Historical Dictionary of Boxing John Grasso,2013-11-14 Boxing is one of the oldest sports in the world reaching back to the Ancient Greeks although it has become popular only in the past century or so But in some ways it is a rather complicated sport since to avoid unnecessary harm it has been endowed with rules to keep it clean referees to see the rules are obeyed and organizations to regulate the sport Boxing was once largely amateur although the professional bouts attracted the most attention but now it is also an Olympic sport And over the years there has been one champion after another who symbolized what boxing was all about such Joe Louis Mohammad Ali and Cassius Clay Naturally these champions are the focus of the Historical Dictionary of Boxing as well and they have the biggest entries in the dictionary section but they had to fight against someone and there are dozens and dozens of other boxers with smaller entries More of these boxers come from the United States than elsewhere but there are others from Europe Asia and Latin America and there are also entries on the major boxing countries as well Plus entries on the rules on the organizations and on the technical terminology and jargon you have to know just to follow the bouts The introduction provides a broad view of boxing s history while the chronology traces events from 688 B C to 2012 A D Not all that much has been written on boxing that is not ephemeral but much of that literature can be found in the bibliography This book is an excellent access point for students researchers and anyone wanting to know more about the sport of boxing

A Social History of Sheffield Boxing, Volume II Matthew Bell, Gary Armstrong, 2021-01-04 A Social History of Sheffield Boxing combines urban ethnography and anthropology sociological theory and place and life histories to explore the global phenomenon of boxing Raising many issues pertinent to the social sciences such as contestations around state regulation of violence commerce and broadcasting pedagogy and elite sport and

how sport is delivered and narrated to the masses the book studies the history of boxing in Sheffield and the sport's impact on the cultural, political and economic development of the city since the 18th century. Interweaving urban anthropology with sports studies and historical research, the text expertly examines a variety of published sources ranging from academic papers to biographies and from newspaper reports to case studies and contemporary interviews. In Volume II, Bell and Armstrong examine the revival of Sheffield boxing after the decline of the 1950s and 1960s outlined in Volume I. Instigated by two men from outside the city, Brendan Ingle and Herol Graham, this renaissance became known as the Ingle style, which between 1995 and 2014 produced four world champions: Naseem Hamed, Johnny Nelson, Junior Witter, and Kell Brook. These successes inspired others and raised Sheffield's profile as a boxing city, which in the 1990s and 2000s produced two more world champions in Paul Silky Jones and Clinton Woods. In this second volume, Bell and Armstrong track the resurgence of boxing to the present day and consider how the game and its players have changed over time.
