Baleshwar Thakur, Rajiv R. Thakur, Srikumar Chattopadhyay, Rajesh K. Abhay, 2022-01-01 This book examines the relationship between natural resource management sustainable development and governance with case studies from India and other places covering disaster risk reduction conflict resolution capacity building climate change adaptation and resilience citizen engagement and ecological conservation Though the studies focus mostly on cases in India the volume discusses how governance can be employed to help develop and implement sustainable practices globally through the lens of the United Nations Sustainable Development Goals SDGs framework Readers will learn how to integrate concepts of resource management sustainable development and governance to improve human resilience to global environmental change and to assess the proper development approaches to assist economically stressed and resource deprived individuals The book will be of use to graduate students and academics policy makers planners and nonprofits *ECIC 2013 Proceedings of the 5th European Conference on Intellectual Capital* Lidia Garcia, Arturo Rodriguez-Castellanos, Jon Barrutia-Guenaga, 2013

**Management of International Institutions and NGOs** Eduardo Missoni, Daniele Alesani, 2023-08-31 This second edition of Management of International Institutions and NGOs covers all key topics in global governance from a unique management perspective It analyzes the management challenges associated with international cooperation rather than the more commonly explored political or economic lenses This text is structured to enable students to connect theory with practice beginning with the main management frameworks developed in the context of corporate and national public nonprofit organizations and adapting them to the specificity of international institutions and international non governmental organizations This leads to the identification of a tailored approach to international organization management based on their institutional and operational settings stakeholder groups core business staff profiles and financial arrangements The authors then connect this theory with practice by linking frameworks to several case studies and best practices of organizations

currently experimenting with management systems and tools with case studies including the World Bank and the Gates Foundation This edition has been extensively revised and updated with an expanded conceptual framework inclusive of systemic theories of organization new cases throughout and new chapters on leadership supply chain and operations and human centered digitization This comprehensive textbook is a must own resource for students and academics involved with studying and working with international organizations

*Non-Governmental Organizations, Management and Development* David Lewis, 2014-03-05 Non Governmental Development Organizations have seen turbulent times over the decades however recent years have seen them grow to occupy high profile positions in the fight against poverty They are now seen as an important element of civil society a concept that has been given increasing importance by global policy makers This book has evolved during the course of that period to be a prime resource for those working or wishing to work with and for NGOs The third edition of Non Governmental Organizations Management and Development is fully updated and thoroughly reorganized covering key issues including but not limited to debates on the changing global context of international development and the changing concepts and practices used by NGOs The interdisciplinary approach employed by David Lewis results in an impressive text that draws upon current research in non profit management development management public management and management theory exploring the activities relationships and internal structure of the NGO This book remains the first and only comprehensive and academically grounded guide to the issues facing international development NGOs as they operate in increasingly complex and challenging conditions around the world It is the perfect resource for students undertaking studies of NGOs and the non profit sector in addition to being an excellent resource for development studies students more generally
