Managing Us Soviet Rivalry Problems Of Crisis Prevention:

Managing U.s.-soviet Rivalry Alexander L. George, 2019-03-04 This book examines the lessons of the U S Soviet experiment with detente in the 1970s with particular attention to the effort to develop a basis for cooperating in crisis prevention It provides a reconceptualization of the problem of moderating U S Soviet rivalry **Learning In U.s. And Soviet Foreign Policy** George Breslauer, 2019-03-07 Are policymakers capable of learning about the complex international environment they must deal with when formulating foreign policy Interest in the phenomenon of learning has been growing driven in part by the advent of Gorbachev and by prospects for ending the Cold War In this book leading scholars explore the theoretical and practical implications **Opportunities and Dangers of Soviet-Cuban Expansion** Richard J. Payne, 1988-07-08 Combined with aggressive rhetoric and ideological hostility the conventional approach to crisis resolution generates only military options and diminishes our prospects for less dangerous solutions This book explains how a workable pragmatic and efficient foreign policy in relation to Soviet Cuban activities in the Third World can evolve through negotiation that de-emphasizes ideology The focus is on problems within less developed countries problems that provide opportunities for Soviet Cuban involvement The book examines several Third World conflicts in which the Soviet Union and Cuba are involved The Horn of Africa Afghanistan Nicaragua Southern Africa and the Commonwealth Caribbean and suggests a pragmatic policy tailored to each regional conflict An objective assessment of Soviet Cuban activities discovers opportunities for cooperation and mutual restraint **Conflict Management In The Middle East** Steven L Spiegel, 2019-03-07 This book explores efforts being made to create Russian American cooperation in managing recurrent conflict in the Middle East Theoretical historical and policy sections provide the framework for chapters that represent the most current multinational thinking on issues of war prevention crisis avoidance and conflict resolution The contributors **Problems of Communism**, 1984 **Western Perceptions Of Soviet Goals** Klaus Gottstein, 2020-01-23 This study investigates Western views on the potential future developments in the U S S R It traces the facts figures fears and ideological prejudices that have contributed to the mutual mistrust between the East and the West over long range political goals and recommends ways of reducing it **Preventing Genocide** David A. Hamburg, 2015-11-17 Genocide has been called a problem from hell and despite vehement declarations of never again it is a problem that continues to plague the world From the beginning of history to the most recent massacres in Bosnia Rwanda and Darfur genocide defies resolution And given today's worldwide access to highly lethal weapons and advanced communications technology facilitating incitement to hate we can expect to see this problem grow It is often claimed that genocide occurs without warning taking both local and global communities by surprise Yet as David Hamburg convincingly shows we have had long term advance knowledge of most modern genocides dating back to the early 20th century Armenian tragedy in Turkey and before In this book Dr Hamburg applies a groundbreaking new perspective the medical model of prevention to the scourge of genocide in the world Preventing genocide is not only possible Dr Hamburg

contents but essential given its high cost in lives human rights and international security Here he maps out numerous practical steps to recognise genocidal conflicts early and stem their tides of violence before they become acute He also outlines several institutions in place and programs underway at the UN EU and NATO devoted to preventing future genocides before they erupt He draws lessons both from missed opportunities and successful experiences and makes many constructive suggestions about strengthening international institutions governments and NGOs for this purpose

Moscow's Third World Strategy Alvin Z. Rubinstein, 2021-04-13 The description for this book *Moscow's Third World Strategy* will be forthcoming *Israel's Nuclear Dilemma* Yair Evron, 2005-07-28 The development of Israel's nuclear

capacity controversy within the military elite implications for Arab Israeli relations and arms control in the region **A Cultural Theory of International Relations** Richard Ned Lebow, 2008-12-11 An original theory of politics and international relations based on ancient Greek ideas of human motivation *Winning and Losing the Nuclear Peace* Michael

Krepon, 2021-10-19 The definitive guide to the history of nuclear arms control by a wise eavesdropper and masterful storyteller Michael Krepon The greatest unacknowledged diplomatic achievement of the Cold War was the absence of mushroom clouds Deterrence alone was too dangerous to succeed it needed arms control to prevent nuclear warfare So U S and Soviet leaders ventured into the unknown to devise guardrails for nuclear arms control and to treat the Bomb differently than other weapons Against the odds they succeeded Nuclear weapons have not been used in warfare for three quarters of a century This book is the first in depth history of how the nuclear peace was won by complementing deterrence with reassurance and then jeopardized by discarding arms control after the Cold War ended *Winning and Losing the Nuclear Peace* tells a remarkable story of high wire acts of diplomacy close calls dogged persistence and extraordinary success Michael Krepon brings to life the pitched battles between arms controllers and advocates of nuclear deterrence the ironic twists and unexpected outcomes from Truman to Trump What began with a ban on atmospheric testing and a nonproliferation treaty reached its apogee with treaties that mandated deep cuts and corralled loose nukes after the Soviet Union imploded After the Cold War ended much of this diplomatic accomplishment was cast aside in favor of freedom of action The nuclear peace is now imperiled by no less than four nuclear armed rivalries Arms control needs to be revived and reimagined for Russia and China to prevent nuclear warfare New guardrails have to be erected *Winning and Losing the Nuclear Peace* is an engaging account of how the practice of arms control was built from scratch how it was torn down and how it can be rebuilt **Can South Africa Survive?** D. Brewer, 1989-01-01 A collection of essays on the contemporary

crisis and change in South Africa which considers the international political position Afrikaner politics South African economics internal Black politics The United Democratic Front Black trade unions and constitutional change *Making Peace Prevail* Alice Ackermann, 2000-01-01 The urgency to tell the story of the former Yugoslav Republic of Macedonia the only republic in the former Yugoslavia to secede without bloodshed is made more compelling by the crisis in Kosovo In

Making Peace Prevail Alice Ackermann offers the first in depth account of how Macedonia one of the few examples of successful preventive diplomacy held onto peace during the violent breakup of Yugoslavia in the 1990s Faced with ethnic tensions and the threat of the Bosnian war this republic was spared the fate of Croatia and Bosnia With this book Ackermann furthers our understanding of the challenge in conflict prevention in multiethnic and newly democratized societies She provides a framework of analysis that underscores the art of conflict prevention She notes the activity of the major players such as the United Nations and the Organization for Security and Cooperation in Europe OSCE but maintains that groups such as the Working Group of the International Conference on the Former Yugoslavia although not in the public eye accomplished much through an interactive workshop approach to conflict management In her epilogue Ackermann addresses the most recent developments with NATO s intervention in Kosovo and the Balkans and the internal forces at work in Macedonia which account for its current state of stability

Cold War as Cooperation Roger E. Kanet,Edward A. Kolodziej,1991-06-18 A study of superpower co operation since World War II this book examines the regulation of USA USSR rivalry and outlines the power of regional states to constrain and manipulate them for their own interests

Israel's Nuclear Dilemma (Routledge Revivals) Yair Evron,2014-06-03 Originally published in 1994 Yair Evron opens the book with an account of the development of Israel s nuclear doctrine and the internal disagreements within the Israeli political and strategic elite over how nuclear policy should be conducted There follows an analysis of the reactions from Arab states and of how with the exception of Iraq they have so far refrained from developing their own nuclear weapons

Alternative Military Strategies For The Future Keith A. Dunn,2019-03-04 In this volume prominent civilian and military experts in defense representing the maritime continental coalition military reform and noninterventionist schools of thought outline the changes in military strategy policy and force structure that they believe the United States must adopt if it is to cope successfully with threats to national security in the 1980s and 1990s The authors analyze US interests and objectives the changing strategic environment and the major security threats facing the United States in the coming decades They also discuss what they believe is the proper mix

of political economic and military instruments for dealing with fixture threats The alternative strategies they present are wide ranging and comprehensive running the gamut from a strategic withdrawal from global commitments to proposals for increasing US power projection and forcible entry capabilities in the Third World In many ways the chapters are critical of current and past approaches to military strategy The authors believe it is essential that strategists understand the existing critiques of current U S military strategy in order to make the correct policy decisions for the future **The Soviet Union**

In The Third World Carol R Saivetz, 2019-07-09 This book examines the crucial role that Soviet policy toward the Third World played in Soviet efforts to influence the development of the international system in competition with the United States It traces the evolution of Soviet policy toward the Third World Nuclear Blackmail and Nuclear Balance Richard K. Betts, 2010-12-01 In numerous crises after World War II Berlin Korea the Taiwan Straits and the Middle East the United States resorted to vague threats to use nuclear weapons in order to deter Soviet or Chinese military action On a few occasions the Soviet Union also engaged in nuclear saber ratling Using declassified documents and other sources this volume examines those crises and compares the decisionmaking processes of leaders who considered nuclear threats with the commonly accepted logic of nuclear deterrence and coercion Rejecting standard explanations of our leader s logic in these cases Betts suggests that U S presidents were neither consciously bluffing when they made nuclear threats nor prepared to face the consequences if their threats failed The author also challenges the myth that the 1950s was a golden age of low vulnerability for the United States and details how nuclear parity has and has not altered conditions that gave rise to nuclear blackmail in the past **U.S. Relations with South Africa: An Annotated Bibliography** Y G-M Lulat, 1990-12-31

A comprehensive two volume annotated bibliography of books and monographs journal articles government documents documents of nongovernmental organizations and substantive magazine and newspaper articles published since the late nineteenth century Annotated entries contain a short abstract a table of contents and information on reviews Each volume contains an author and subject index and a periodical is included in Volume Two Topics covered include US Foreign Policy Southern Africa in US South African Relations Nuclear Technology and Other Sectors of Trade and Economic Relations Education Scientific and Cultural Exchanges African Americans and South Africa Divestment Disinvestment and Sanctions Divestment Disinvestment and Sanctions Comparative Studies This two volume work is part of a larger project that included publication of a nearly 700 page book titled United States Relations with South Africa A Critical Overview from the Colonial Period to the Present which is a critical overview of relations between the United States and South Africa going nearly as far back as the very beginning of their inception as permanent European colonial intrusions and it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geopolitical location of South Africa within southern Africa where the presence of other nations particularly Angola Mozambique Namibia and Zimbabwe looms large
