Managing Modernity Politics And The Culture Of Control:

Managing Modernity Matt Matravers, 2005 Criminologists social theorists and philosophers from the USA and UK address the question What do new forms of control from mass imprisonment to on the spot fines tell us about ourselves and the societies we live in Managing Modernity Matt Matravers, 2013-09-13 In the last thirty years the USA and the UK have witnessed a profound change in the way in which we think about and respond to crime and social control Crime has become part of everyday life as for many citizens has imprisonment Managing Modernity brings together criminologists social theorists and philosophers to consider what explains these changes and what they tell us about ourselves and the way in which we live The authors consider the pervasive the obvious and the covert ways in which crime and social order have come to structure social discourses and social life from mass imprisonment to zero tolerance to on the spot fines This volume was previously published as a special issue of the Critical Review of International Social and Political Philosophy CRISPP

Special Issue on Managing Modernity Matt Matravers, 2004 The Oxford Handbook of Crime and Criminal Justice Michael Tonry, 2011-09-29 A comprehensive and accessible overview of the operation of the American criminal justice system This handbook's extensive coverage of the criminal justice system in the U S makes it an important reference for students and scholars in criminal justice law and public policy *The Trial on Trial: Volume 1* R A Duff, Lindsay Farmer, Sandra Marshall, Victor Tadros, 2004-12-21 The trial is central to the institutional framework of criminal justice It provides the procedural link between crime and punishment and is the forum in which both guilt and innocence and sentence are determined Its continuing significance is evidenced by the heated responses drawn by recent government proposals to reform rules of criminal procedure and evidence so as to alter the status of the trial within the criminal justice process and to limit the role of the jury Yet for all of the attachment to trial by jury and to principles safeguarding the right to a fair trial there has been remarkably little theoretical reflection on the meaning of fairness in the trial and criminal procedure the relationship between rules of evidence procedure and substantive law or the functions and normative foundations of the trial process There is a need in other words to develop a normative understanding of the criminal trial The book is based on the proceedings of two workshops which took place in 2003 addressing the theme of Truth and Due Process in the Criminal Trial The essays in the book are concerned with the question of whether and in what sense we can take the discovery of truth to be the central aim of the procedural and evidential rules and practices of criminal investigation and trial They are divided into four parts addressing distinct but inter related issues models of the trial Duff Matravers McEwan the meaning of due process Gunther Dubber the meaning of truth and the nature of evidence Jung Pritchard and legitimacy and rhetoric in the trial Burns Christodoulidis **What Works With Women Offenders** Rosemary Sheehan, Gill McIvor, Chris Trotter, 2013-05-13 The number of women prisoners has been growing rapidly during recent years and in many places has more than doubled in the past decade significantly outstripping increases in the number of male prisoners and with particular consequences for

minority ethnic black and aboriginal women who constitute disproportionate levels of prison populations in many countries including Canada the United States the UK and Australia What Works with Women Offenders provides a comprehensive analysis of the issues relating to work with women offenders Chapters are written by academics and professionals with a high degree of expertise in their specific field and its practical focus is designed to make it relevant to those working with women offenders Imprisoning women offenders does not solve the problems that underlie the involvement of women in the criminal justice system and a particular concern of this book is to identify and develop alternative responses that offer appropriate support and intervention to address womens underlying problems and reduce re offending The increase in womens imprisonment is very much an international phenomenon and the book also aims to share knowledge and experiences from different jurisdictions to be shared more widely and for the lessons learnt from good practice to be more widely disseminated

The Penal Landscape Anita Dockley,Ian Loader,2013-07-18 The Howard League for Penal Reform is committed to developing an effective penal system which ensures there are fewer victims of crime has a diminished role for prison and creates a safer community for all In this collection of ten papers the charity has brought together some of the most prominent academic experts in the field to map out what is happening in a specific area of criminal justice policy ranging from prison privatisation to policing and the role of community sentences The Howard League guide has two main aims first it seeks to paint a picture of the current state of the penal system using its structures processes and the specific groups affected by the system as the lens for analysis However each author also seeks to identify the challenges and gaps in understanding that should be considered to predicate a move towards a reduced role for the penal system and prison in particular while maintaining public confidence and safer communities In doing so we hope to inspire researchers and students alike to develop new research proposals that challenge the status quo and seek to create the Howard League s vision for the criminal justice system with less crime safer communities fewer people in prison

Handbook of Probation Loraine Gelsthorpe, Rod Morgan, 2013-05-13 This Handbook provides a comprehensive authoritative and up to date source of information and analysis about all aspects of the work of the Probation Service It takes full account of the many changes that the Probation Service has undergone over the last few years and is currently undergoing as probation becomes part of the broader National Offender Management Service Contributors to the book are drawn from leading academics and practitioners in the field drawing upon the best expertise available Running through the book is a concern with a range of key current issues such as addressing the diversity of offenders and creating effective links with other criminal justice agencies and it includes perspectives from both probation service staff and from offenders and victims This book is an essential text for practitioners trainees and students of probation and those studying it as part of a wider criminology or criminal justice course

Memory, Historic Injustice, and Responsibility W. James Booth, 2019-11-05 What is it to do justice to the absent victims of past injustice given the distance that separates us from them Grounded in political theory and guided by the literature on historical justice W James Booth restores the dead to their central place at the heart of our understanding of why and how to deal with past injustice Testimonies and accounts from the race war in the United States the Holocaust post apartheid South Africa Argentina s Dirty War and the conflict in Northern Ireland help advance and defend Booth s claim that caring for the dead is a central part of addressing past injustice Memory Historic Injustice and Responsibility is an insightful and original book on the relationship of past and present in thinking about what it means to do justice A valuable addition to the currently available literature on historical justice the volume will be of great interest to students and scholars of political science philosophy history and law

Understanding The Management Of High Risk Offenders Kemshall, Hazel, 2008-09-01 Drawing on a wide range of cross national literature and original research by the author this timely book reviews current approaches to the community management of high risk offenders

The Oxford Handbook of Criminology Rod Morgan, Mike Maguire, Robert Reiner, 2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os

Police Culture Tom Cockcroft, 2013 Police culture has for over half a century attracted interest from academics students policy makers police institutions and the general public However the literature of this area has proven to be diverse sprawling and prone to contradiction which has led to an enthralling yet intricate body of knowledge that whilst continuing to provoke interest and debate has largely escaped any wider commentary This book provides a comprehensive overview of the area of police culture primarily by situating it in the context of the literature of organisational culture From this starting point the idea of police culture is developed as an occupationally situated response to the uniqueness of the police role and one in which our understanding is at times hindered by the challenges of definitional operational and analytical concerns The book then charts the development of our understanding of the concept through traditional explanations to the contemporary highlighting in turn the tensions that exist between the elements of continuity in the police world and those of change Police culture themes and concepts draws on research from the 1950s to the 21st century from the UK USA and elsewhere to show how the historical trajectory of police work from its early origins through to the late modern present have imbued it with a complexity that is undermined by deterministic explanations that seek to simplify the social world of the police officer This book will be of interest to academics and students studying the sociology of policing as well as criminology

A New Response to Youth Crime David Smith, 2012-09-10 Antisocial and criminal behaviour involving children and young people have been a cause of heightened public concern in England and Wales for more than a quarter of a century It has been the subject of numerous policy papers research studies and academic assessments as well as extensive newspaper radio and television coverage This has set the context for an ever expanding volume of legislation seeking to amend and improve society's official response Yet despite a massive injection of resources into the youth justice system the results achieved have been unimpressive reoffending remains a persistent problem and the general public appears to have little confidence in the youth justice system The time is ripe therefore for a new look at the problem of youth offending and government and society's response to this This book accompanies the Report of the Independent Commission on Youth Crime and Antisocial Behaviour published 2010 In it leading authorities in the field from a variety of different disciplines review youth crime and different responses to it focussing particularly on England and Wales but also analysing for comparative purposes the nature of responses in other parts of the world especially Canada It will be essential reading for practitioners policy makers students and others with an interest in addressing one of today's most intractable social problems

Criminology and Social Policy Paul Knepper, 2007-04-13 Paul Knepper discusses the difference social policy makes or can make in any response to crime He also considers the contribution of criminology to the debates on major social policy areas such as housing education employment

health and family **Criminal Justice** Anthea Hucklesby,Azrini Wahidin,2013-07-25 Criminal Justice provides a thorough introduction to the challenges faced by the UK s criminal justice system A team of high profile contributors each present a concise overview of their particular field of expertise detailing key procedures challenging students to engage with current topical debates **Sentencing** Ralph Henham,2013-10-01 Sentencing is the process through which the legitimacy of punishment is declared and justified However it is increasingly portrayed as a social activity which should be more responsive to the pluralistic needs and values of individuals and communities in contemporary society It will therefore have to adapt to an array of different perceptions of what justice is and how it should be delivered as well as different sensitivities and emotional responses to sentencing processes and outcomes At a time when fundamental questions are being asked about the relevance of existing forms of punishment in contemporary society Sentencing argues for a profound normative understanding of the relationship between sentencing and its perception by citizens vital if we are to fully comprehend the nature and significance of punishment and the particular challenges it faces as a force for social cohesion Henham explores this theme by focusing on key areas of debate within the field the treatment of gender and race in sentencing the future role of sentencing in criminal justice governance the development of new criteria for evaluating sentencing within a more socially inclusive framework Henham suggests that a greater focus on the relationship between penal ideology and the impact of sentencing in the wider community is essential for effective future policy making in this area Sentencing will be useful for both undergraduate and postgraduate students of law criminology criminal justice and sociology as well as for academics and criminal justice policymakers **Criminology** Eamon Carrabine,Pam Cox,Isabel Crowhurst,Anna Di Ronco,Pete Fussey,Anna Sergi,Nigel South,Darren Thiel,Jackie Turton,2020-03-24 Comprehensive critical and accessible Criminology A Sociological Introduction offers an authoritative overview of the study of criminology from early theoretical perspectives to pressing contemporary issues such as the globalisation of crime crimes against the environment terrorism and cybercrime Authored by an internationally renowned and experienced group of authors in the Department of Sociology at the University of Essex this is a truly international criminology text that delves into areas that other texts may only reference It includes substantive chapters on the following topics Histories of crime Theoretical approaches to crime and the issue of social change Victims and victimisation Crime emotion and social psychology Drugs alcohol health and crime Criminal justice and the sociology of punishment Green criminology Crime and the media Terrorism state crime and human rights The new edition fuses global perspectives in criminology from the contexts of post Brexit Britain and America in the age of Trump and from the Global South It contains new chapters on cybercrime crimes of the powerful organised crime life course approaches to understanding delinquency and desistance and futures of crime control and criminology Each chapter includes a series of critical thinking questions suggestions for further study and a list of useful websites and resources The book also contains a glossary of the criminological terms and concepts used in the book It is the perfect text for students looking for a broad

critical and international introduction to criminology and it is essential reading for those looking to expand their criminological imagination
