Mangos And Manna:

Trees of Life Max Adams, 2021-03-02 An informative richly illustrated book about eighty of the world's most important and remarkable trees. Our planet is home to some three trillion trees, roughly four hundred for every person on Earth. In *Trees of Life*, Max Adams selects from sixty thousand extant species eighty remarkable trees through which to celebrate the richness of humanity's relationship with trees, woods, and forests. In a sequence of informative and beautifully illustrated portraits divided between six thematic sections, Adams investigates the trees that human cultures have found most useful across the world and ages: trees that yield timber and other materials of immense practical value; trees that bear edible fruits and nuts; trees that deliver special culinary ingredients and traditions; and trees that give us dyes, essences, and medicines. In a section titled *Supertrees*, Adams considers trees that have played a pivotal role in maintaining natural and social communities, while a final section, *Trees for the Planet*, looks at a group of trees so valuable to humanity that they must be protected at all costs from loss. From the apple to the oak, the logwood to the breadfruit and the paper mulberry to the Dahurian larch, these are trees that offer not merely shelter, timber, and fuel but also drugs, foods, and fibers. *Trees of Life* presents a plethora of fascinating stories about them.

Nectar and Ambrosia Tamra Andrews, 2000-10-26 A publishing first. *Nectar and Ambrosia* presents an encyclopedic treatment of the magic properties and uses of food by mortals and immortals alike from the pages of myth and legend. Now for the first time, the magic properties and uses of food by both mortals and immortals as represented in the world's myths and legends are brought together and explained in *Nectar and Ambrosia*. This A-Z volume is filled with an abundance of exotic lore and legend.

My Light Reflections Monita Soni, 2012-04-20 To read Dr. Monita Soni's *My Light Reflections* is to try and take the measure of light in its myriad illuminations, the shifting rays that color a landscape stretching from Huntsville, Alabama to Mumbai, Jaipur, the Aravalli hills to a garden, a wilderness, a reflection pond, a kitchen, an artist's studio, and a pathology lab. Her book is a lesson, a lexicon, a legend story, a journey, a travelogue, a gift of laughter and exquisite joy. Dr. Soni's reflections are illuminations; they are moonlight and sunlight, science and art, and a trajectory of life to borrow the title of her initial poem. To read her poetry is to truly step out in pure awe. Dr. Soni's kaleidoscope nourishes the creative spirit as the myriad reflections that bring to view family relationships, the love for a father who quotes the Bhagavad Gita, Arabic poetry, Charles Dickens, and Mark Twain for a son who lives in Jaipur, a daughter who is described as a moon maiden. The book is savory parathas, griddle, flaky flat bread, and mangos. It is stories of sisters, the very keepers of each other's identity, it is bed, tea, and butterscotch laughter. *My Light Reflections* traces the soul's journey to that place within where the thousand-petal lotus blooms. Dr. Soni reminds us, as loving earthly beings, that our body is precious; it is our vehicle for awakening. A painter, poet, physician, and philosopher, her words are prescriptions for how to live both fully and well.
