## **Managing Effective Learning And Teaching:**

**Managing Effective Learning and Teaching** Ann R J Briggs, Daniela Sommefeldt, 2002-09-16 Presents the theory underlying management of teaching and learning as well as the rationale for learning and teaching through a consideration of curriculum design

*Managing Effective Learning and Teaching* Ann R J Briggs, Daniela Sommefeldt, 2002-07-23 Presenting the theory underlying management of teaching and learning as well as discussion of good practice in schools and colleges the authors of this volume discuss the rationale for learning and teaching through a consideration of curriculum design This is linked to models of learning and teaching and the management of contexts for learning together with the roles and responsibilities of curriculum managers Examples are drawn from international settings as well as from the United Kingdom encouraging the reader to explore the context of managing learning and teaching within his/her own institution The authors provide self study material with extensive links to other key texts in the field This book is a valuable source book for curriculum managers at all levels in schools and colleges as well as a course book for Masters level study in educational management

Effective Learning and Teaching in Business and Management Bruce Macfarlane, Roger Ottewill, 2013-10-11 Written to meet the needs of teachers lecturers and tutors working at different levels and in many situations this is the guide to surveying and understanding the key issues best practices and new developments in business and management studies Teaching in this field is a multi faceted experience The authors use an international perspective and support a wide range of situations by concentrating on five key areas the teaching and supporting of learning the design and planning of learning activities assessment and giving feedback to students developing effective learning environments and student learning support systems reflective practice and professional development Practical and clear this book will prove an invaluable guide for all those with an interest in developing business and management education and is essential reading for all those looking for professional accreditation for recognition of their teaching It is also indispensable for the less experienced teacher seeking material for reflection and advice

**Managing Effective Relationships in Education** Carol Cardno, 2012-03-19 This is an important book and essential reading for all leaders in education Carol Cardno expertly shows how effectiveness can be enhanced when complex problems are openly collaboratively and trustingly resolved This book offers a refreshing insight into the complexities of being a leader and exercising effective leadership in modernised organisations Professor Tanya Fitzgerald La Trobe University Melbourne Combining a theoretical and a practical approach this book provides a guide to educational administration management and leadership across sectors The author focuses on two particular topics organisational learning and dilemma management More specifically the author looks at how to bring about productive relationships in order to solve complex problems By drawing attention to particular sets of theory and practice Cardno presents seminal and recent research that can be applied to practice in an original way The author demonstrates that effectiveness is enhanced when complex problems are resolved collaboratively and trustingly Productive relationships are

shown to rely on openness and dialogue This book will stimulate and support practising and aspiring educational leaders at all levels and in all types of educational organisations Students practitioners and researchers in the early childhood school and tertiary sectors will find this book to be indispensable Dr Carol Cardno is Professor of Educational Management and until recently was Head of the School of Education at Unitec Institute of Technology She has held several school management positions and was principal of Waitakere College before establishing an Educational Management Centre at Unitec in 1991

**Effective Learning and Teaching in Business and Management** Bruce Macfarlane, Roger Ottewill, 2013-10-11

Written to meet the needs of teachers lecturers and tutors working at different levels and in many situations this is the guide to surveying and understanding the key issues best practices and new developments in business and management studies Teaching in this field is a multi faceted experience The authors use an international perspective and support a wide range of situations by concentrating on five key areas the teaching and supporting of learning the design and planning of learning activities assessment and giving feedback to students developing effective learning environments and student learning support systems reflective practice and professional development Practical and clear this book will prove an invaluable guide for all those with an interest in developing business and management education and is essential reading for all those looking for professional accreditation for recognition of their teaching It is also indispensable for the less experienced teacher seeking material for reflection and advice

**Contemporary Challenges in Education: Digitalization, Methodology, and Management** Arinushkina, Anna A., Morozov, Alexander V., Robert, Irena V., 2023-10-26 In an era where digitalization is the driving force behind education an examination of how technology is reshaping pedagogy is mandatory for ensured success Shifting educational standards amidst the digital revolution must be evaluated with interdisciplinary approaches in computer science and engineering education Contemporary Challenges in Education Digitalization Methodology and Management delves deep into the heart of contemporary education offering insights drawn from applied research and case studies all of which collectively redefine the very essence of education today It explores integrating socio economic modeling methods to optimize catering concepts in educational organizations At its core this book explores how applied research has generated transformations within national educational systems It dissects critical issues ranging from hot meal programs in schools to the nuanced demands of children with special educational needs The chapters of this reference book provide an indispensable resource for those seeking to navigate the digital terrain within education offering both a roadmap and a cautionary tale These insights prompt readers to ponder the immense impact applied research can wield on educational policies and practices making it an essential read for researchers policymakers and educators alike One of the book's standout sections dives deep into cross cultural communication and studies that transcend national borders and reveals the massive potential it has for reshaping the educational landscape Here readers are invited to contemplate how such studies can transcend the limitations of traditional educational paradigms fostering global educational cohesion in an increasingly

interconnected world Contemporary Challenges in Education Digitalization Methodology and Management addresses fundamental questions at the heart of educational advancement and underscores the pivotal role of applied research technology and cross cultural insights in shaping the future of education This book also peels back the layers of educational management examining decisions that optimize regional educational infrastructure enhance quality assessment and cultivate the professional competence of school principals It is an invaluable resource for educational leaders and administrators seeking to refine organizational structures and leadership within educational institutions Scholars educators policymakers and anyone interested in the educational landscape will find this book invaluable for navigating the complex challenges and opportunities in contemporary education

Managing Successful Universities Shattock, Michael, 2010-09-01 Professor Mark Taylor Dean Warwick Business School University of Warwick
