**Rory Land** Timothy M. Gay,2025-05-13 RORY LAND is the unabashed story of Rory McIlroy golf's most compelling icon the caring but conflicted soul from a troubled Irish homeland with a swing that borders on the immaculate Timothy M Gay writes that four time major champion Rory McIlroy is golf's ageless Opie Taylor a freckled superstar whose boyish charm transcends national boundaries and enlivens the game His seemingly effortless swing is so powerful that Tiger Woods is teaching his own son to mimic Rory's action But a charismatic persona and a pretty swing don't necessarily translate into winning major championships Over the past decade Rory has had his heart ripped out as he's failed to win another major and fallen short of achieving the career Grand Slam He's also become a lightning rod getting into a profanity laced smackdown at the 23 Ryder Cup and after his betrayal by PGA Tour brass causing head scratching confusion by going from an impassioned opponent of a deal with the Saudi backed LIV Golf to an outspoken proponent His backtrack on LIV fits a disquieting pattern Gay reveals of Rory's propensity to flip flop on

key principles and people McIlroy is from Northern Ireland a geopolitical anomaly where religion and patriotism have been used as bloody cudgels for much of the past century Both sides of his family were battered by the North's sectarian Troubles ugly realities that McIlroy has been loath to acknowledge Rory is Gay believes a man essentially without a country which might explain why he's become so obsessed with the Ryder Cup Gay argues that McIlroy has in effect invented his own fiefdom which the author has dubbed RORY LAND RORY LAND tells the up and down saga of a compassionate and kind hearted superstar living in a world where money has no conscience

Left Brain, Right Stuff Phil Rosenzweig, 2014-01-07 Left Brain Right Stuff takes up where other books about decision making leave off For many routine choices from shopping to investing we can make good decisions simply by avoiding common errors such as searching only for confirming information or avoiding the hindsight bias But as Phil Rosenzweig shows for many of the most important more complex situations we face in business sports politics and more a different way of thinking is required Leaders must possess the ability to shape opinions inspire followers manage risk and outmaneuver and outperform rivals Making winning decisions calls for a combination of skills clear analysis and calculation left brain as well as the willingness to push boundaries and take bold action right stuff Of course leaders need to understand the dynamics of competition to anticipate rival moves to draw on the power of statistical analysis and to be aware of common decision errors all features of

left brain thinking But to achieve the unprecedented in real world situations much more is needed Leaders also need the right stuff In business they have to devise plans and inspire followers for successful execution in politics they must mobilize popular support for a chosen program in the military commanders need to commit to a battle strategy and lead their troops and in start ups entrepreneurs must manage risk when success is uncertain In every case success calls for action as well as analysis and for courage as well as calculation Always entertaining often surprising and immensely practical Left Brain Right Stuff draws on a wealth of examples in order to propose a new paradigm for decision making in synch with the way we have to operate in the real world Rosenzweig s smart and perceptive analysis of research provides fresh and often surprising insights on topics such as confidence and overconfidence the uses and limits of decision models the illusion of control expert performance and deliberate practice competitive bidding and new venture management and the true nature of leadership
