## **Manchester Airport Ringway Remembered:**

Manchester Airport Barry Abraham, Les Jones, 2000-03-01 A history of Manchester Airport     1938: Modern Britain Michael John Law, 2017-12-14 In 1938 Modern Britain Michael John Law demonstrates that our understanding of life in Britain just before the Second World War has been overshadowed by its dramatic political events 1938 was the last year of normality and Law shows through a series of case studies that in many ways life in that year was far more modern than might have been thought By considering topics as diverse as the opening of a new type of pub the launch of several new magazines the emergence of push button radios and large screen televisions sets and the building of a huge office block he reveals a Britain both modern and intrigued by its own modernity that was stopped in its tracks by war and the austerity that followed For some life in Britain was as consumerist secular Americanized and modern as it would become for many in the late 1950s and early 1960s Presenting a fresh perspective on an important year in British social history illuminated by six engaging case studies this is a key study for students and scholars of 20th century Britain     *Landscapes Past and Present* Graeme J. manager Matt Busby's goal of winning the European Cup became an obsession that permeated the whole club. Ten years after the Munich disaster, Busby achieved his dream when United, inspired by Bobby Charlton and George Best, beat Benfica 4-1 in extra time to lift the European Cup at Wembley. Some felt the ghosts of Munich were there to witness the club's joy. It seemed to be United's destiny finally to honour those who had lost their lives in pursuit of the gleaming silver trophy. But that triumph was to hang over the club for the next 31 years as United failed to regain those heights. Alex Ferguson's arrival spawned a flood of trophies, but the European Cup, by then known as the Champions League, remained elusively outside their grasp. Then came the last final of the twentieth century against Bayern Munich in the towering splendour of Barcelona's Nou Camp, when United snatched a 2-1 victory from the jaws of defeat to complete the impossible Treble. Manchester United in Europe: Tragedy, Destiny, History recounts the course of those three European campaigns. Using first-hand accounts of the dramatic events, the book describes the sadness and the joy that have run through United's pursuit of European glory and considers the club's chances of ever repeating the European triumphs of the past.

**The Locked Safe: A Family Memoir** Miriam E. David, 2024-06-19. This family memoir is my back story. A Locked Safe with 5 Nazi passports was found after my mother died in 1996. My father had died 16 years earlier. Although we knew he was a German Jewish professional engineer fleeing Nazism in 1936, we did not know the details of how his family fled. The help of my mother's family, the Leas, was essential. They had fled from pogroms in Ukraine, Russia, in the late nineteenth century. Some were also caught up with Japanese internment camps in China, illustrating the diasporic nature of my family. My father, his elder brother, and father were also interned by the British in 1940-1941. I look forward to not only my generation as the so-called second generation from the Holocaust but also the third generation, specifically my daughter Charlotte Reiner Herschman. Although we tell a unique story of one family, that story of migration seeking asylum or refuge and being exiled is a very frequent tale nowadays. In excavating my parents' backgrounds and their influences on me and Charlotte, we show the long-term psychological and social effects on our lives and possibly on future generations.

**Death's Dark Shadow** Sally Spencer, 2014-03-01. A final bombshell will leave readers shocked in this brutal, dark, gripping, and sometimes touching tale that is Spencer at her very best. A must-read. Booklist Starred Review. A nameless victim. An unknown killer. An impossible case for Monika Paniatowski. Before she can even begin to track down the killer of the old woman dumped by the lonely canal, Monika Paniatowski needs to find out who she is, and no one seems to know. Even when her daughter Louisa provides the vital clue, it only makes life more difficult because the Chief Constable intent on making Paniatowski's life difficult refused to let her follow the obvious trail. And it is not until there is a second, even more brutal murder that Paniatowski realises she will have to call on the help of her old mentor, ex-DCI Charlie Woodend.

**Extraction to Extinction** David Howe, 2022-04-05. Tracing our environmental impact through time, David Howe demonstrates how humanity's exploitation of Earth's natural resources has pushed our planet to its limit and asks: What's next for our depleted planet?

Everything we use started life in the earth as a rock or a mineral vein a layer of an ancient seabed or perhaps the remains of a 400 million year old volcano Humanity's ability to fashion nature to its own ends is by no means a new phenomenon we have been inventing new ways to help ourselves to its bounty for tens of thousands of years But today we mine quarry pump cut blast and crush Earth's resources at an unprecedented rate We have become a dominant even dangerous force on the planet In *Extraction to Extinction* David Howe traces our impact through time to unearth how our obsession with endlessly producing and throwing away more and more stuff could destroy our planet But is there still time to turn it around
