Joie de vivre in French Literature and Culture ,2009-01-01 The apparent self sufficiency of joie de vivre means that despite the widespread use of the phrase since the late nineteenth century the concept has rarely been explored critically Joie de vivre does not readily surrender itself to examination for it is in a sense too busy being what it is However as the essays in this collection reveal joie de vivre can be as complex and variable a state as the more negative emotions or experiences that art and literature habitually evoke This volume provides an urgently needed study of an intriguing and under explored area of French literature and culture from the Middle Ages to the contemporary era While the range and content of contributions embraces linguistics literature art sport and politics the starting point is like that of the term joie de vivre itself in French language and culture This volume will be of special interest to researchers across the full range of French studies from literature and language to cultural studies It will be of direct appeal to specialist readers university libraries graduate and undergraduate students and general readers with a lively interest in French literature and culture of the medieval early modern and broad modern periods This book's fresh perspectives on the theme of joie de vivre and its relation to questions of privacy contemplation voyeurism feasting and nationhood will also be of relevance to researchers in comparative and cognate disciplines

Les Fauves Russell T. Clement,1994-05-25 This is the first comprehensive scholarly bibliography research guide sourcebook on the major French Fauve painters Henri Matisse and Georges Braque are treated in separate Greenwood bio bibliographies It includes information on 3 120 books and articles as well as chronologies biographical sketches and exhibition lists Each artist receives a primary and secondary bibliography with many annotated entries Secondary bibliographies include details about each artist's life and career relationships with other artists work in various media iconography and more Designed for art

historians art students museum and gallery curators and art lovers alike this volume organizes the vast literature surrounding this fascinating revolutionary 20th century art group Genuinely new art is always challenging sometimes even shocking to those unprepared for it In 1905 the paintings of Matisse Derain Vlaminck and their friends shocked conservative museum goers hence the eventual popularity of art critic Louis Vauxcelles's tag les fauves or wild beasts by which these artists became known Although it lasted only three or four years Fauvism is recognized as the first artistic revolution of international consequence in the 20th century It was based on the glorification of pure saturated colors and the free expression of primitivism It was a dynamic sensualism an equilibrium of passion and order fire and austerity that could not last By the end of 1908 Fauvism collapsed in the face of Cubism which moreover several Fauve artists helped to form
