Mandarins Jews And Missionaries:

Mandarins, Jews, and Missionaries Michael Pollak, 1980 This book tells the amazing story of those almost forgotten bands of Jews who wandered into China any centuries ago and with the passage of time blended physically and psychologically into the general population although managing to remain until fairly recently a distinctly identifiable Jewish entity Most particularly it deals with the last of the several Jewish colonies that once dotted the Chinese empire the community that was established in the Sung capital of Kaifeng in Honan Province between the tenth and the twelfth centuries and still owned a synagogue as late as the mid 1800s Book jacket

Jews in China Irene Eber,2019-11-12 Irene Eber was one of the foremost authorities on Jews in China during the twentieth and twenty first centuries a field that in contrast to the study of the Jewish diaspora in Europe and the Americas has been critically neglected This volume gathers fourteen of Eber s most salient articles and essays on the exchanges between Jewish and Chinese cultures making available to students scholars and general readers a representative sample of the range and depth of her important work in the field of Jews in China Jews in China delineates the centuries long reciprocal dialogue between Jews Jewish culture and China all under the overarching theme of cultural translation The first section of the book sets forth a sweeping overview of the history of Jews in China beginning in the twelfth century and concluding with a detailed assessment of the two crucial years leading up to the Second World War The second section examines the translation of Chinese classics into Hebrew and the translation of the Hebrew Bible into Chinese The third and final section turns to modern literature bringing together eight essays that underscore the cultural reciprocity that takes place through acts of translation The centuries long relationship between Judaism and China is often overlooked in the light of the extensive discourse surrounding European and American Judaism With this volume Eber reminds us that we have much to learn from the intersections between Jewish identity and Chinese culture The Chinese Jews of Kaifeng Anson H. Laytner,Jordan Paper,2017-07-21 This scholarly collection examines the origins history and contemporary nature of Chinese Judaism in the community of Kaifeng These essays written by a diverse international team of contributors explore the culture and history of this thousand year old Jewish community whose synthesis of Chinese and Jewish cultures helped guarantee its survival Part I of this study analyzes the origin and historical development of the Kaifeng community as well as the unique cultural synthesis it engendered Part II explores the contemporary nature of this Chinese Jewish community particularly examining the community s relationship to Jewish organizations outside of China the impact of Western Jewish contact and the tenuous nature of Jewish identity in Kaifeng *Chinese Perceptions of the Jews' and Judaism* Zhou Xun,Xun Zhou,2013-12-16 While prejudice against Jews is a real and ongoing category in Western culture little attention has been paid to the myths of the Jews and their impact in countries outside the West This work draws on a wide variety of source materials from the past two centuries to examine the images of the Jews as constructed in China However the interest here does not lie in the determination of the boundary between the real and fictional aspects of these images Rather it lies in the implications associated with the Jew as an other which remains a distant mirror in the construction of the self amongst various social groups in modern China Although it has been noted by a few scholars that the use of the Jews as a category was important to many thinkers of modern China in the construction of their nationalistic and socio political ideologies this is the first systematic study in the field to be published This book is also more than a historical book on China in that it opens a new arena for modern Jewish studies from a unique angle **From Kaifeng to Shanghai** Roman Malek,2017-07-05 The

collection presents the proceedings of the international colloquium held in Sankt Augustin in 1997 and additional materials. The articles are written in English, German or Chinese with English abstracts. The volume includes a general index with glossary.

Youtai - Presence and Perception of Jews and Judaism in China Peter Kupfer, 2008. This volume summarizes the results of a research project organized at Mainz University in Gernersheim, Germany. It focused on the Jewish community in Kaifeng in China, 12th to 19th century. In recent years, increasing research has been done about the history and culture of the Jews in China, and in the future, more academic interest in all questions connected with it can be expected. Main topics are the perception of Chinese Judaism in European history as well as in Chinese society itself, the self-image of the descendants in Kaifeng and their present status in China, and how China deals with foreign ethnics and religions as part of its own history and identity. These topics were discussed from various interdisciplinary points of view. The authors from Australia, China, Hong Kong, Israel, Great Britain, France, and Germany are prominent Sino-Judaists who present their latest results of research in the light of new facts and approaches.

Jewish Communities in Exotic Places Ken Blady, 2000-03-01. *Jewish Communities in Exotic Places* examines seventeen Jewish groups that are referred to in Hebrew as *edot ha mizrach* (Eastern or Oriental Jewish communities). These groups, situated in remote places on the Asian and African Jewish geographical periphery, became isolated from the major centers of Jewish civilization over the centuries and embraced some interesting practices and aspects of the dominant cultures in which they were situated.

Jews and Christians Together Christian van Gorder, Gordon Fuller, 2020-08-06. Rabbi Gordon Fuller and Dr. Christian van Gorder are committed to helping people of both faith traditions gain as far as is possible a participant's appreciation of those from the other community. This means addressing misconceptions and misrepresentations as well as challenging widely held assumptions. *Jews and Christians Together* delves into the strained relationship between these two faith communities and exposes why these communities need to come to a better understanding and appreciation of the other. Events such as the attack on the Tree of Life Synagogue in Pittsburgh, Pennsylvania, demonstrate why society must address and foil anti-Semitism and anti-Judaism wherever and whenever such views appear. The efforts of Fuller and van Gorder to explore these issues with their own faith communities can provide a helpful starting point to confront trends of increasing hate and bigotry towards Jews today. Fuller and van Gorder ask us to

acknowledge the marred history of Christianity and anti-Semitism so that we can explore healthy Jewish-Christian dialogue and gain a shared and constructive mutual respect Between Jewish Tradition and Modernity Michael A. Meyer, David Myers, 2014-10-20 Bringing together leading Jewish historians anthropologists sociologists philosophers and liturgists Between Jewish Tradition and Modernity offers a collective view of a historically and culturally significant issue that will be of interest to Jewish scholars of many disciplines **The Haggadah of the Kaifeng Jews of China** Fook-Kong Wong, Dalia Yasharpour, 2011-09-23 Includes full text of the Hebrew Aramaic and Judeo Persian Haggadah in Hebrew characters with English translation and commentary *Comparing Jewish Societies* Todd M. Endelman, 2025-08-14 Having unfolded in the diverse communities of the diaspora Jewish experience lends itself almost effortlessly to comparative treatment The contributors to this volume take up the challenge examining Jewish societies from medieval to modern times in Western and Eastern Europe North and South America North Africa India China and the Middle East The essays use the methodological strategies and theoretical insights of history sociology anthropology and political science to explore such topics as Jewish and African nationalism Arab and Jewish railway workers in British ruled Palestine East European Jewish immigrants in New York London and Paris ritual murder trials in fin de siècle Central Europe and Catholic and Jewish enlightenment movements Further because of their comparative structure and method these essays stimulate fresh questions about the larger societies in which Jews lived their values practices and structures *Comparing Jewish Societies* will appeal to students and scholars at all levels who wish to break out of old frameworks to observe the Jews and their religion with a new methodologically sophisticated eye Todd M Endelman is William Haber Professor of Modern Jewish History University of Michigan

Becoming Jewish Netanel Fisher, Tudor Parfitt, 2016-12-14 One of the most striking contemporary religious phenomena is the world wide fascination with Judaism Traditionally few non Jews converted to the Jewish faith but today millions of people throughout the world are converting to Judaism and are identifying as Jews or Israelites In this volume leading scholars of issues related to conversion Judaizing movements and Judaism as a New Religious Movement discuss and explain this global movement towards identification with the Jewish people from Germany and Poland to China and Nigeria
