Adolescent Psychiatry, V. 29 Lois T. Flaherty,2013-09-05 A special section on adolescent substance abuse highlights Volume 29 of Adolescent Psychiatry Contributions range from an examination of brain myelination in relation to onset of addictive disorders Bartzokis to the screening instruments used to detect substance use disorders Rosner to practical aspects of psychiatric assessment and management of substance abusing adolescents Havivi Topical studies focus on the changing patterns of use and health risks of the designer drug Ecstasy Grob the club drugs gamma hydroxybutyrate and ketamine Miotto et al and adolescent pathological gambling a behavioral disorder with strikingly addictive features Taken together these illuminating essays converge in an appreciation of adolescent substance abuse and addiction in all their biopsychosocial complexity Elsewhere in Volume 29 contributors review neuroimaging studies in an effort to shed light on adolescent psychiatric disorders Day et al reevaluate the construct of borderline personality disorder as it pertains to adolescence Becker Paris and present the encouraging results of a pilot project on the psychodynamic psychotherapy of adolescents with panic disorder Milrod et al A case series on the treatment of hospitalized adolescents who deliberately ingest foreign objects Petti et al and a case study of the cross cultural issues that arose in the therapy of an Asian American adolescent Shen et al enlarge the clinical and cultural scope of the volume True to the legacy of previous volumes in the series Volume 29 of Adolescent Psychiatry brings within its purview all the elements of a multidimensional grasp of adolescent development psychopathology and treatment Neuroscientific findings empirical clinical studies case series and descriptions of clinical approaches all take their place in this illuminating and richly textured collection *Treatment of Substance Abuse* Diane Gibson,2013-10-31 This timely volume fills a long standing gap in the professional literature by providing an overview of contemporary assessment and rehabilitation of alcohol and chemical dependent substance abusers

Although many occupational therapists and other activity therapy staff work in substance abuse programs few articles in occupational therapy literature address this relevant topic Treatment of Substance Abuse Psychosocial Occupational Therapy Approaches provides a unique overview of contemporary assessment and rehabilitation of alcohol and chemical dependent substance abusers The highlights of this insightful book include behavioral and educational frames of reference as well as specific treatment modalities such as stress management activities of daily living and leisure counseling Contributors examine current polemics regarding programs that use methadone versus abstinence and theoretical concepts including the psychodynamic model with emphasis on the defensive structure underlying the abuser s personality as well as leveled conceptual framework for considering treatment A number of practical techniques are discussed within the overall context of each article hence the reader will find usable guidelines for establishing boundaries of treatment as well as discreet ideas about methods and practice Roles and functions of varying disciplines are reviewed in an effort to discriminate role clarity and provide implications for practice in relation to different models This issue is valuable to the OT who seeks an understanding of the varying viewpoints and current practice in the substance abuse field *The Social Work Experience* Mary Ann Suppes, Carolyn Cressy Wells, 2000 Created to introduce students to the field of social work and its relationship to social welfare policy The Social Work Experience gives readers both an historical and practical overview of the profession In each chapter the authors continue to integrate policy coverage with social work practice values and ethics and social justice issues The relationship between policy and practice is carefully examined in the context of nine major fields of social work and in discussions of the challenges faced by today s practitioners Comprehensive coverage is delivered in the highly readable style readers have come to expect of this author team with engaging case studies as chapter openers exhibit boxes debate boxes and research activity sections designed to draw readers into the text The third edition continues to keep up with current changes and developments in social work and social policy with valuable new information on welfare reform Social Security privatization of social services and the NASW Code of Ethics as well a new chapter on current career opportunities in the field *Clinical Handbook of Adolescent Addiction* Richard Rosner, 2012-11-19 Since 1960 the burden of adolescent illness has shifted from the traditional causes of disease to the more behavior related problems such as drinking smoking and drug abuse nearly half of American adolescents have used an illicit drug sometime during their life Instilling in adolescents the knowledge skills and values that foster physical and mental health will require substantial changes in the way health professionals work and the way they connect with families schools and community organizations At the same time the major textbooks on addiction medicine and addiction psychiatry devote relatively little attention to the special problems of diagnosing and treating adolescent addicts Similarly the major textbooks on general and child and adolescent psychiatry direct relatively little attention to the issues surrounding adolescent addiction The Clinical Handbook of Adolescent Addiction is one response to the challenge of meeting the mental health needs and behavior related problems of addicted teenagers

The work has been edited as an independent project by members of the American Society for Adolescent Psychiatry the oldest professional organization of psychiatrists devoted solely to the mental health care and treatment of teenagers in the USA The forensic psychiatry perspective permeates the entire book It will help to produce health providers with a deep and sensitive understanding of the developmental needs and behavior related problems of adolescents The Clinical Handbook of Adolescent Addiction is a practical tool for all those who help adolescents practitioners of family medicine general psychiatrists child adolescent psychiatrists adolescent psychiatrists addiction psychiatrists non psychiatric physicians specializing in addiction medicine forensic psychiatrists psychologists clinical social workers mental health administrators Court Probation Parole Correctional health workers The book is organized in a user friendly format so that readers can easily locate the chapters that provide the information that is required In some instances topics of special importance deliberately have been addressed in more than one chapter to illuminate the topics from a variety of vantage points One aim of the editors is to move the topic from being a specialist area to a generalist one by providing tools for generalist to use

Medical and Psychosocial Aspects of Chronic Illness and Disability Donna R. Falvo, 1999 Falvo rehabilitation counselor training Southern Illinois U provides the basic medical information about chronic conditions which she believes will be of valuable use to nonmedical rehabilitation professionals and students Introductory chapters discuss psychosocial aspects of chronic illness an Handbook of LGBT Elders Debra A. Harley, Pamela B. Teaster, 2015-08-05 This groundbreaking resource presents a wealth of findings and perspectives previously unseen in the LGBT literature Its focus on psychological sociopolitical and care delivery issues affecting LGBT elders reveals both the nuanced interplay between diverse sources of identity and multiple sources of stigma and discrimination Specific chapters highlight challenges and resiliencies impacting subpopulations e g racial groups veterans immigrants examine employment and advocacy issues discuss later life concerns in context and offer guidelines for relevant ethical practice Contributors represent a wide range of fields from psychiatry and gerontology to public health and public policy reflecting the scope and needs of this diverse and complex population Among the topics in the Handbook Family relationships of older LGBT adults The intersection of identities race age sexuality and care network Bisexuality an invisible community among LGBT elders Implications of the Supreme Court ruling on same sex marriage No money no work and you re old Disabilities among LGBT elders responses of medicine public health rehabilitation and social work Handbook of LGBT Elders is an essential reference for mental health professionals psychologists and social workers who work with the LGBT community and the elderly as well as researchers interested in the LGBT community and aging The Oxford Handbook of Substance Use and Substance Use Disorders Kenneth J. Sher, 2016-07-13 Substance use and substance use disorders SUDs have been documented in a number of cultures since the beginnings of recorded time and represent major societal concerns in the present day The Oxford Handbook of Substance Use and Substance Use Disorders provides comprehensive reviews of key areas of inquiry into the fundamental

nature of substance use and SUDs their features causes consequences course treatment and prevention It is clear that understanding these various aspects of substance use and SUDs requires a multidisciplinary perspective that considers the pharmacology of drugs of abuse genetic variation in these acute and chronic effects and psychological processes in the context of the interpersonal and cultural contexts Comprising two volumes this Handbook also highlights a range of opportunities and challenges facing those interested in the basic understanding of the nature of these phenomena and novel approaches to assess prevent and treat these conditions with the goal of reducing the enormous burden these problems place on our global society Chapters in Volume 1 cover the historical and cultural contexts of substance use and its consequences its epidemiology and course etiological processes from the perspective of neuropharmacology genetics personality development motivation and the interpersonal and larger social environment Chapters in Volume 2 cover major health and social consequences of substance involvement psychiatric comorbidity assessment and interventions Each chapter highlights key issues in the respective topic area and raises unanswered questions for future research All chapters are authored by leading scholars in each topic The level of coverage is sufficiently deep to be of value to both trainees and established scientists and clinicians interested in an evidenced based approach

Integrating Play Techniques in Comprehensive School Counseling Programs Jennifer Curry, Laura Fazio-Griffith, 2013-05-01 Play therapy interventions are critical elements of providing responsive services within the context of comprehensive school counseling programs However many school counselors are not trained in the use of play therapy techniques during their graduate training programs as Play Therapy is not a required course based on standards set by the Council for Accreditation of Counseling and Related Education Programs CACREP 2009 Indeed while there are over 400 school counseling programs in the U S there are only 11 certified play therapy training centers Even more critically school counselors may not know which play therapy approaches and interventions are evidenced based for specific childhood concerns e g selective mutism social skills deficits parent deployment Play therapy is a structured theoretically based approach to counseling that builds on the normal communicative and learning processes of children as they may not have developed the complexities of language to accurately express their concerns Carmichael 2006 Gil 1991 Landreth 2002 O Connor yet many school counselors are unprepared to provide these vital resources The focus of this book is on various play techniques and the application of various play therapy theories i e Child Centered Play Therapy Solution Focused Play Therapy Cognitive Behavioral Play Therapy within comprehensive school counseling programs addressing various childhood concerns prevention and intervention Each chapter offers vignettes a literature review of a specific childhood concern e g homelessness separation anxiety pragmatic interventions for the school environment and a case study to demonstrate application of techniques

Alcoholism Maria L. Gifford, 2009-10-22 An intriguing look at the history of alcoholism and its dramatic effects from the first fermented grape to current advances in genetic research Alcoholism tells the story of a disease familiar to many yet not well understood It is the first biography of

alcohol abuse that gauges its devastating effects on the body the family the economy and the community Alcoholism provides the latest understanding of the disease as a behavioral dysfunction and a biological condition Coverage includes the origins of alcohol and the discovery of alcoholism as a medical disease the biology of alcoholism and its effects on the body and current diagnostic and treatment methods for alcoholism In addition the book explores the effects on society of such alcoholism related problems as domestic abuse fetal alcohol syndrome drunk driving and suicide as well as promising new directions in alcoholism research awareness treatment and prevention *Substance Abuse Counseling* Patricia Stevens,Robert Leonard Smith,2000 This book provides information regarding the enormity of substance abuse problems in the population how to assess the problems and how to treat individuals and families who seek assistance It educates beginning clinicians and counselors about substance abuse by guiding them through the process of working with substance abuse clients Written in an understandable and easy to grasp manner it covers the basics of substance use and abuse Terminology physiology psychokinetics and psychodynamics Case histories are used in selected chapters to help readers integrate the various approaches by offering a sample of the types of issues presented when working with this population An emphasis on special populations includes minority populations women elderly special needs groups and children youth For substance abuse counselors seeking information on the stages of counseling from assessment and diagnosis through relapse prevention **Your Health!** Joan Luckmann, Ray Goldberg, 1990
