Mandarin Squares Mandarins And Their Insignia:

Mandarin Squares Valery M. Garrett, 1990 Mandarin squares the embroidered insignia sewn on to the robes of the ruling mandarin classes in China's Qing dynasty 1644-1911 are prized collectors' pieces This fully illustrated introduction begins with an account of the Chinese system of government and the selection of mandarins The second half traces the origin and development of mandarin squares and describes the symbolism and embroidery techniques of the insignia **Manchus and Han** Edward J. M. Rhoads, 2015-08-03 Open access edition DOI 10.6069/9780295997483 China's 1911-12 Revolution which overthrew a 2000 year succession of dynasties is thought of primarily as a change in governmental style from imperial to republican traditional to modern But given that the dynasty that was overthrown the Qing was that of a minority ethnic group that had ruled China's Han majority for nearly three centuries and that the revolutionaries were overwhelmingly Han to what extent was the revolution not only anti-monarchical but also anti-Manchu Edward Rhoads explores this provocative and complicated question in *Manchus and Han* analyzing the evolution of the Manchus from a hereditary military caste the banner people to a distinct ethnic group and then detailing the interplay and dialogue between the Manchu court and Han reformers that culminated in the dramatic changes of the early 20th century Until now many scholars have assumed that the Manchus had been assimilated into Han culture long before the 1911 Revolution and were no longer separate and distinguishable But Rhoads demonstrates that in many ways Manchus remained an alien privileged and distinct group *Manchus and Han* is a pathbreaking study that will forever change the way historians of China view the events leading to the fall of the Qing dynasty Likewise it will clarify for ethnologists the unique origin of the Manchus as an occupational caste and their shifting relationship with the Han from border people to rulers to ruled Winner of the Joseph Levenson Book Prize for Modern China sponsored by The China and Inner Asia Council of the Association for Asian Studies **Dynasties** Jeroen Duindam, 2016 A vibrant and broad ranging study of dynastic power in the late medieval and early modern world *Beijing Opera Costumes* Alexandra B. Written exclusively for university students, A-level or high school teachers and students, it uses primary sources to tell the story of China and introduces them to existing scholarship and academic debate so they can conduct independent research for their essays and dissertations. This book will be required reading for students who embark on the study of Chinese history, politics, economics, diaspora, sociology, literature, cultural, urban, and women's studies. It would be essential reading to journalists, NGO workers, diplomats, government officials, businessmen, and travellers.
