Managing Sexual Dysfunction A Basic Guide

William T. O'Donohue, James H. Geer

Managing Sexual Dysfunction A Basic Guide:

Handbook of Sexual Dysfunctions William T. O'Donohue, James H. Geer, 1993 Following the taxonomy of sexual dysfunctions contained in the DSM III R brings together the best available information on the diverse sexual problems as well as describing the research agenda for the future Each chapter author writes on the psychopathology assessment and treatment of each disorder and also outlines important questions for future research For each group of dysfunctions desire arousal orgasm and pain disorders the handbook also contains a chapter written by a physician on the medical aspects of that group of dysfunctions Annotation copyright by Book News Inc Portland OR

Clinical Manual of Sexual Disorders Richard Balon, Robert Taylor Segraves, 2009-08-06 Sexuality is an integral part of gender identity self image and overall well being Sexual dysfunctions present in all cultures and ethnicities around the world Sexual problems have an especially high prevalence among patients with psychiatric syndromes yet in recent years the field of psychiatry has shifted away from the treatment of sexual disorders Clinical Manual of Sexual Disorders is the first comprehensive text in decades to address the management and treatment of sexual dysfunctions and disorders Using a conceptual model that incorporates biological psychological and cultural interventions as its guiding principle the book explores and evaluates the epidemiology of sexual disorders and paraphilias sexual dysfunctions with comorbid psychiatric disorders sexual problems associated with various medications and sexual disorders in specific patient populations Written by 25 contributing clinical specialists from around the world the text combines conceptual shifts within the field of human sexuality with the latest research findings into a practical three part volume The first four chapters cover general areas relevant to the clinical understanding of human sexuality and sexual dysfunctions within the frame of psychiatry The second part of the book outlines the major sexual dysfunctions including male erectile disorder female arousal disorder premature ejaculation and paraphilias And the final chapters address the management of sexual issues in two unique patient populations that are often neglected in other textbooks children and adolescents and older adults The book includes several unique features to further enhance learner retention Tables charts figures and illustrations to enhance the reading material Evaluations questionnaires and other patient materials Take away points on key clinical issues at the end of each chapter Case examples from the authors own practices References for further reading Restoration of sexual function can improve the quality of life for many individuals with and without psychiatric disorders making recognition and treatment of sexual problems of utmost importance to any general psychiatric practice As the only text of its kind Clinical Manual of Sexual Disorders provides a concise clinically oriented biopsychosocial guide to the management and treatment of sexual dysfunction that is appropriate for all psychiatric clinical and educational settings

Management of Sexual Dysfunction in Men and Women Larry I. Lipshultz, Alexander W. Pastuszak, Andrew T. Goldstein, Annamaria Giraldo, Michael A. Perelman, 2016-07-05 This book provides a comprehensive state of the art review of the intersection of male and female reproductive and sexual health The

text comprehensively discusses the evaluation and management of physical genetic and psychological causes of male and female sexual dysfunction Discussion of treatment focuses on current medical and surgical psychosexual therapies in both the male and female The book highlights erectile ejaculatory and orgasmic disorders in the male desire arousal and orgasmic disorders in the female and an integrated approach to the couple Lifestyle modifications through diet and exercise and optimization of anthropomorphic characteristics are also discussed including a holistic approach to these disorders that goes beyond a focus on the genital system alone Sexual Dysfunction in Men and Women An Interdisciplinary Approach serves as a resource for physicians and researchers interested in sexual medicine seeking a comprehensive overview of the practice and novel research in the field *Current Catalog* National Library of Medicine (U.S.),1980 First multi year cumulation covers six years 1965 70 *A guidance document for medical teams responding to health emergencies in armed conflicts and other insecure environments* ,2021-06-18 *Practical Guide to Paraphilia and Paraphilic Disorders* Richard Balon,2016-12-20 This book is a concise practical guide to both paraphilia and paraphilic disorders as defined by the DSM 5 guidelines Written by experts in the field the chapters cover the different types of paraphilic disorder as well as the cutting edge emerging issues such as online sex Unlike any other book on the market the text also covers the most successful treatment strategies include the therapeutic hormonal and psychopharmacological approaches The book also discusses the ethical legal and cultural issues that are common complications when dealing with paraphilic disorders Many chapters feature an introduction diagnostic criteria summary of evidence clinical example recommendations conclusion and references *Practical Guide to Paraphilia and Paraphilic Disorders* is a valuable resource for psychiatrists psychologists residents and all medical professionals working with patients who may suffer from paraphilia and or paraphilic disorders **PMHN Certification Exam Success Guide** Jody Yvonne Haynes, PMHN Certification Exam Success Guide is your complete companion for passing the Psychiatric Mental Health Nurse certification exam with confidence Designed for both first time test takers and experienced nurses in need of a structured refresher this guide provides a practical roadmap to exam readiness This book offers 1 400 practice questions with clear and detailed answers written by experts in the field of psychiatric nursing Each question reinforces core concepts and promotes clinical reasoning helping you build the precision and confidence needed to succeed on exam day Inside you ll find Full coverage of all PMHN exam content areas including mood disorders psychopharmacology therapeutic communication crisis management and legal ethical issues Clear explanations for clinical judgment diagnosis treatment plans medication safety and patient education Case based examples that reflect real world scenarios and challenges nurses face in mental health settings Proven test taking strategies to reduce anxiety manage your time and increase accuracy Tailored study plans to match your timeline whether you re preparing weeks in advance or need a high impact review Written in a clear and supportive voice this guide helps you study smarter not harder Every section reflects current best practices and is aligned with the ANCC PMHN exam blueprint This isn t just a test prep book it s a

A Genealogy of Appetite in the Sexual Sciences Jacinthe Flore,2020-03-11 This book offers a genealogy of the medicalisation of sexual appetite in Europe and the United States from the nineteenth to twenty first century Histories of

sexuality have predominantly focused on the emergence of sexual identities and categories of desire They have marginalised questions of excess and lack the appearance of a libido that dwindles or intensifies which became a pathological object in Europe by the nineteenth century Through a genealogical approach that draws on the writings of Michel Foucault A Genealogy of Appetite in the Sexual Sciences examines key moments in the pathologisation of sexuality and demonstrates how medical techniques assumed critical roles in shaping modern understandings of the problem of appetite It examines how techniques of the patient case history elixirs and devices measurement diagnostic manuals and pharmaceuticals were central to the medicalisation of sexual appetite Jacinthe Flore argues that these techniques are significant for understanding how a concern with how much has transformed medical knowledge of sexuality since the nineteenth century The questions of how much how often and how intense thus require a genealogical investigation that pays attention to the emergence of medical techniques the transformation of forms of knowledge and their effects on the problematisations of sexual appetite

Manual of Outpatient Gynecology Carol Havens, Nancy D. Vascular Surgery Rodney A. White, MD, Larry H. Hollier, 2008-04-15 This second edition of a very successful vascular surgery text was developed in order to address significant changes that have occurred in contemporary vascular surgery and to highlight new information that has developed regarding vascular imaging interventional and endovascular procedures The overall length of the text is slightly shorter than the first edition with relevant core chapters being retained to emphasize the basic science nature of the text with approximately 60% of the material undergoing major revisions or being new chapters The significant change from the first text is an emphasis on vascular pathology and physiology that is relevant to current practice including information that is currently included on the vascular board examinations A new emphasis on endovascular therapies has been added by including five chapters on endovascular techniques and an additional section with six chapters comparing conventional vascular reconstruction to endovascular methods These new chapters address the most important issue in contemporary vascular surgery i.e. the role of endovascular methods in treating vascular lesions and the impact that this has on training and credentialing A unique aspect of this book differentiating it from other texts is a comparison of conventional methods with the endovascular techniques Overall the text provides a comprehensive perspective of contemporary vascular surgery and future perspectives The authors are preeminent in the field and are most capable for addressing the assigned topics with the goals being to provide an updated and forward looking text that accommodates the needs of practicing and training vascular surgeons

Journal of
