Whiteness in the Novels of Charles W. Chesnutt Matthew Wilson, 2009 An examination of race and audience in an American innovator's writings Madness and the Loss of Identity in Nineteenth Century Fiction Judy Cornes, 2007-09-11 An obsession with individual identity pervaded Western thinking in the nineteenth and early twentieth centuries This critical study examines the concept of identity in the works of nineteenth century American and British authors focusing especially on psychologically mad vague shifting and dualistic characterization Authors examined include Ambrose Bierce Henry James Wilkie Collins Robert Louis Stevenson Charles Chesnutt Lillie Devereux Blake and Mary Elizabeth Braddon The text discusses how each author was influenced by contemporary events such as the American Civil War slavery the Second Great Awakening and the beginnings of modern psychology how those experiences shaped contemporary intellectual thought regarding identity and how the resulting concern with personal identity was manifested in literary characters who were either in search of or running from themselves **That Middle World** Julia S. Charles, 2020-10-01 In this study of racial passing literature Julia S Charles highlights how mixed race subjects invent cultural spaces for themselves a place she terms that middle world and how they through various performance strategies make meaning in the interstices between the Black and white worlds Focusing on the construction and performance of racial identity in works by writers from the antebellum period through Reconstruction Charles creates a new discourse around racial passing to analyze mixed race characters social objectives when crossing into other racialized spaces To illustrate how this middle world and its attendant performativity still resonates in the present day Charles connects contemporary figures television and film including Rachel Dolezal and her Black passing controversy the FX show Atlanta and the musical Show Boat to a range of nineteenth and early twentieth century literary texts Charles's work offers a nuanced approach to African American passing literature and examines how mixed race performers articulated their sense of selfhood and communal belonging Chesnutt and Realism Ryan Simmons, 2006-08-08 An important examination of Charles Chesnutt as a practitioner of realism With the release of previously unpublished novels and a recent proliferation of critical studies on his life and work Charles W Chesnutt 1858 1932 has emerged as a major American writer of his time the age of Howells Twain and Wharton In Chesnutt and Realism Ryan Simmons breaks new ground by theorizing how understandings of literary realism have shaped and can continue to shape the reception of Chesnutt's work Although Chesnutt is typically acknowledged as the most prominent African American Off Whiteness Izabela Hopkins, 2023-08-18 In Off Whiteness Place Blood and Tradition in Post Reconstruction Southern Literature Izabela Hopkins explores the remaking of whiteness in the Post Reconstruction South as represented in literary fiction To focus her study she discusses the writings of four prominent figures Thomas Nelson Page Ellen Glasgow Charles Waddell Chesnutt and Alice Dunbar Nelson who contributed to discussions of racial and social identity during the post Civil War South through poetry journalism essays novels and more Off Whiteness draws from both sides of the color line as well as

from both the male and female experience to examine the ambivalence of Southern whiteness from three particular vantage points place ideality and repeatability Hopkins develops her analysis across nine chapters divided into three parts In her exploration of these four writers with differing backgrounds and experiences she utilizes both their well known and lesser known texts to argue against the superficial oversimplification that whiteness requires blackness to define itself Hopkins's analysis not only successfully grapples with a wide range of post structural theories it also approaches the significance of language and religion with intention and sensitivity thereby addressing areas that are typically ignored in whiteness studies scholarship The interdisciplinary nature of *Off Whiteness* positions it as an engaging text relevant to the work and interests of scholars drawn to American and Southern history cultural and social studies literary studies etymology and critical race theory

Lives Out of Letters Robert N. Hudspeth,2004 Though the efficacy of literary biography has been widely contested by academic theorists attention to the lives of authors remains an enduring fact of our literary history Dedicated to Robert N Hudspeth editor of the *Letters of Margaret Fuller and the Correspondence of Henry David Thoreau* the eleven essays in this collection address from a practitioner's perspective the relationship between American literary biography documentation and interpretation

Charles W. Chesnutt and the Fictions of Race Dean McWilliams,2010-07-01 Charles Chesnutt 1858 1932 was the first African American writer of fiction to win the attention and approval of America's literary establishment Looking anew at Chesnutt's public and private writings his fiction and nonfiction and his well known and recently rediscovered works Dean McWilliams explores Chesnutt's distinctive contribution to American culture how his stories and novels challenge our dominant cultural narratives particularly their underlying assumptions about race The published canon of Chesnutt's work has doubled in the last decade three novels completed but unpublished in Chesnutt's life have appeared as have scholarly editions of Chesnutt's journals his letters and his essays This book is the first to offer chapter length analyses of each of Chesnutt's six novels It also devotes three chapters to his short fiction Previous critics have read Chesnutt's nonfiction as biographical background for his fiction McWilliams is the first to analyze these nonfiction texts as complex verbal artifacts embodying many of the same tensions and ambiguities found in Chesnutt's stories and novels The book includes separate chapters on Chesnutt's journal and on his important essay *The Future American* Moreover *Charles W Chesnutt and the Fictions of Race* approaches Chesnutt's writings from the perspective of recent literary theory To a greater extent than any previous study of Chesnutt it explores the way his texts interrogate and deconstruct the language and the intellectual constructs we use to organize reality The full effect of this new study is to show us how much more of a twentieth century writer Chesnutt is than has been previously acknowledged This accomplishment can only hasten his reemergence as one of our most important observers of race in American culture

Lumbee Pipelines David Shane Lowry, *A Matter of Complexion* Tess Chakkalakal,2025-02-04 Amid today's

movement against D E I and Black studies Tess Chakkalalakal's *A Matter of Complexion* makes an urgent case for the importance of Black artistry during racially reactive and violent times Chakkalalakal's thoughtfully written biography is a timely reminder of the influence of artists like Charles W Chesnutt today when perhaps only literature has the power to sustain us The New York Times Book Review A biography of Charles Chesnutt one of the first American authors to write for both Black and white readers In *A Matter of Complexion* Tess Chakkalalakal gives readers the first comprehensive biography of Charles W Chesnutt A complex and talented man Chesnutt was born in 1858 in Cleveland to parents who were considered mixed race He spent his early life in North Carolina after the Civil War Though light skinned Chesnutt remained a member of the black community throughout his life He studied among students at the State Colored Normal School who were formerly enslaved He became a teacher in rural North Carolina during Reconstruction His life in the South of those years the issue of race and how he himself identified as Black informed much of his later writing He went on to become the first Black writer whose stories appeared in *The Atlantic Monthly* and whose books were published by Houghton Mifflin Through his literary work as a writer critic and speaker Chesnutt transformed the publishing world by crossing racial barriers that divided black writers from white and seamlessly including both Black and white characters in his writing In *A Matter of Complexion* Chakkalalakal pens the biography of a poor teacher raised in rural North Carolina during Reconstruction who became the first professional African American writer to break into the all white literary establishment and win admirers as diverse as William Dean Howells Booker T Washington Ida B Wells and Lorraine Hansberry

Passing and the Rise of the African American Novel Maria Giulia Fabi, 2001 *Passing and the Rise of the African American Novel* restores to its rightful place a body of American literature that has long been overlooked dismissed or misjudged This insightful reconsideration of nineteenth century African American fiction uncovers the literary artistry and ideological complexity of a body of work that laid the foundation for the Harlem Renaissance and changed the course of American letters Focusing on the trope of passing black characters lightskinned enough to pass for white M Giulia Fabi shows how early African American authors such as William Wells Brown Frank J Webb Charles W Chesnutt Sutton E Griggs James Weldon Johnson Frances E W Harper and Edward A Johnson transformed traditional representations of blackness and moved beyond the tragic mulatto motif Celebrating a distinctive African American history culture and worldview these authors used passing to challenge the myths of racial purity and the color line Fabi examines how early black writers adapted existing literary forms including the sentimental romance the domestic novel and the utopian novel to express their convictions and concerns about slavery segregation and racism She also gives a historical overview of the canon making enterprises of African American critics from the 1850s to the 1990s and considers how their concerns about crafting a particular image for African American literature affected their perceptions of nineteenth century black fiction

Mandy Oxendine Charles Waddell Chesnutt, 1997 In a novel rejected by a major publisher in the 19th century as too shocking for its time writer Charles W Chesnutt 1858 1932

challenges the notion that race class education and gender must define one's rightful place in society Both a romance and a mystery MANDY OXENDINE tells the compelling story of two fair skinned racially mixed lovers who chose to live on opposite sides of the color line

Passing in the Works of Charles W. Chesnutt Susan Prothro Wright, Ernestine Pickens Glass, 2010-06-17 Passing in the Works of Charles W. Chesnutt is a collection that reevaluates Chesnutt's deft manipulation of the passing theme to expand understanding of the author's fiction and nonfiction Nine contributors apply a variety of theories including intertextual signifying discourse analysis narratological formal psychoanalytical new historical reader response and performative frameworks to add richness to readings of Chesnutt's works Together the essays provide convincing evidence that passing is an intricate essential part of Chesnutt's writing and that it appears in all the genres he wielded journal entries speeches essays and short and long fiction The essays engage with each other to display the continuum in Chesnutt's thinking as he began his writing career and established his sense of social activism as evidenced in his early journal entries Collectively the essays follow Chesnutt's works as he proceeded through the Jim Crow era honing his ability to manipulate his mostly white audience through the astute though apparently self-effacing narrator Uncle Julius of his popular conjure tales Chesnutt's ability to subvert audience expectations is equally noticeable in the subtle irony of his short stories Several of the collection's essays address Chesnutt's novels including Paul Marchand F. M. C. Mandy Oxendine The House Behind the Cedars and Evelyn's Husband The volume opens up new paths of inquiry into a major African American writer's oeuvre

From Walden Pond to Jurassic Park Paul Lauter, 2001-04-17 Explores the changes that have occurred in the field of American Studies over the past 40 years

From School to Salon Mary Loeffelholz, 2021-06-08 With the transformation and expansion of the nineteenth century American literary canon in the past two decades the work of the era's American women poets has come to be widely anthologized But scant scholarship has arisen to make full sense of it From School to Salon responds to this glaring gap Mary Loeffelholz presents the work of nineteenth century women poets in the context of the history culture and politics of the times She uses a series of case studies to discuss why the recovery of nineteenth century women's poetry has been a process of anthologization without succeeding analysis At the same time she provides a much needed account of the changing social contexts through which nineteenth century American women became poets initially by reading reciting writing and publishing poetry in school and later by doing those same things in literary salons institutions created by the high culture movement of the day Along the way Loeffelholz provides detailed analyses of the poetry much of which has received little or no recent critical attention She focuses on the works of a remarkably diverse array of poets including Lucretia Maria Davidson Lydia Sigourney Maria Lowell Frances Ellen Watkins Harper Emily Dickinson Helen Hunt Jackson and Annie Fields Impeccably researched and gracefully written From School to Salon moves the study of nineteenth century women's poetry to a new and momentous level

Haunting Realities Monika Elbert, Wendy Ryden, 2017-06-20 An innovative collection of essays examining the sometimes paradoxical alignment of Realism and Naturalism with the Gothic in American literature to highlight their shared qualities Following the golden age of British Gothic in the late eighteenth century the American Gothic s pinnacle is often recognized as having taken place during the decades of American Romanticism However Haunting Realities explores the period of American Realism the end of the nineteenth century to discover evidence of fertile ground for another age of Gothic proliferation At first glance Naturalist Gothic seems to be a contradiction in terms While the Gothic is known for its sensational effects with its emphasis on horror and the supernatural the doctrines of late nineteenth century Naturalism attempted to move away from the aesthetics of sentimentality and stressed sobering mechanistic views of reality steeped in scientific thought and the determinism of market values and biology Nonetheless what binds Gothicism and Naturalism together is a vision of shared pessimism and the perception of a fearful lingering presence that ominously haunts an impending modernity Indeed it seems that in many Naturalist works reality is so horrific that it can only be depicted through Gothic tropes that prefigure the alienation and despair of modernism In recent years research on the Gothic has flourished yet there has been no extensive study of the links between the Gothic and Naturalism particularly those which stem from the early American Realist tradition Haunting Realities is a timely volume that addresses this gap and is an important addition to scholarly work on both the Gothic and Naturalism in the American literary tradition
