rice Burroughs first enchanted readers with his tales of John Carter and Dejah Thoris on the planet Barsoom Since then generations of writers have tried to recapture Burroughs magic from Otis Adelbert Kline and Robert E Howard to Leigh Brackett Lin Carter Andre Norton and a hundred more Gary Lovisi adds his name to the list with The Winged Men a marvelous romp that updates ERB s Confederate vet to Jon Kirk an American apparently killed in Vietnam only to find himself miraculously transported to the planet Ares Jon Kirk s adventures among beautiful women barbarous men and cannibalistic aliens demonstrates all the heart of a true lover of the interplanetary romance and will surely delight readers with a yearning to escape the stress of modern civilization and travel to a world of action intrigue gallantry and romance Richard A Lupoff Author of Barsoom Edgar Rice Burroughs and the Martian Vision I very much enjoyed this book In my view as intended it has Burroughs vividness look sound sentiment honesty directness sweep vigor and appeal but there is Lovisi in there too It is a fresh country in its own right and certainly one that ERB and those fond of ERB like myself would recognize find familiar welcome and relish I bet ERB would have liked it too John Norman creator of Tarl Cabot and the famous Gor books series

The Western Antiquary; Or, Devon and Cornwall Note-book ,1883 **How The Book of Mormon Came to Pass** Lars Nielsen,2024-04-01 Several explanations for the seemingly sudden appearance of The Book of Mormon in 1829 first published in 1830 have been put forth by both historians and apologists alike Each holds some value to its advocates while displaying obvious inconsistencies and unexplained features However significant new evidence necessitates the revision of all such authorship theories including and especially the sole authorship hypothesis that Joseph Smith Jr between the ages of

twenty two and twenty three single handedly composed all the sentences in The Book of Mormon through creative writing automatic writing or inspired dictation Neoteric observations reveal deliberately hidden details in Mormonism s keystone scripture that could not have been put there by Smith What is the real story behind how the two bookending characters Nephi and Mormon got their names Where did the idea of Nephi being guided through the wilderness by a spiritually magnetic compass a curious ball having pointers spindles and writing on its sides truly come from In this book such details are called Kircherisms a new class of anachronisms in The Book of Mormon These Kircherisms have revealed a fresh set of influences an undiscovered source text and a wellspring of intriguing evidence that has never been published anywhere else With an infusion of new data this book presents a novel and distinctive exegesis as well as a mutually exclusive and collectively exhaustive framework for organizing and evaluating the merits of all prior authorship theories One mechanism in particular has emerged as the most comprehensive evidence based and satisfying explanation for how The Book of Mormon came to pass Trigger Warning This book is not written for true believing Mormons TBMs If you are a TBM and you do not yet have a robust support system outside of the Mormon church do not read this book If you continue to read it you accept the responsibility of managing your immediate or eventual faith crisis in a way that will not result in harm to yourself or others
