Managing People is Like Herding Cats Warren G. Bennis,1997 Cats of course won t be herded And the most successful organizations in the 21st Century won t be managed they ll be led The answer to America s current leadership crisis is leaders not managers who recognize that the only capital that really counts is human capital And whether readers are looking for a leader or looking to be a better one Warren knows what it takes In answer to the leadership crisis Bennis offers insight into developing leaders and their competencies by explaining ten traits of dynamic leaders and how these leaders constantly reinvent themselves The 21st century will require leaders who can inspire and orchestrate change rather than impose it or simply react to it The section on Leading Change will in itself make this a must have book **Managing People at Work** Dale S. Beach,1975 People Management Chad Halvorson,2016-01-08 As a manager it s not always inherently easy to understand how to best lead and communicate with your team You don t become a great manager overnight you have to work at it just like anything else you want to excel at This book will teach you everything you need to know about becoming a better manager and leader of people **Managing People** Jane Weightman,2004 The new IPD core management standards define the essentials for competently managing and developing people and are compatible with an N SVQ at level 4 in management This book offers an introduction to working with people **Managing People in the 21st Century** Eric W. Swenson,2004 Management styles have changed dramatically over the past century In this insightful often irreverent book a veteran manager talks about these changes and how managers and supervisors need to tailor their own styles to those of their team Educators and trainers teach prospective managers how to manage a process or a budget But left in the dark is how to manage people and in the end your success as a manager depends on how well you manage others The author makes a case for Consensus Management which provides strong leadership and directions while allowing employees to participate in the decision making process **The Leader's Guide to Managing People** Mike Brent,Fiona Dent,2013-10-31 A very valuable resource for busy leaders to dip in and out of as time allows Dr Mark Pegg Chief Executive Leadership Foundation for Higher Education Clear and concise with great anecdotes and oozing with experience Dr K D Akabusi MBE MA FPSA Executive Director The Akabusi Company Coaching motivating team building and influencing are all essential tools for getting the most out of the people around you Commonly described as soft skills there s nothing soft about the impact they will have on your business performance This book is your toolkit for managing yourself facilitating team performance and surviving and thriving in times of change Step up your management skills now to get the business results you need Managing to Manage Derek Torrington,2013 This book is not for HR professionals but for scientists and engineers for lawyers and accountants for nurses and police officers for technical advisers and school teachers for social workers for librarians and actuaries perhaps even for authors and lecturers those who may not see managing people as their

main job Managing to Manage aims to give them the essentials to cope with the core demands of people management when their expertise is in a completely different area of business Torrington splits his book into two parts what it takes to be a great manager and how to become that manager The first part deals with the main aspects of managing people in an organizational context The second part has a series of much shorter How to guides to help do specific things that are essential features of work in the first part of the book He explains the crucial matters that managers need to understand such as how their particular organization works how they can use it to produce positive results how people learn and getting the right people in the right place Managing to Manage explains the skills needed to make the right decisions for both the people involved and the business itself
