Boom Town Sam Anderson, 2019-08-20 A brilliant kaleidoscopic narrative of Oklahoma City a great American story of civics basketball and destiny from award winning journalist Sam Anderson NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review NPR Chicago Tribune San Francisco Chronicle The Economist Deadspin Oklahoma City was born from chaos It was founded in a bizarre but momentous Land Run in 1889 when thousands of people lined up along the borders of Oklahoma Territory and rushed in at noon to stake their claims Since then it has been a city torn between the wild energy that drives its outsized ambitions and the forces of order that seek sustainable progress Nowhere was this dynamic better realized than in the drama of the Oklahoma City Thunder basketball team s 2012 13 season

when the Thunder's brilliant general manager Sam Presti ignited a firestorm by trading future superstar James Harden just days before the first game Presti's all in gamble on the Process the patient methodical management style that dictated the trade as the team's best hope for long term greatness kicked off a pivotal year in the city's history one that would include pitched battles over urban planning a series of cataclysmic tornadoes and the frenzied hope that an NBA championship might finally deliver the glory of which the city had always dreamed Boom Town announces the arrival of an exciting literary voice Sam Anderson former book critic for New York magazine and now a staff writer at the New York Times magazine unfolds an idiosyncratic mix of American history sports reporting urban studies gonzo memoir and much more to tell the strange but compelling story of an American city whose unique mix of geography and history make it a fascinating microcosm of the democratic experiment Filled with characters ranging from NBA superstars Kevin Durant and Russell Westbrook to Flaming Lips oddball frontman Wayne Coyne to legendary Great Plains meteorologist Gary England to Stanley Draper Oklahoma City's would be Robert Moses to civil rights activist Clara Luper to the citizens and public servants who survived the notorious 1995 bombing of the Alfred P Murrah federal building Boom Town offers a remarkable look at the urban tapestry woven from control and chaos sports and civics
