Looking at Germany George Kirby, 1972 An introduction to West Germany its people history customs and industry through a visit in text and photographs to various sites and cities The Politics of Memory Jane Kramer, 1996 In the Politics of Memory Jane Kramer surveys the moral and political landscape of today s Germany where the reunification of East and West has brought into conflict two vastly different memories of what it means to be German These essays cut straight to the Zeitgeist of Europe s most politically and economically influential country Self styled anarchists destroy a filmmaker s Berlin restaurant to protest its bourgeois nature but their ruthless call for freedom is simply German fascism repackaged A young East German who escapes to the West doesn t know what to do with himself once he gets there an example of the deep passivity that is perhaps the Communists most troubling legacy to the new Germany And the bizarre story of a German holocaust memorial reveals a revisionist desire to portray the country as a victim of World War II by turning the twelve dark years of Hitler into twelve years of resistance to Hitler and occupation by Hitler an abandonment for the sake of settling the past into history of the very plain historical truth that Germany had chosen Hitler Corporate Governance in Germany Jens Köke, 2012-12-06 Corporate governance is an important issue on the research agenda of financial economists Using a new and unique data set of German corporations this book examines three topics that are crucial to a better understanding of corporate governance a the frequency causes and consequences of control transfers b the determinants of acquisition and failure and c the role of corporate governance and market discipline for productivity growth This book points out methodological drawbacks of previous empirical studies and provides suggestions on how to avoid these problems in research practice **The Power of Intellectuals in Contemporary Germany** Michael Geyer, 2001-12-17 The German Democratic Republic has become the subject of novels memoirs and films and the backdrop for general debates over the power of intellectuals in contemporary media and society This collection considers the demise of the GDR and its impact on the place of intellectuals *The Rural and Domestic Life of Germany* William Howitt, 1842 **Campy Slips and Slides Through Austria and Germany** Jack McClellan, 2016-12-26 Hello young reader My name is Campy I am a cat People call me Campy because I like to travel by camper I am willing to risk all my nine lives to see the world as much as possible and to hear stories about what I see This is a good life for me I have traveled through some very interesting countries so far and now I am hoping to see some of Austria and Germany Come Join me Campy **U.S. Strategic Bombing Survey: Henschel**

& Sohn, Kassel, Germany, Dates of Survey May 25-26, 1945 United States. War Department, 1947 Patriotism Through Education Series National Security League, 1918 *Medieval Architecture* Nicola Coldstream, 2002 Medieval architecture comprises much more than the traditional image of Gothic cathedrals and the castles of chivalry A great variety of buildings synagogues halls and barns testify to the diverse communities and interests in western Europe in the centuries between 1150 and 1550 This book looks at their architecture from an entirely fresh perspective shifting the emphasis away from such areas as France towards the creativity of other regions including central Europe and Spain Treating the subject thematically Coldstream seeks out what all buildings both religious and secular have in common and how they reflect the material and spiritual concerns of the people who built and used them Furthermore the author considers how and why after four centuries of shaping the landscapes and urban patterns of Europe medieval styles were superseded by classicism

Napoleon in Germany L. Mühlbach, 2022-02-15 Reprint of the original first published in 1867 Contemporary Jewish Reality in Germany and Its Reflection in Film Claudia Simone Dorchain, Felice Naomi Wonnemberg, 2012-12-06 The notion of self and other and its representation in artwork and literature is an important theme in current cultural sciences as well as in our everyday life in contemporary Western societies Moreover the concept of self and other and its imaginary dichotomy is gaining more and more political impact in a world of resurfacing ideology ridden conflicts The essays deal with Jewish reality in contemporary Germany and its reflection in movies from the special point of view of cultural sciences political sciences and religious studies This anthology presents challengingly new insights into topics rarely covered such as youth culture or humor and finally discusses the images of Jewish life as realities still to be constructed Letters to a Gentleman in Germany Francis Lieber, 1834 **Germany: The Long Road West** Heinrich August Winkler, 2007-10-11 Vivid succinct and highly accessible Heinrich Winkler's magisterial history of modern Germany offers the history of a nation and its people through two turbulent centuries It is the story of a country that while always culturally identified with the West long resisted the political trajectories of its neighbours This second and final volume begins at the point of the collapse of the first German democracy and ends with the joining of East and West Germany in the reunification of 1990 Winkler offers a brilliant synthesis of complex events and illuminates them with fresh insights He analyses the decisions that shaped the country's triumphs and catastrophes interweaving high politics with telling vignettes about the German people and their own self perception The two volumes of *Germany The Long Road West* exploring the history of the German lands from the final days of the Holy Roman Empire to the very first of a reunified state in the late twentieth century will be welcomed by scholars students and anyone wishing to understand a most complex and contradictory past **Maelstrom, A Novel of Nazi Germany** Max Overton, 2016-10-18 Never underestimate the enemy Konrad Wengler survived his brush with the death camps of Nazi Germany Now reinstated as a police officer in his Bavarian hometown despite being a Jew he throws himself back into his work seeking to uncover evidence that will remove a corrupt Nazi party official The Gestapo have their own

agenda and despite orders from above to eliminate this troublesome Jewish policeman they hide Konrad in the Totenkopf Death s Head Division of the Waffen SS In a fight to survive in the snowy wastes of Russia while the tide of war turns against Germany Konrad experiences tank battles ghetto clearances partisans and death camps this time as a guard as well as the fierce battles where his Division is badly outnumbered and on the defence Through it all Konrad strives to live by his conscience and resist taking part in the atrocities happening all around him He still thinks of himself as a policeman but his desire to bring the corrupt Nazi official to justice seems far removed from his present reality If he is to find the necessary evidence against his enemy he must first survive
